TITLE 7—AGRICULTURE

Chapter IX—Production and Marketing Administration (Marketing Agreements and Orders), Department of Agriculture

PART 924—MILK IN DETROIT, MICH., MARKETING AREA

ORDER AMENDING ORDER

§ 924.0 Findings and determinations. The findings and determinations herein after set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) Findings upon the basis of the hearing record. Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held at Detroit, Michigan, on January 18, 1952, upon a proposed amendment to the tentative marketing agreement and to the order regulating the handling of milk in the Detroit, Michigan, marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

(1) The said order as hereby amended, and all of the terms and conditions of said order as hereby amended, will tend to effectuate the declared policy of the act;

(2) The parity prices of milk produced for sale in the said marketing area as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply of and demand for such milk, and the minimum prices specified in the order, as hereby amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk and be in the public interest; and

(3) The said order, as hereby amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

(b) Additional findings. It is hereby found and determined that good cause exists for making effective not later than March 1, 1952, this order amending the said order. This action is necessary in the public interest in order to reflect current marketing conditions and to insure the production of an adequate supply of milk. Accordingly, any further delay in the effective date of this order, as hereby amended, will seriously impair orderly marketing of milk in the Detroit, Michigan marketing area. The provisions of the said amendatory order are well known to handlers—the public hearing having been held January 18, 1952, and the decision having been executed by the Secretary on February 11, 1952. Reasonable time under the circumstances has been afforded persons affected to prepare for its effective date. Therefore, it would be impracticable, unnecessary, and contrary to the public interest to delay the effective date of this amendatory order 30 days after its publication in the FEDERAL REGISTER (see section 4 (c) Administrative Procedure Act, Pub. Law 404, 79th Cong. 60 Stat. 237).

(c) Determinations. It is hereby determined that handlers (excluding cooperative associations of producers who are not engaged in processing, distributing or shipping milk covered by this order, amending the order, which is marketed within the Detroit, Michigan marketing area) of more than 50 percent of the milk which is marketed within the said marketing area, refused or failed to sign the proposed marketing agreement regulating the handling of milk in the said marketing area, and it is hereby further determined that:

(1) The refusal or failure of such handlers to sign said proposed marketing agreement tends to prevent the effectuation of the declared policy of the act;

(2) The issuance of this order amending the order is the only practical means, pursuant to the declared policy of the act, of advancing the interests of pro-

ducers of milk which is produced for sale in the said marketing area; and
(3) The issuance of this order amending the order is approved or favored by at least two-thirds of the producers who, during the determined representative period (December 1951), were engaged in the production of milk for sale in the said marketing area.

Order relative to handling. It is therefore ordered, that on and after the effective date hereof, the handling of milk in the Detroit, Michigan, marketing area, shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as hereby amended, and the aforesaid order is hereby amended as follows:

1. Delete § 924.52 (a) and substitute therefor the following:

(a) The price per hundredweight computed as follows:

(1) Multiply the average price per pound of butter as described in paragraph (b) (1) of § 924.50 by 1.2 and then by 3.5.

(2) Multiply by 8.2 the simple average of the weighted averages of carlot prices per pound for nonfat dry milk solids, spray and roller process, respectively, for human consumption, f. o. b. manufacturing plants in the Chicago area, as published for the period from the 26th day of the immediately preceding month through the 25th day of the current month by the United States Department of Agriculture.

(3) From the sum of the amounts determined under subparagraphs (1) and (2) of this paragraph deduct 62.6 cents.

(Sec. 5, 49 Stat. 753, as amended; 7 U. S. C. and Sup. 608c)

Issued at Washington, D. C., this 18th day of February 1952, to be effective on and after the 1st day of March 1952.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

TITLE 21—FOOD AND DRUGS

Chapter I—Food and Drug Administration, Federal Security Agency

PART 1—REGULATIONS FOR THE ENFORCEMENT OF THE FEDERAL FOOD, DRUG, AND COSMETIC ACT

PART 3—STATEMENTS OF GENERAL POLICY OR INTERPRETATION

LABELING EXEMPTIONS FOR FOODS REPACKAGED IN RETAIL FOOD ESTABLISHMENTS

Notice of proposed rule making to establish labeling exemptions for foods repackaged in retail food establishments

and a proposed statement of policy with respect to such labeling requirements were published in the FEDERAL REGISTER on November 9, 1951 (16 F. R. 11458). Written comments were submitted pursuant to such notice and have received consideration. The following order is promulgated by virtue of the authority vested in the Federal Security Administrator by the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 306, 403 (e), (i) and (k), 701 (a); 52 Stat. 1045, 1047, 1048, 1055; 21 U. S. C. 336, 343 (e), (i) and (k), 371 (a)):

1. Part 1, Regulations for the Enforcement of the Federal Food, Drug, and Cosmetic Act, is amended in the following respects:

a. Section 1.8 *Food; labeling; required statements; when exempt* is amended by adding the following new paragraph:

(n) A food shall be exempt while held for sale from the requirements of clause (2) of section 403 (e) of the act (requiring a statement on the label of the quantity of contents) if said food, having been received in bulk containers at a retail establishment, is accurately weighed, measured, or counted either within the view of the purchaser or in compliance with the purchaser's order.

(Sec. 701 (a), 52 Stat. 1055; 21 U. S. C. 371 (a). Interprets or applies sec. 403 (e), 52 Stat. 1047; 21 U. S. C. 343 (e))

b. Section 1.10 *Food; labeling; designation of ingredients* is amended by adding the following new paragraph:

(f) A food shall be exempt while held for sale from the requirements of clause (2) of section 403 (i) of the act (requiring a declaration on the label of the common or usual name of each ingredient when the food is fabricated from two or more ingredients) if said food, having been received in bulk containers at a retail establishment, is displayed to the purchaser with either (1) the labeling of the bulk container plainly in view or (2) a counter card, sign, or other appropriate device bearing prominently and conspicuously the information required to be stated on the label pursuant to clause (2) of section 403 (i).

(Sec. 701 (a), 52 Stat. 1055; 21 U. S. C. 371 (a). Interprets or applies sec. 403 (i), 52 Stat. 1048; 21 U. S. C. 343 (i))

c. Section 1.12 *Food; labeling; artificial flavoring or coloring; chemical preservatives*, is amended by adding the following new paragraph:

(e) A food shall be exempt while held for sale from the requirements of section 403 (k) of the act (requiring label statement of any artificial flavoring, artificial coloring, or chemical preservatives) if said food, having been received in bulk containers at a retail establishment, is displayed to the purchaser with either (1) the labeling of the bulk container plainly in view or (2) a counter card, sign, or other appropriate device bearing prominently and conspicuously the information required to be stated on the label pursuant to section 403 (k).

(Sec. 701 (a), 52 Stat. 1055; 21 U. S. C. 371 (a). Interprets or applies sec. 403 (k), 52 Stat. 1048; 21 U. S. C. 343 (k))

2. Part 3, Statements of General Policy or Interpretation, is amended by adding the following new section:

§ 3.26 *Labeling exemptions for foods repackaged in retail food establishments.* The Federal Security Administrator will refrain from recommending criminal, injunction, or seizure proceedings on charges that a food repackaged in a retail establishment was misbranded, while held for sale, because it did not comply with the following provisions of the Federal Food, Drug, and Cosmetic Act, if the conditions herein specified are met:

(a) Section 403 (e) (1) (requiring a statement on the label of the name and place of business of the manufacturer, packer, or distributor);

(b) Section 403 (g) (2) (requiring the label of a food which purports to be or is represented as one for which a definition and standard of identity has been prescribed to bear the name of the food specified in the definition and standard and, insofar as may be required by the regulation establishing the standard, the common names of the optional ingredients present in the food), if the food was displayed to the purchaser with its interstate labeling clearly in view, or with a counter card, sign, or other appropriate device bearing prominently and conspicuously the information required by these provisions; or

(c) Section 403 (d) (1) (requiring the label to bear the common or usual name of the food), if the food was displayed to the purchaser with its interstate labeling clearly in view, or with a counter card, sign, or other appropriate device bearing prominently and conspicuously the common or usual name of the food, or if the common or usual name of the food is clearly revealed by its appearance.

(Sec. 701, 52 Stat. 1055; 21 U. S. C. 371)

This order shall become effective on the date of publication in the *FEDERAL REGISTER*.

Dated: February 18, 1952.

[SEAL] JOHN L. THURSTON,
Acting Administrator.

[F. R. Doc. 52-2108; Filed, Feb. 20, 1952;
8:58 a. m.]

TITLE 15—COMMERCE AND FOREIGN TRADE

Chapter III—Bureau of Foreign and Domestic Commerce, Department of Commerce

Subchapter C—Office of International Trade
[5th Gen. Rev. of Export Regs., Amdt. 94¹]

PART 372—PROVISIONS FOR INDIVIDUAL AND OTHER VALIDATED LICENSES

PART 373—LICENSING POLICIES AND RELATED SPECIAL PROVISIONS

PART 379—EXPORT CLEARANCE

PART 384—GENERAL ORDERS

MISCELLANEOUS AMENDMENTS

1. Section 372.2 *Application for licenses* is amended in the following particulars:

¹ This amendment was published in *Current Export Bulletin* No. 658, dated February 14, 1952.

a. Paragraph (e) *Second applications*, is renumbered paragraph (f) *Second applications*.

b. A new paragraph (e) *Applications for separate or additional licenses for making partial shipments by mail*, is added to read as follows:

(e) *Applications for separate or additional licenses for making partial shipments by mail*—(1) *Partial shipments expected when application is submitted.* Where an exporter, at the time of applying for an export license, expects to make one or more partial shipments by parcel post against one order, he may submit one application to obtain separate licenses for each anticipated partial shipment by mail against such order. In such case, the applicant shall indicate in item 9 (b) of the application the quantity of each partial shipment and note across the bottom of item 9 "Anticipated Partial Shipments by Mail Against One Order."

(2) *Partial shipment made after license is issued.* Where an exporter has not anticipated he would make partial shipments and is required to surrender an outstanding validated export license to a postmaster in order to make a partial shipment by mail of the quantity covered by the export license (see § 379.1 (f) (1)), he may obtain a duplicate(s) of such license covering the quantity of the unshipped balance, by submitting to the Office of International Trade a letter setting forth the following information:

(i) That the original license assigned Case No. _____ and License No. _____ issued to _____ (name and address of licensee) _____ has been surrendered to the postmaster at _____ (address) _____ on _____ (date of shipment) _____ when partial shipment was made.

(ii) The quantity of commodities that have been shipped under the original license.

(iii) The number of separate shipments to be made against the unshipped balance of the original license, and the quantities to be included in each such shipment.

NOTE: The procedures for making shipments by mail are set forth in § 379.1 (f) of this subchapter.

2. Section 372.11 *Issuance and use of export licenses* paragraph (d) *Partial shipments* is amended by adding thereto a Note to read as follows:

NOTE: The procedures for obtaining separate or additional licenses when making partial shipments by mail are set forth in § 372.2 (e). The procedures for making shipments by mail are set forth in § 379.1 (f) of this subchapter.

3. Section 373.2 *Special provisions for iron and steel*, paragraph (e) *CMP carbon steel, including steel plates and structural, but not including tinplate*, is amended in the following particulars:

a. Subparagraph (3) is amended to read as set forth below and a new subparagraph (4) is added to read as follows:

(3) Essential to direct defense supporting industry, including the facilities required for the production described in either of the two first-named criteria; or

(4) Urgent and essential for the maintenance of basic civilian activities and public services of friendly nations.

b. The last unnumbered subparagraph regarding return of applications without action is deleted.

4. Section 379.1 *Presentation for export*, paragraph (f) *Shipments via mail*, is amended to read as follows:

(f) *Shipments via mail*—(1) *Export clearance.* In exporting merchandise by surface or air parcel post, the sender (exporter) must (i) present a validated license to the postmaster whenever a validated license is required, or (ii) place the appropriate general license symbol on the address side of the wrapper, followed by the words "Export License Not Required". The general license symbol and the phrase will constitute certification to the postmaster and the Office of International Trade that a validated export license is not required for the shipment.

Only one shipment may be made against a validated export license if exportation is by mail. In all cases the sender must surrender his license to the postmaster at the time of shipment.

(2) *Postal regulations.* All exportations via mail should also conform to the applicable Post Office Department regulations as to size, weight, permissible contents, etc.

NOTE: If the sender is shipping a gift parcel under provisions of the general license for gift parcels, he must place the words "Gift—Export License Not Required" on the address side of the wrapper and the word "Gift" on the customs declaration tag. In this instance, the word "Gift" is the general license symbol. (See § 371.23 of this subchapter.)

Only one shipment per calendar week may be made by parcel post or mail under General License GLV by one exporter to one importer. (See § 371.10 (b) (1) of this subchapter.)

It is the responsibility of the shipper in each case to determine whether exportation of his parcel is permissible under a general license or whether a validated license is required.

The procedures for obtaining separate or additional licenses when making partial shipments by mail are set forth in § 372.2 (e) of this subchapter.

5. Section 384.5 *Order revoking certain general licenses to mainland of China (including Manchuria), Hong Kong, and Macao* is amended by adding thereto a Note to read as follows:

NOTE: Shipment of all commodities under General License GRO may be transhipped at Hong Kong without the necessity of obtaining a validated license, provided (1) such transshipments are made under a through bill of lading to a destination outside of Subgroup A, Hong Kong, or Macao, and (2) the shipment is maintained in the custody of the originating or on-forwarding carrier at all times.

(Paragraph (b) (3) of the Note following § 384.7 is modified by this Note.)

(Sec. 3, 63 Stat. 7; Pub. Law 33, 82d Cong.; 50 U. S. C. App. Sup. 2023, E. O. 9830, Sept. 27, 1945, 10 F. R. 12345, 3 CFR, 1945 Supp.; E. O. 9919, Jan. 3, 1949, 13 F. R. 59, 3 CFR, 1948 Supp.; Pub. Law 33, 82d Cong.)

This amendment shall become effective as of February 14, 1952.

LORING K. MACY,

Director,
Office of International Trade.

[P. R. Doc. 52-2109; Filed, Feb. 20, 1952; 8:51 a. m.]

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Vali- dated license required
	<i>Hides and skins, raw, except furs</i> (See Special Provisions, § 371.1, 373.6)				
020102	Cattle hides, dry	No.	LEAT	100	RO
020104	Cattle hides, wet	No.	LEAT	100	RO
020105	Goat skins, dry	No.	LEAT	100	RO
020106	Goat skins, wet	No.	LEAT	100	RO
020107	Kip skins, dry	No.	LEAT	100	RO
020108	Kip skins, wet	No.	LEAT	100	RO
020109	Sheep skins, dry	No.	LEAT	100	RO

This amendment contains the entire Positive List as published in Current Export Bulletin No. 633, dated January 10, 1952. The amendment reflects the revisions made in the Schedule B numbers contained in the January 1, 1952, edition of Schedule B, Statistical Classification of Domestic and Foreign Commodities Exported from the United States, published by the Bureau of the Census of the Department of Commerce. All provisions of the export regulations, Parts 370 to 399, inclusive, applicable to any commodity classified in accordance with the 1949 edition of Schedule B remain applicable to such commodity as now classified in accordance with the 1952 edition of Schedule B.

All applications for licenses must show the 1952 Schedule B numbers for the commodities proposed for export; and requests for extensions or amendments of outstanding licenses should also indicate the new (1952) Schedule B numbers, but requests for amendments should not be made solely for the purpose of revising Schedule B numbers. In addition, no shipper's export declaration for shipments by vessel or other methods of transportation except rail and air which fails to show the 1952 Schedule B numbers shall be accepted by Collectors of Customs on or after January 1, 1952; in the case of air and rail shipments, the Collectors shall not accept shipper's export declarations containing obsolete Schedule B numbers unless it appears to the Collectors that the shipper's export declarations were duly filed with the carriers before January 1, 1952. Both the obsolete Schedule B numbers and the 1952 Schedule B numbers for the commodities involved shall be set forth on shipper's export declarations filed on or after January 1, 1952, covering shipments made against validated export licenses issued prior to January 1, 1952, containing obsolete Schedule B numbers; the obsolete numbers must be shown in column 10, "Description of Merchandise", and the 1952 Schedule B Nos. in column 13, "Schedule B Commodity Numbers". All shipper's export declarations covering shipments against validated licenses must show the units of quantity as set forth in the 1952 edition of Schedule B Nos., in column 14, "Net Quantity in Schedule B Units"; where the unit specified on the license is different from that set forth in the 1952 edition of Schedule B Nos., it must also be shown on the shipper's export declaration in column 10, "Description of Merchandise".

200000	Wrapped and hand-built hose, neoprene and N-type only, except automotive (specify whether 5 inches and over or under 5 inches) (formerly 200000).	No.	RUBR 9	100	R O
200000	Other hose and tubing, neoprene and N-type only, except automotive and garden (specify kind) (for- mally 200000).	No.	RUBR 9	100	R O
200000	Rubber sheet packing, neoprene and N-type only (specify kind) (formerly 200000).	No.	RUBR 9	100	R O
200000	Rubber packing, except sheet, neoprene and N-type only (specify kind) (formerly 200000).	No.	RUBR 9	100	R O
200000	Compounded or semi-compounded natural and/or synthetic rubbers (dry or liquid latex) and allied gums, for further manufacture (specify type):	No.			
200000	Masterbatch.	No.			
200000	Latex rubber compounds; and liquid rubber, drum compounds.	No.			
	Naval stores, gums, and resins				
	Naval stores:				
	Gum resin, except violin resin.	Lb.	AGCH	500	R O
	Wood resin, including tall oil resin (except B wood resin) (report B wood resin in 211740).	Lb.	AGCH	500	R O
	Gum spirits of turpentine.	Gal.	AGCH	500	R O
	Wood tar.	Gal.	AGCH	500	R O
	Other terpene hydrocarbon naval stores (specify by name).	Gal.	AGCH	500	R O
	Pine oil.	Gal.	AGCH	500	R O
	Wood tar and tar oil from wood, except resin oil and resin oil (formerly 211710 and 211800).	Lb.	AGCH	500	R O
	Pitch of wood (formerly 211800).	Lb.	AGCH	500	R O
	Shellac, dry (report shellac varnish in 242110).	Lb.	AGCH	25	R
	Vegetable oils, fats, and waxes, crude				
	Vegetable oils (except essential) and fats, crude:				
	Coconut oil, crude.	Lb.	FATS	250	R O
	Castor oil, commercial (report medicinal grade in 211100).	Lb.	FATS	250	R O
	Tung oil, crude.	Lb.	FATS	250	R O
	Oilseed oil, inedible (formerly 220000).	Lb.	FATS	250	R O
	Cotton, unmanufactured				
	Linters (specify grade) (see § 371.20):				
	Grades 1 to 4 inclusive (U. S. Official Standard) (Motes included).	Lb., run- ning bale.	TEXT	100	R O
	Grades 5 to 7 inclusive (U. S. Official Standard) (Cotton- seed hull fiber included).	Lb., run- ning bale.	TEXT	100	R O
	Cotton pulp.	Lb.	TEXT	100	R O
	Other used cotton:				
	Used or reclaimed linters (formerly 310000).	Lb.	TEXT	100	R O
	Cotton manufactures				
	Cotton cloth, duck and tire fabric (including mixed fabric, cotton cloth weight):				
	Unbleached (gray) cloth:				
	Cord tire fabric (report tire cord in 301700).	Sq. yd.	TEXT	50	R O
	Heavy filter cloth, hose and belting duck.	Sq. yd.	TEXT	50	R O
	Onion duck, Army duck (having a plied yarn in both the warp and filling) (see Special Provisions, § 373.27).	Sq. yd.	TEXT	50	R O
	Numbered duck.	Sq. yd.	TEXT	50	R O
	Airplane cloth and balloon fabric (formerly 300000).	Sq. yd.	TEXT	50	R O
	Finished cloth, bleached, dyed, printed, stiffened, or otherwise converted, and colored yarn fabrics.	Sq. yd.	TEXT	50	R O
	Colored duck and awning material.	Sq. yd.	TEXT	50	R O
	Vegetable fibers and manufactures				
	Vegetable fibers, unmanufactured:				
	Manila or abaca (including tow) (see § 373.1, 373.3).	L. ton	TEXT 1	25	R O
	Sisal or henequen (including tow) (see § 373.1, 373.3).	L. ton	TEXT 1	25	R O
	Jute bags or sacks (including bags or sacks of mixed fibers, jute cloth weight):				
	New:				
	Used or reclaimed, weighing less than 2 pounds per bag or sack (formerly 320000).	Lb.	TEXT	50	R O
	Used or reclaimed, weighing less than 2 pounds per bag or sack (formerly 320000).	Lb.	TEXT	50	R O
	Jute burlap cloth, except when used as a covering for other merchandise or as a component part of other products.	Lb.	TEXT	50	R O
	Cordage, except of cotton or jute (report cotton in 301800 and jute in 321100):				
	Blender twine. (Report blender twine in 341800, and baling twine in 341900 and 342000).	Lb.	TEXT 1	1,000	R O
	Manila cordage, except of Manila twine (including Manila baler twine) (report Manila twine in 341100).	Lb.	TEXT 1	25	R O
	Hard-fiber cordage, cord, and twine (including sisal and henequen) (report binder twine in 341100).	Lb.	TEXT 1	25	R O
	Hard-fiber yarns (including sisal, henequen, and Manila yarns).	Lb.	TEXT	100	R O

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Val.-dated license required
Coal and related fuels					
(See Special Provisions, §§ 371.27, 373.1, 373.39)					
500100	Coal, anthracite (specify by size)	S. ton	COAL 1	100	RO
500200	Coal, bituminous, sub-bituminous, and lignite (specify by type and size)	S. ton	COAL 1	100	RO
500300	Coal, except petroleum coke (report petroleum coke, including petroleum coke floor, in 504800)	S. ton	COAL 1	100	RO
Petroleum and products					
(See Special Provisions, §§ 373.1, 373.8)					
501100	Petroleum, crude (bbl. of 42 gal.)	Bbl.	PETR 1	1,000	RO
501200	Natural gasoline (bbl. of 42 gal.)	Bbl.	PETR 1	1,25	RO
501300	Unfinished oils for further refining	Bbl.	PETR 1	1,000	RO
501400	Topped crude (bbl. of 42 gal.)	Bbl.	PETR 1	1,000	RO
501500	Other unfinished oils for further refining (bbl. of 42 gal.)	Bbl.	PETR 1	1,000	RO
501600	Refined oils:				
	Motor fuel and gasoline (report octane rating):				
	Blending agents or antiknock compounds of petroleum origin (specify by name) (report antiknock compounds, except of petroleum origin, in 502900):	Gal.	PETR 1	100	RO
	Aviation motor fuels (report jet fuels in 502900):				
	100 or over octane number (bbl. of 42 gal.)	Bbl.	PETR 1	1,25	RO
	Under 100, not under 90 octane number (bbl. of 42 gal.)	Bbl.	PETR 1	1,25	RO
	Under 90 octane number (bbl. of 42 gal.)	Bbl.	PETR 1	1,25	RO
	Automotive and other motor fuels and gasoline (bbl. of 42 gal.)	Bbl.	PETR 1	100	RO
501700	Cyclohexane, and isooctanes (formerly 501400) (bbl. of 42 gal.)	Bbl.	PETR 1	100	RO
501800	Normal heptane, normal hexane; Dio-base, and Sovosol (formerly 500900) (bbl. of 42 gal.)	Bbl.	PETR 1	25	RO
501900	Naphtha, mineral spirits, solvents and other finished light products, n. e. c. (bbl. of 42 gal.)	Bbl.	PETR 1	1,25	RO
502000	Kerosene, except distillate fuel oil (bbl. of 42 gal.)	Bbl.	PETR 1	1,25	RO
502100	Report jet fuel in 502900:				
	Gas oil and distillate fuel oil (bbl. of 42 gal.)	Bbl.	PETR 1	1,25	RO
	Residual fuel oil (bbl. of 42 gal.)	Bbl.	PETR 1	1,000	RO
502200	Lubricating oil, except hydraulic (report hydraulic oils of petroleum origin in 502800; hydraulic oils, except of petroleum origin in 502900):				
	Industrial, except cutting oils (report cutting oils in 504000):				
	Feed and pale oils (including all red or pale lubricating oils, except those oils intended for use in internal combustion engines) (see 502500 and 502600) (bbl. of 42 gal.)	Bbl.	PETR 23	25	RO
502300	Black oils (including all black and dark green oils, except those intended for use in steam cylinders) (bbl. of 42 gal.)	Bbl.	PETR 24	25	RO
502400	Cylinder, bright stock (including bright stock and industrial lubricating oils which are predominantly bright stock and have a Saybolt Universal Viscosity at 210° F. of 95 seconds or more) (bbl. of 42 gal.)	Bbl.	PETR 24	25	RO
502500	Cylinder, steam-refined stocks (including cylinder stock, steam cylinder oil, gear, and other lubricating oils consisting principally of such stock) (bbl. of 42 gal.)	Bbl.	PETR 24	25	RO
502600	Insulating or transformer oils	Gal.	PETR 24	25	RO
502700	Industrial engine lubricating oils (report diesel fuel oil in 503000) (bbl. of 42 gal.) (formerly 502800):	Bbl.	PETR 23	25	RO
502800	Turbine lubricating oil (bbl. of 42 gal.) (formerly 502900):	Bbl.	PETR 23	25	RO
502900	Other industrial engine lubricating oil (bbl. of 42 gal.) (specify by name) (formerly 503000):	Bbl.	PETR 23	25	RO
503000	Industrial lubricating oils, n. e. c. (bbl. of 42 gal.) (specify by name) (formerly 503100):	Bbl.	PETR 23	25	RO
503100	Aviation engine lubricating oils (bbl. of 42 gal.) (formerly 504000 and 504005):	Bbl.	PETR 24	25	RO
Petroleum and products—Continued					
Refined oils—Continued					
	Lubricating oils, except hydraulic—Continued				
	Automotive engine lubricating oils (bbl. of 42 gal.) (formerly 504000):	Bbl.	PETR 24	25	RO
	Automotive gear oils (bbl. of 42 gal.) (specify by kind and grade) (formerly 504000):	Bbl.	PETR 24	25	RO
	Lubricating oils, n. e. c., except in containers of 4 oz. or less (specify by name):	Gal.	PETR 23	25	RO
	Cutting oils and compounds, petroleum base (report cutting oils and compounds, except petroleum base in 505000) (specify by name) (formerly 504000):	Gal.	PETR 23	25	RO
	Lubricating greases, except graphite lubricants (Report graphite lubricants in 504900):	Lb.	PETR	25	RO
	Petroleum and petroleum jelly (all grades):	Lb.	PETR	25	RO
	Microcrystalline wax:	Lb.	PETR	25	RO
	Emulsion wax, chief value paraffin wax; Indolite; and soap wax (formerly 504000):	Lb.	PETR	25	RO
	Benowax; and Petrowax (formerly 504000); Cabas Wax; Diac-O-Wax; and Veldurum wax (formerly 504000):	L. ton	PETR	100	RO
	Petroleum asphalt, unmanufactured:	L. ton	COAL 1	100	RO
	Petroleum asphalt, manufactured:	L. ton	COAL 1	100	RO
	Petroleum coke, including petroleum coke floor (report petroleum products, n. e. c. (formerly 504000) in 505000 and 505005; finished petroleum products in 505010-505015, and jet fuels in 505020):	L. ton	PETR	25	RO
Glass and products					
	Bullet-proof glass:	Lb.	BLDG	None	R
	Optical instrument glass and glass blanks, except synthetic crystals:	Lg.	SATE 32	100	R
	Optical glass and glass blanks:	Lg.	SATE	250	R
	Glass tubing for acid-resisting tanks, tanks, vats, kettles, piping, and fixtures:	Lg.	CDGS	25	RO
Clay and products					
	Pottery (china, porcelain, earthenware, and stoneware included):	Lb.	ELME 1	500	R
	Electrical porcelain, dry process, for 6000 volts and over (formerly 523800):	Lb.	ELME 1	500	R
	Electrical porcelain, wet process, for 6000 volts and over (formerly 523800):	Lb.	ELME 1	500	R
	Refractories, except graphite (report graphite refractories in 505000):	M	BLDG 31	25	R
	Chrome and chrome-magnesite brick and shapes:	M	BLDG 31	25	R
	Magnesite and magnesite-chrome brick and shapes:	M	BLDG 31	25	R
	High alumina brick and shapes, 90% Al ₂ O ₃ and over, (report fused alumina in 505010):	M	BLDG 31	100	R
	Firebrick and shapes, except plastic, n. e. c. (specify by name):	Lb.	BLDG 31	100	R
	High-temperature refractory cements or bonding mortars, except of chrome, magnesite, sillimanite, or of fireclay composition of less than 90% Al ₂ O ₃ :	Lb.	BLDG 31	100	R
	Plastic refractories (including firebrick shapes, and ramming materials), except of chrome, magnesite, sillimanite, or of fireclay composition of less than 90% Al ₂ O ₃ :	Lb.	BLDG 31	100	R
	Refractories, n. e. c. (specify by name) except of chrome, magnesite, sillimanite, or of fireclay composition of less than 90% Al ₂ O ₃ :	Lb.	BLDG 31	100	R
Other nonmetallic minerals (previous included)					
(See Special Provisions, § 373.1)					
	Abrazives:	Lb.	TOOL 1	None	RO
	Diamond grinding wheels, sticks, hones, and laps (see § 373.1, 373.9):	Carat	CDGS 2	None	RO
	Diamond powder (see § 373.1, 373.9):	Lb.	MINL	100	R
	Corundum:	Lb.	MINL	100	R
	Fused aluminum oxide, crude and in grains:	Lb.	MINL	100	RO
	Fused silicon carbide, crude and in grains:	Lb.	MINL	100	RO
	Manufactured abrasives, n. e. c.	Lb.	TOOL	250	R
	Abrazive products:	Lb.	STEEL	100	RO
	Manufactured grinding wheels, of silicon carbide or aluminum oxide composition, including corundum, iron and steel shot, chilled:	Lb.			

1. This GLV dollar-value limit is applicable to all Country Group R destinations, except those in Subgroup A, Hong Kong, and Mexico. The GLV dollar-value limit for shipments to Mexico is \$1,000.

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Vald. dated license required
545119	Other nonmetallic minerals (precious included)—Con.				
545120	Unmanufactured:				
545130	Crude asbestos and spinning fibers (specify by grade) (see § 373.16)	Lb.	MINL	100	EO
545140	Non-spinning fibers	Lb.	MINL	100	EO
545150	Wool and waste	Lb.	MINL	100	EO
545160	Textiles and yarn	Lb.	BLDG	100	R
545170	Brake lining, molded and semimolded	Lb.	TRAN	500	R
545180	Brake lining, woven	Lb.	TRAN	500	R
545190	Catch facer, molded, semimolded and woven including clutch lining	No.	TRAN	500	R
545200	Graphite, natural				
547210	Amorphous (specify carbon content and country of origin)	Lb.	MINL	100	EO
547220	Crystalline flake, lump, or chip	Lb.	MINL	100	EO
547230	Other natural graphite	Lb.	MINL	100	EO
547240	Carbon or graphite products (natural and artificial):				
547250	Electrodes for furnace or electrolytic work (specify size)	Lb.	ELME 2	None	EO
547260	Carbon brushes for motors, and for starting, lighting, and ignition equipment	Lb.	ELME 2	None	EO
547270	Other brushes and brush stock in the form of blocks, plates, and rods, carbon and artificial graphite	No.	ELME 2	None	EO
547280	Refractory crucibles, retorts, and supports	No.	ELME 2	None	EO
547290	Graphite crucibles and lubricants, including, but not limited to, alumina, aqueous, greasy, and oiling	No.	ELME 2	None	EO
547300	Carbon or artificial graphite electrodes other than for furnace or electrolytic work (specify size)	Lb.	ELME 2	None	EO
547310	Electrodes for furnace or electrolytic work (specify size)	Lb.	ELME 2	None	EO
547320	Carbon and graphite products (including artificial, n. e. c. (specify by name))	Lb.	ELME 2	None	EO
547330	Unmanufactured (muscovite and phlogopite):				
547340	Black flint and mica which conform to ASTM or Indian-Columbia standards	Lb.	MINL	100	EO
547350	Manufactures, n. e. c. except peep hole covers, stove windows, and elements for heating appliances (specified by process and item) (report ground or pulverized in 547350)	Lb.	MINL	100	R
547360	Sulfur, crude (containing 85 percent or more sulfur) (formerly 571400) (report sulfur ore or crude sulfur of less than 85 percent sulfur content in 547360) (see § 373.16)	Lb.	SALT 36	25	EO
547370	Sulfur, crushed, ground, refined, sublimed and flowers (see § 373.16)	Lb.	SALT 36	25	EO
547380	Magnesium silicate (talc, steatite and soapstone), crude and ground	Lb.	MINL	100	EO
547390	Magnesium silicate (talc, steatite and soapstone) manufactures, except soapstone slabs	Lb.	MINL	100	EO
547400	Quartz crystal, raw	Lb.	RARA	10	EO
547410	Quartz crystal plates	Lb.	RARA	10	EO
547420	Cryolite, natural and artificial	Lb.	MINL	100	R
547430	Kyanite and allied minerals, crude, ground, or calcined	Lb.	MINL	100	EO
547440	Iron pyrites	Lb.	MINL	None	R
547450	Cuprous pyrites	Lb.	MINL	None	R
547460	Sulfur ore or crude sulfur (of less than 85 percent sulfur content) (formerly 571400)	Lb.	SALT 36	100	EO
547470	Diamonds suitable only for industrial use n. e. c. (see § 373.1, 373.9)	Carat	CDGS 1	None	EO
547480	Diamonds, rough or uncut, suitable for cutting into gem stones (see § 373.1, 373.9)	Carat	CDGS 1	None	EO
547490	Diamond bearings (see § 373.1, 373.9)		CDGS 1	None	EO
547500	Jewel bearings, except diamond		CDGS 1	None	EO
600700	Pig iron	S. ton	STEEL	1,000	EO
(See Special Provisions, §§ 373.2, 373.10)					

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Vald. dated license required
601010	Iron and steel scrap (See § 373.1)				
601020	Scrap, except tin plated and tinned rolled scrap:				
601030	Melting steel scrap (No. 1 heavy and No. 2) (formerly 601030 and 601030)	S. ton	STEEL 19	100	EO
601040	Baled sheet melting scrap	S. ton	STEEL 19	100	EO
601050	Boilings, shavings, and turnings (steel melting scrap) (formerly 601050)	S. ton	STEEL 19	100	EO
601060	Iron scrap (specify type)	S. ton	STEEL 19	100	EO
601070	Other scrap (specify type)	S. ton	STEEL 19	100	EO
601080	Tin plated scrap (not delaminated) (report delaminated or rusted scrap in 601040 and 601050) (formerly 601080)	S. ton	TNPL	1,000	EO
601090	Revolving material (formerly 601090) (report relaying rails in 601090)	S. ton	STEEL	1,000	EO
601100	Iron bars, rods and pipe (See §§ 373.2, 373.14, 373.20)				
601110	Iron bars (formerly 601110)	Lb.	STEEL	1,000	EO
601120	Skelp, wrought iron (formerly 601120)	Lb.	STEEL	1,000	EO
601130	Iron pipe:				
601140	Wrought iron pipe, welded, black (formerly 601140)	Lb.	STEEL 18	100	EO
601150	Wrought iron pipe, welded, galvanized (formerly 601150)	Lb.	STEEL 18	100	EO
601160	Cast iron pressure pipe (formerly 601160)	Lb.	STEEL 20	1,000	R
601170	Steel mill products—unmanufactured (See Special Provisions, §§ 373.2, 373.14, 373.20)				
601180	Steel ingots, blooms, billets, slabs, sheet bars, and tin-plate bars:				
601190	Ingots (formerly 601190)	S. ton	STEEL 2	1,000	EO
601200	Billets, ingot and shell (formerly 601200)	S. ton	STEEL 2	1,000	EO
601210	Billets (except projects and shell steel), blooms, slabs, sheet bars, and tin-plate bars (formerly 601210 and 601210)	S. ton	STEEL 2	1,000	EO
601220	Alloy steel including stainless:				
601230	Ingots, alloy steel, except stainless (formerly 601230)	S. ton	STEEL	100	EO
601240	Billets, alloy steel, except stainless (formerly 601240)	S. ton	STEEL	100	EO
601250	Billets, ingot and shell alloy steel (formerly 601250)	S. ton	STEEL	100	EO
601260	Billets, projects and shell alloy steel (formerly 601260)	S. ton	STEEL	100	EO
601270	Slabs, sheet bars, and tin-plate bars alloy steel, (except stainless) (formerly 601270 and 601270)	S. ton	STEEL	100	EO
601280	Billets, blooms, slabs, and sheet bars, stainless steel (formerly 601280 and 601280)	S. ton	STEEL	100	EO
601290	Tube rounds, carbon steel (formerly 601290)	S. ton	STEEL 2	1,000	EO
601300	Other semi-finished material for seamless pipe tubing, carbon steel (formerly 601300)	S. ton	STEEL 2	1,000	EO
601310	Semi-finished material for seamless pipe and tubing, alloy steel, except stainless (formerly 601310 and 601310)	S. ton	STEEL	100	EO
601320	Semi-finished material for seamless pipe and tubing, stainless steel (formerly 601320 and 601320)	S. ton	STEEL	100	EO
601330	Wire rods, carbon steel (formerly 601330)	Lb.	STEEL	100	EO
601340	Wire rods, alloy steel, except stainless (formerly 601340)	Lb.	STEEL	100	EO
601350	Wire rods, stainless steel (formerly 601350)	Lb.	STEEL	100	EO
601360	Skelp, carbon steel (formerly 601360) (report skelp, wrought iron in 601360)	Lb.	STEEL	1,000	EO
601370	Skelp, alloy steel, except stainless (formerly 601370)	Lb.	STEEL	1,000	EO
601380	Skelp, stainless steel (formerly 601380)	Lb.	STEEL	1,000	EO
601390	Steel mill products, rolled and finished (See Special Provisions, §§ 373.2, 373.14, 373.20)				
601400	Steel bars, including bar size shapes:				
601410	Bars, cold finished (all cold drawn or cold rolled flats, rounds, or special sections in coils or cut lengths):				
601420	Die steel bars, carbon steel	Lb.	STEEL 10	100	EO
601430	Other carbon steel bars	Lb.	STEEL 10	100	EO
601440	Stainless	Lb.	STEEL 10	100	EO
601450	Alloy, except stainless	Lb.	STEEL 10	100	EO

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Val. dated license required
602210	Steel mill products, rolled and finished—Continued	Lb.	STEEL	1,000	RO
602210	Bars, concrete reinforcement (all concrete reinforcing bars, weather plain, deformed, round, or square and rolled from new billet steel, rail steel, or axle steel, in coils or cut lengths) (formerly 602200, 602210 and 602290).	Lb.	STEEL	1,000	RO
602210	Bars, hot-rolled, except tool and hollow drill steel bars (all regular bars and special sections and bar shapes under 3 inches) (report tool steel bars in 602550 and hollow drill steel bars in 602600).	Lb.	STEEL	1,000	RO
602210	Carbon steel, projectile and shell steel (formerly 602300).	Lb.	STEEL	1,000	RO
602210	Bars, projectile and shell steel (formerly 602300).	Lb.	STEEL	1,000	RO
602210	Other carbon steel bars (formerly 602300).	Lb.	STEEL	1,000	RO
602210	Stainless steel.	Lb.	STEEL	1,000	RO
602210	Alloy steel, except stainless.	Lb.	STEEL	1,000	RO
602210	Bars, except projectile and shell steel (formerly 602300).	Lb.	STEEL	1,000	RO
602210	Carbon steel (formerly 602300).	Lb.	STEEL	1,000	RO
602210	Alloy steel (formerly 602300).	Lb.	STEEL	1,000	RO
602210	Hollow drill steel bars.	Lb.	STEEL	1,000	RO
602210	Carbon steel (formerly 602300).	Lb.	STEEL	1,000	RO
602210	Alloy steel (formerly 602300).	Lb.	STEEL	1,000	RO
602210	Steel plates (hot or cold-rolled), not fabricated.	Lb.	STEEL	1,000	RO
602210	Carbon steel (formerly 602300).	Lb.	STEEL	1,000	RO
602210	Stainless steel (include stainless-plate) (formerly 602400 and 602500).	Lb.	STEEL	1,000	RO
602210	Alloy steel, except stainless (formerly 602400 and 602500).	Lb.	STEEL	1,000	RO
602210	Steel sheets, black, ungalvanized (including painted):	Lb.	STEEL	1,000	RO
602210	Hot-rolled (formerly 602300 and 602500).	Lb.	STEEL	1,000	RO
602210	Cold-rolled (formerly 602300 and 602500).	Lb.	STEEL	1,000	RO
602210	Stainless steel:	Lb.	STEEL	1,000	RO
602210	Hot-rolled.	Lb.	STEEL	1,000	RO
602210	Cold-rolled.	Lb.	STEEL	1,000	RO
602210	Alloy steel, except stainless:	Lb.	STEEL	1,000	RO
602210	Hot-rolled.	Lb.	STEEL	1,000	RO
602210	Cold-rolled.	Lb.	STEEL	1,000	RO
602210	Steel sheets, galvanized (all steel grades):	Lb.	STEEL	1,000	RO
602210	Corrugated and formed galvanized sheets (formerly 602300, 602500, 602550 and 602590).	Lb.	STEEL	1,000	RO
602210	Flat galvanized sheets (formerly 602550 and 602590).	Lb.	STEEL	1,000	RO
602210	Steel sheets, coated, except galvanized (all steel grades) (formerly 602300, 602500 and 602590).	Lb.	STEEL	1,000	RO
602210	Electrical (steel) sheets, and strip, except transformer grades.	Lb.	STEEL	1,000	RO
602210	Electrical (steel) sheets, and strip, transformer grades.	Lb.	STEEL	1,000	RO
602210	Steel sheets for manufacturing (all steel grades) (formerly 602300 and 602500).	Lb.	STEEL	1,000	RO
602210	Steel strip, coated or uncoated, except electrical (report electrical strip in 602590):	Lb.	STEEL	1,000	RO
602210	Cold-rolled carbon steel, except gliding metal clad.	Lb.	STEEL	1,000	RO
602210	Cold-rolled stainless steel, except gliding metal clad.	Lb.	STEEL	1,000	RO
602210	Cold-rolled alloy steel, except stainless.	Lb.	STEEL	1,000	RO
602210	Hot-rolled carbon steel, except gliding metal clad.	Lb.	STEEL	1,000	RO
602210	Hot-rolled stainless steel, except gliding metal clad.	Lb.	STEEL	1,000	RO
602210	Hot-rolled alloy steel, except stainless.	Lb.	STEEL	1,000	RO
602210	Tin mill black plate (formerly 602500 and 602530).	Lb.	STEEL	1,000	RO
602210	Tin mill products:	Lb.	STEEL	1,000	RO
602210	Secondary tinplate (formerly 604000, 604110, and 604130).	Lb.	STEEL	1,000	RO
602210	Circles, cobbles, strip, and scroll shear butts (formerly 601300).	Lb.	STEEL	1,000	RO
602210	Hot dipped.	Lb.	STEEL	1,000	RO
602210	Electrolytic coated.	Lb.	STEEL	1,000	RO
602210	Tinplate, decorated, embossed, lithographed, lacquer-coated, or otherwise advanced, including lithographic	Lb.	STEEL	1,000	RO
602210	Short turnplate (formerly 604200 and 602098) (report long turnplate sheets in 602590).	Lb.	STEEL	1,000	RO
602210	Steel mill products, rolled and finished—Continued	Lb.	STEEL	1,000	RO
602210	Temperplate, decorated, embossed, lithographed, lacquer-coated, or otherwise advanced, including lithographic	Lb.	STEEL	1,000	RO
602210	Structural shapes, not fabricated:	Lb.	STEEL	1,000	RO
602210	Carbon steel (formerly 604300 and 604600).	Lb.	STEEL	1,000	RO
602210	Stainless steel (formerly 604300).	Lb.	STEEL	1,000	RO
602210	Alloy steel, except stainless (formerly 604300).	Lb.	STEEL	1,000	RO
602210	Sheet piling (all steel grades).	Lb.	STEEL	1,000	RO
602210	Rails, trackwork and track accessories:	Lb.	STEEL	1,000	RO
602210	Standard iron rails, 60 pounds per yard (report relaying rails in 602300):	Lb.	STEEL	1,000	RO
602210	Carbon steel (formerly 603100).	Lb.	STEEL	1,000	RO
602210	Alloy steel (formerly 603100).	Lb.	STEEL	1,000	RO
602210	Rails, except standard iron rails (report relaying rails in 602300):	Lb.	STEEL	1,000	RO
602210	Carbon steel (formerly 603100 and 602300).	Lb.	STEEL	1,000	RO
602210	Alloy steel, including stainless (formerly 603100 and 602300).	Lb.	STEEL	1,000	RO
602210	Relaying rails (report relaying rails in 601170; rail scrap in 601900):	Lb.	STEEL	1,000	RO
602210	Rail joints and splice bars:	Lb.	STEEL	1,000	RO
602210	Carbon steel (formerly 605410).	Lb.	STEEL	1,000	RO
602210	Alloy steel, including stainless (formerly 605410).	Lb.	STEEL	1,000	RO
602210	Two plates:	Lb.	STEEL	1,000	RO
602210	Switches, frogs, and crossings:	Lb.	STEEL	1,000	RO
602210	Carbon steel (formerly 605500).	Lb.	STEEL	1,000	RO
602210	Alloy steel, including stainless (formerly 605500).	Lb.	STEEL	1,000	RO
602210	Track spikes:	Lb.	STEEL	1,000	RO
602210	Railway bolts, nuts, washers, and lock nuts:	Lb.	STEEL	1,000	RO
602210	Trackwork and track accessories, n. e. c.:	Lb.	STEEL	1,000	RO
602210	Rail turnbuckle and track accessories, n. e. c. (formerly 605600 and 605610):	Lb.	STEEL	1,000	RO
602210	Other trackwork and track accessories, n. e. c. (formerly 605600 and 605610):	Lb.	STEEL	1,000	RO
602210	Pipe, flanges, and tubes, n. e. c. (pipe assemblies specially fabricated for particular machines or equipment should be reported as parts of such machines or equipment):	Lb.	STEEL	1,000	RO
602210	Pressure tubes and tubing (including boiler tubes and tubing):	Lb.	STEEL	1,000	RO
602210	Carbon steel, seamless (formerly 606000 and 607000):	Lb.	STEEL	1,000	RO
602210	Carbon steel, welded (formerly 606100 and 607000):	Lb.	STEEL	1,000	RO
602210	Alloy steel, except stainless, seamless (formerly 606000 and 607000) (report stainless in 607000):	Lb.	STEEL	1,000	RO
602210	Alloy steel, except stainless, welded (formerly 606100 and 607000) (report stainless in 607000):	Lb.	STEEL	1,000	RO
602210	Oil country pipe (including drill pipe, casing and tubing) (see § 200.2):	Lb.	STEEL	1,000	RO
602210	Seamless, carbon steel (formerly 606200):	Lb.	STEEL	1,000	RO
602210	Seamless, alloy steel, except stainless (formerly 606200):	Lb.	STEEL	1,000	RO
602210	Welded, carbon steel (formerly 606300):	Lb.	STEEL	1,000	RO
602210	Welded, alloy steel, except stainless (formerly 606300):	Lb.	STEEL	1,000	RO
602210	Line pipe, carbon and alloy steel, except stainless (see § 200.2):	Lb.	STEEL	1,000	RO
602210	Seamless, carbon steel (formerly 606300):	Lb.	STEEL	1,000	RO
602210	Seamless, alloy steel, except stainless (formerly 606300):	Lb.	STEEL	1,000	RO
602210	Welded, carbon steel (formerly 606300):	Lb.	STEEL	1,000	RO
602210	Welded, alloy steel, except stainless (formerly 606300):	Lb.	STEEL	1,000	RO
602210	Standard pipe, carbon and alloy steel, except stainless:	Lb.	STEEL	1,000	RO
602210	Seamless, black (formerly 606400):	Lb.	STEEL	1,000	RO
602210	Seamless, galvanized (formerly 606400):	Lb.	STEEL	1,000	RO
602210	Welded, black (formerly 606400):	Lb.	STEEL	1,000	RO
602210	Welded, galvanized (formerly 606400):	Lb.	STEEL	1,000	RO
602210	Mechanical tubing, carbon steel (formerly 607400):	Lb.	STEEL	1,000	RO
602210	Mechanical tubing, alloy steel, except stainless (formerly 607400):	Lb.	STEEL	1,000	RO
602210	Pipe and tubing, carbon steel, n. e. c., except pipes, riveted and spiral (bolts, nuts, and gaskets included):	Lb.	STEEL	1,000	RO
602210	Pipe and tubing, alloy steel, n. e. c., except pipes, riveted and spiral (bolts, nuts, and gaskets included):	Lb.	STEEL	1,000	RO
602210	Special-welded pipe; and vitrified steel pipe (formerly 607700 and 607710).	Lb.	STEEL	1,000	RO

* Armor plate, classified in Schedule B No. 601160, requires export authorization from the Department of State. See § 200.2, Note 1.

610150	Locomotive wheels, alloy steel	Lb.	STEEL	500	RO
610160	Alloy wheels (if alloy, specify and give analysis): Railway car wheels, without wheels, carbon steel	Lb.	STEEL 13	100	RO
610170	Railway car wheels, without wheels, alloy steel	Lb.	STEEL 13	100	RO
610180	Locomotive wheels, without wheels, carbon steel	Lb.	STEEL	500	RO
610190	Locomotive wheels, without wheels, alloy steel	Lb.	STEEL	500	RO
610200	Wheels and axles mounted (if alloy, specify and give analysis): Railway car axles, fitted with carbon steel wheels, and railway car axles, carbon steel fitted with iron wheels	Lb.	STEEL 13	100	RO
610210	Railway car axles, fitted with alloy steel wheels, and railway car axles, alloy steel fitted with iron wheels	Lb.	STEEL 13	100	RO
610220	Locomotive axles, fitted with carbon steel wheels	Lb.	STEEL	500	RO
610230	Locomotive axles, fitted with alloy steel wheels	Lb.	STEEL	500	RO
<i>Metal manufacturers</i>					
(See Special Provisions, § 373.16, 373.20)					
611500	Table flatware and specially fabricated parts, n. e. c.: Platinum and platinum alloy metals (specify type of metal) (formerly 602005 and 602008).	Lb.	STEEL 20	100	RO
611510	Aluminum, copper, brass and bronze (specify type of metal) (formerly 602005, 602008, and 647008).	Lb.	STEEL 20	100	RO
611520	Other nonferrous metals, except precious (specify type of metal) (formerly 602005, 602008, and 647008).	Lb.	STEEL 20	100	RO
<i>Metal manufacturers—Continued</i>					
611530	Hollow ware, solid or plated, and specially fabricated parts, n. e. c.: Platinum and platinum alloy metals (specify type of metal) (formerly 602005 and 602008).	Lb.	STEEL 20	100	RO
611540	Aluminum (formerly 602005)	Lb.	STEEL 20	100	RO
611550	Copper, brass and bronze (specify type of metal) (formerly 602005 and 647008).	Lb.	STEEL 20	100	RO
611560	Other nonferrous metals, except precious (specify type of metal) (formerly 602005, 602008, and 647008).	Lb.	STEEL 20	100	RO
611570	Cooking, kitchen, and hospital utensils, and specially fabricated parts, n. e. c.: Aluminum (formerly 602005)	Lb.	STEEL 20	100	RO
611580	Copper, brass and bronze (specify type of metal) (formerly 602005 and 647008).	Lb.	STEEL 20	100	RO
611590	Other nonferrous metals, except precious (specify type of metal) (formerly 602005, 602008, and 647008).	Lb.	STEEL 20	100	RO
611600	Tin cans (packers or canners type) finished or unfinished, and specially fabricated parts, n. e. c. (formerly 612300).	Lb.	STEEL 20	100	RO
611610	Wire springs (all steel grades): Bed and cushion springs, except complete bed springs (formerly 609108).	Lb.	STEEL 38	100	RO
611620	Wire springs, n. e. c., and specially fabricated parts, n. e. c. (formerly 609108).	Lb.	STEEL 38	100	RO
611630	Tools (all metals) n. e. c.: Black and white, hard-surfaced steel and tungsten-carbide types (formerly 611720) (report types for power-driven tools in 744811).	Lb.	STEEL 38	100	RO
611640	Jack, hand-operated, and parts, with lifting capacity of 10 tons or greater (including hand-operated hydraulic jacks) (report types for construction and maintenance tools in 729045, jacks for excavators in 703145).	Lb.	STEEL 38	100	RO
611650	Tools incorporating industrial diamonds, n. e. c. (includes slugs containing diamonds) (formerly 615605 and 617501) (see § 373.1, 373.7, 373.9).	Lb.	STEEL 38	100	RO
611660	Tool bit blanks: Containing tungsten carbide (formerly 603000)	Lb.	STEEL 38	100	RO
611670	Molybdenum tool bit blanks (formerly 603000)	Lb.	STEEL 38	100	RO
611680	Other tool bit blanks (formerly 603000)	Lb.	STEEL 38	100	RO
611690	Basic hardware: Elongated bolts: Aluminum; copper; and zinc (formerly 603005, 603008, and 603010).	Lb.	STEEL 38	100	RO
611700	Brass and bronze (formerly 603000)	Lb.	STEEL 38	100	RO
611710	Other metals, except iron and steel (formerly 603000)	Lb.	STEEL 38	100	RO
611720	Wood screws: Brass and bronze (formerly 603000)	Lb.	STEEL 38	100	RO
611730	Other copper-base alloy (formerly 603000)	Lb.	STEEL 38	100	RO
611740	Aluminum (formerly 603000)	Lb.	STEEL 38	100	RO
611750	Other metal (specify type of metal) (formerly 603000)	Lb.	STEEL 38	100	RO
611760	(Report iron and steel wood screws in 612300).	Lb.	STEEL 38	100	RO
611770	Bolts, screws, nuts, rivets, and washers, n. e. c., not specially fabricated for particular machines or equipment (specify by name): Iron and steel (formerly 603000) (report railway track construction and maintenance hardware in 603000).	Lb.	STEEL 38	100	RO
611780	Brass and bronze (formerly 603000)	Lb.	STEEL 38	100	RO
611790	Phosphor bronze and other copper-base alloys (formerly 603000)	Lb.	STEEL 38	100	RO
611800	Aluminum (formerly 603000)	Lb.	STEEL 38	100	RO
611810	Other metal (specify type of metal) (formerly 603000)	Lb.	STEEL 38	100	RO
611820	Aluminum; copper; lead; and zinc (formerly 603005, 603008, 603010, and 603015).	Lb.	STEEL 38	100	RO
611830	Other metals (formerly 603000): Nails, staples, spikes, and tacks: Wire nails, staples, and spikes (all nails, staples and spikes made from wire): Iron and carbon steel (formerly 602000)	Lb.	STEEL 38	100	RO
611840	Other steel (formerly 602000)	Lb.	STEEL 38	100	RO
611850	Copper, brass and bronze (formerly 602005 and 647008)	Lb.	STEEL 38	100	RO
611860	Other nonferrous metals, except precious (specify type of metal) (formerly 602005, 602008, and 647008).	Lb.	STEEL 38	100	RO
611870	Iron and carbon steel (formerly 602000)	Lb.	STEEL 38	100	RO
611880	Other steel (formerly 602000)	Lb.	STEEL 38	100	RO
611890	Copper, brass and bronze (formerly 602005 and 647008)	Lb.	STEEL 38	100	RO
611900	Other nonferrous metals, except precious (specify type of metal) (formerly 602005, 602008, and 647008).	Lb.	STEEL 38	100	RO

615627	Storage tanks, unlined (all steel grades) (specify type) (formerly 604300) (report tanks as shipping containers in 619111-619121).	Lb.	STEEL	1,000	RO
615671	Steel tanks, lined, n. e. c. for storage of gas or lower hydrocarbons, capable of withstanding pressures over 100 lbs. per square inch (see 1373.2) (formerly 620013) (formerly 620013).	Lb.	STEEL	100	RO
615671	Other steel tanks, lined, n. e. c. (see 1373.2) (formerly 620013).	Lb.	STEEL	100	RO
615673	Culverts, corrugated or plain, coated or uncoated, with or without manholes (formerly 603350 and 604450).	Lb.	STEEL	1,000	RO
615674	Pipes, cast iron and steel (formerly 620040).	Lb.	STEEL	1,000	RO
615675	Steel pipe lined (formerly 607050).	Lb.	STEEL	100	RO
615676	Building, prefabricated and knockdown, with or without appliances: Iron and steel (specify by name) (formerly 604000).	No.	STEEL	1,000	RO
615676	Bridges, portable and knockdown, and specially fabricated parts n. e. c. (all metals) (formerly 604600 and 609000).	No.	STEEL	1,000	RO
615684	Construction materials: Sash, sections, and frames, door and window: Aluminum (formerly 630010).	Lb.	NONF	100	RO
615685	Brass and bronze (formerly 647988) (report iron and steel in 618000).	Lb.	NONF	100	RO
615687	Construction materials, n. e. c.: Aluminum (specify by name) (formerly 630010).	Lb.	NONF	100	RO
615688	Other metals (specify by name and type of metal) (formerly 643998, 647998, 651598, and 658998) (report iron and steel construction materials, n. e. c. in 618000).	Lb.	NONF	100	RO
615692	Veneer, laminated (including sheets and strips) and specially fabricated parts, n. e. c.: Aluminum (formerly 630998).	Lb.	NONF	100	RO
615693	Brass and bronze (formerly 647988) (report steel veneer in 618000).	Lb.	NONF	100	RO
615696	Chains, n. e. c., and specially fabricated parts, n. e. c.: Brass and bronze (formerly 647988) (report iron and steel chains in 618000 and 618060).	Lb.	NONF	100	RO
615696	Shipping containers for oil, gas, and other liquids and solids (all metals) (report storage tanks in 618067 and 618081).	Lb.	NONF	100	RO
615696	Filled gas cylinders capable of withstanding pressures over 300 lbs. per square inch where the value of the containers represents 20 percent or more of the total value of the container plus contents, not including drums and containers fabricated of, or lined with, any corrosion-resistant materials as defined in the General Notes to Appendix A. (formerly 620020) (see 1373.2).	Lb.	NONF	100	RO
615696	Filled gas cylinders 5 or more gallons capacity, fabricated of, or lined with, any corrosion-resistant materials as defined in the General Notes to Appendix A. (where the value of the containers represents 20 percent or more of the total value of the container plus contents) (formerly 620020).	Lb.	NONF	100	RO
615696	Filled drums and containers for transporting gas or other liquids, capable of withstanding pressures over 300 lbs. per square inch where the value of the containers represents 20 percent or more of the total value of the container plus contents; not including drums and containers fabricated of, or lined with, any corrosion-resistant materials as defined in the General Notes to Appendix A. (see 1373.2) (formerly 620020).	Lb.	NONF	100	RO

* The pressure ratings stamped on metal drums and containers are the working pressures, which usually allow maximum safety margins. The actual pressure capacity is approximately five times the working pressure. (Any containers under this Schedule B number which do not have a pressure rating stamped thereon are not pressure containers and are not subject to the validated license control imposed by this Positive List entry.)

* Applicable to containers only and not to contents.

* The pressure ratings stamped on metal drums and containers are the working pressures, which usually allow maximum safety margins. The actual pressure capacity is approximately five times the working pressure. (Any containers under this Schedule B number which do not have a pressure rating stamped thereon are not pressure containers and are not subject to the validated license control imposed by this Positive List entry.)

* Applicable to containers only and not to contents.

	<i>Electrical machinery and apparatus—Continued</i>				
701140	Self-contained generating sets, except Diesel, 14 kilowatt and under	No.	ELME 1	None	R
701150	Self-contained generating sets, except Diesel, over 14 kilowatt	No.	ELME 1	None	R
701200	Automotive storage batteries, 6- and 12-volt, lead-acid	No.	TRAN	500	R
701210	1775 capacitors (scale condensers) for power factor correction (formerly 701200 and 701205)	No.	ELME 1	100	RO
701210	Transforming and converting apparatus, n. e. c., and parts, n. e. c.	No.	ELME 1	None	R
701210	Power and distribution transformers: Over 100, but not over 300 kilovolt amperes (formerly 701200)	No.	ELME 1	None	R
701210	Over 300 kilovolt amperes (formerly 701200)	No.	ELME 1	None	R
701210	Instrument transformers (specify by name)	No.	ELME 1	None	R
701210	Regulators (specify by name) (formerly 701210)	No.	ELME 1	100	R
701210	Specialty transformers, n. e. c. (specify by name) (formerly 701210)	No.	ELME 1	100	R
701210	Mercury power rectifiers (50 kilowatts and over) (report mercury rectifiers under 50 kilowatts in 701210)	No.	ELME 1	None	R
701215	Rotating converters: Under 150 kilowatts (formerly 701210)	No.	ELME 1	None	R
701215	150 kilowatts and over (formerly 701210 and 701220)	No.	ELME 1	None	R
701225	Mercury power rectifiers under 50 kilowatts (formerly 701210)	No.	ELME 1	None	R
701230	Selenium battery chargers and other selenium rectifiers, except automotive shop types of 12-volt capacity or less	No.	ELME 1	None	R
701230	Transmission and distribution apparatus: Switchgear: Primary switchboards and panels, and specially fabricated parts, n. e. c. (report oil circuit breakers and oil switches in 701230; other power switches and circuit breakers in 701230)	No.	ELME 1	100	R
701230	Oil circuit breakers and switches	No.	ELME 1	100	R
701230	Power switches and power circuit breakers, n. e. c., and specially fabricated parts, n. e. c.	No.	ELME 1	100	R
701230	Electrical quantity measuring and testing instruments, and parts: Ammeters, ohmmeters, microammeters, multimeters, and voltmeters, all standards (formerly 701230 and 910008)	No.	ELME 2	None	RO
701230	Magnetometers (formerly 910008)	No.	SATE	None	RO
701230	Other electrical quantity indicating instruments, non-recording, n. e. c., except battery testers, battery testing voltmeters, cell testers, and instruments of laboratory standards (specify by name)	No.	ELME 2	None	RO
701230	Other electrical quantity recording instruments, n. e. c., except instruments of laboratory standards (specify by name)	No.	ELME 1	None	R
701230	Bridges for measuring impedance, capacitance and resistance (formerly 910008)	No.	SATE	300	R
701230	Spectrum analyzers, for laboratory use (formerly 910008)	No.	SATE	None	RO
701230	Other electrical testing instruments, n. e. c., except instruments of laboratory standards (specify by name)	No.	ELME 2	None	RO
701230	Specialty fabricated parts, n. e. c., for bridges for measuring impedance, capacitance and resistance (specify by name) (formerly 910008)	No.	ELME 1	None	R
701230	Other parts, n. e. c., specially fabricated for interconnecting meters, except watt-hour, electrical quantity indicating and recording instruments, and electrical testing instruments, except laboratory standard (specify by name) (formerly 701230 and 910008)	No.	ELME 1	None	R
701230	Motors and controls, n. e. c., and parts (report autotrans, servos and other synchronous transmission systems in 701230)	No.	ELME 1	None	RO
701230	Motors, except electric propulsion motors for land transportation vehicles	No.	ELME 1	100	R
701230	Motors, 5 hp to and including 200 horsepower	No.	ELME 1	None	R
701230	Motors, over 200 horsepower, except reversible-type electric motors over 1,000 horsepower	No.	ELME 1	None	RO
701230	Motors, reversible type, over 1,000 horsepower	No.	ELME 2	None	RO
	<i>Precious metals and plated ware, n. e. c.*</i>				
664008	Platinum and alloyed metals:				
664008	Platinum and alloys in ingots, bars, sheets, anodes and other forms, including scrap.	T. oz.	MINL	None	RO
664008	Palladium, rhodium, iridium, osmium, ruthenium, and other forms, including scrap.	T. oz.	MINL	None	RO
664008	Platinum and alloyed metal manufactures, n. e. c. (including plated) (specify by name) (formerly 664008 and 662008)	T. oz.	MINL	None	RO

711320	Water-tube, 3,000 sq. ft. heating surface and over.	No.	GIEQ	None	RO

Engines, turbines, and parts, n. e. c.—Continued

Steam engines and turbines—Continued
 Parts, n. e. c., specially fabricated for power boilers, except different 1,000-plus, fusible plugs, and steam traps (formerly 710800) (report boiler tubes shipped as parts or replacement parts in 710800).
 Internal combustion engines, n. e. c., and parts, n. e. c.:
 Gasoline:
 Outboard motors, detachable, over 50 horsepower (formerly 714200).
 Watercraft engines, n. e. c., over 100 horsepower (formerly 714200).
 Tractor engines, 50 brake horsepower and under (specify brake horsepower) (formerly 714300).
 Other, including tractor engines, over 10, up to and including 50 brake horsepower (specify brake horsepower) (formerly 714400).
 Other, including tractor engines, over 50 brake horsepower (specify brake horsepower) (formerly 714400).
 Diesel and semi-Diesel:
 Marine, 200 brake horsepower and under (at normal speed), injection type (specify brake horsepower).
 Marine, over 200 up to and including 500 brake horsepower (at normal speed), injection type (specify brake horsepower) (formerly 714500).
 Marine, over 500, up to and including 1,000 brake horsepower (at normal speed), injection type (specify brake horsepower) (formerly 714500).
 Marine, over 1,000 brake horsepower (at normal speed), injection type (specify brake horsepower) (formerly 714500).
 Other, including tractor engines (specify brake-horsepower):
 20 brake horsepower and under (at normal speed), injection type.
 Over 20, up to and including 500 brake horsepower (at normal speed), injection type (formerly 714500).
 Over 500, up to and including 1,000 brake horsepower (at normal speed), injection type (formerly 714500).
 Over 1,000 brake horsepower (at normal speed), injection type (formerly 714500).
 Kerosene engines:
 Outboard motors, over 50 horsepower, and other watercraft engines, over 100 horsepower (formerly 714200 and 714250).
 Tractor engines, not over 10 horsepower (formerly 714300).
 Other kerosene engines, over 10 horsepower, including tractor engines (formerly 714400).
 Marine engine accessories, and parts (specify Diesel or gasoline).
 Other engine accessories and parts, except tractor engine parts (report tractor engine parts in 708500, 709200, 708900, and 708900).

Construction, erecting, mining and related machinery

(See Special Provisions, § 373.7)
 Construction power cranes and hoists, new (report used in 720100).
 Cranes or hoists mounted, full revolving, convertible, 250 tons or more capacity and under, or 50 net tons and under (report capacity, new (formerly 720100).
 Cranes or hoists mounted, full revolving, convertible, 250 tons or more capacity and under, or 50 net tons and under (report capacity, new (formerly 720100).
 Rubber tired, mounted, including truck or wagon mounted, full revolving, convertible, new (formerly 720115).
 Other, full revolving, unmounted, new (formerly 720150).
 Other, except full revolving, mounted and unmounted, new (formerly 720150).

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Val. data items required
72040	Construction, excavating, mining, related machinery—Con.	No.	CONS	None	RO
72040	Materials handling equipment, and parts—Continued. Whirly cranes, including revolving and rotary cranes, 50 not tons and over maximum rated capacity (including but not limited to portal, tower, hammer-head, pulley, and whirly types) (formerly 720400).	No.	CONS	None	RO
72040	Whirly cranes, including revolving and rotary cranes, 50 not tons and over maximum rated capacity (including but not limited to portal, tower, hammer-head, pulley, and whirly types) (formerly 720400).	No.	CONS	None	RO
72050	Specialized fabricated parts, n. e. c., for cranes included on the Positive List under Schedule B Nos. 72050 through 72060 for which validated license is required to R and O country destinations (formerly 720500).	No.	CONS	100	RO
72060	Specialized fabricated parts, n. e. c., for cranes included on the Positive List under Schedule B Nos. 72060 through 72060 for which validated license is required to R country destinations only (formerly 720600).	No.	CONS	250	RO
72125	Electric hoists, n. e. c., 50 up to but not including 200 horsepower (formerly 721200) (report slope and shaft mine hoists in 720700).	No.	MINE	None	RO
72125	Electric hoists, n. e. c., 200 horsepower and over (formerly 721200) (report slope and shaft mine hoists in 720700).	No.	MINE	None	RO
72400	Chain and belt conveyors (stationary, traveling, and portable); feeders; and in mass or chain-in-casing type for transporting loose, bulky materials (formerly 724000).	No.	MINE	None	RO
72400	Oscillating conveyors and feeders, including all-electric vibrating pans and tubes; and live (powered) roll conveyors (formerly 724000).	No.	MINE	None	RO
72400	Parts, n. e. c., specially fabricated for underground mine type chain, belt and shaking conveyors included on the Positive List under Schedule B No. 724000 (formerly 724000) (specify by name).	No.	MINE	None	RO
72400	Pneumatic tube conveyors for handling loose, bulk materials and specially fabricated parts therefor (formerly 724000).	No.	MINE	None	RO
72400	Overhead trolley conveyors (formerly 724000).	No.	MINE	None	RO
72400	Specialized fabricated parts for overhead trolley conveyors (formerly 724000) (specify by name).	No.	MINE	None	RO
72400	Towers, stock line and tower (formerly 724000).	No.	MINE	None	RO
72400	Stationary belt conveyors (stationary, traveling, and chainable); bucket conveyors conveying lumps, shales, and other materials; and bucket conveyors conveying lumps, shales, and other materials in-casing type for transporting loose, bulky materials (formerly 724000).	No.	MINE	None	RO
72400	Chain and belt conveyors (stationary, traveling, and portable); bucket elevators; conveying stacks, feeders, loading and unloading systems; in mass or chain-in-casing type for transporting loose, bulky materials; and bridges and booms (formerly 724000).	No.	MINE	None	RO
72400	Oscillating conveyors and feeders, including all-electric vibrating pans and tubes, and specially fabricated parts and live (powered) roll conveyors, and specially fabricated parts (formerly 724000).	No.	MINE	None	RO
72400	Magnetic pulleys and drums 30 inches in diameter and over, either induced or primary, and specially fabricated parts (formerly 724000).	No.	MINE	None	RO
72400	Industrial type trucks, tractors, trailers, and stackers (specially designed for materials handling in and around industrial plants, docks, terminals and similar installations), and parts: Straddle carrier carriers (formerly 724000).	No.	CONS	500	RO
72400	Straddle carrier carriers (formerly 724000).	No.	CONS	500	RO
72400	Electric-powered trucks (formerly 724000).	No.	CONS	500	RO
72400	Other industrial type trucks, partially powered (formerly 724000).	No.	CONS	500	RO
72400	Industrial type tractors (formerly 724000) (report standard tractors in 724000).	No.	CONS	500	RO
72400	Parts, accessories and attachments, n. e. c., specially fabricated for fully- or partially-powered industrial trucks and tractors.	No.	CONS	250	RO
72050	Construction, excavating, mining, related machinery—Con.	No.	CONS	None	RO
72050	Specialized mining machines and equipment, n. e. c., and parts, n. e. c.	No.	CONS	None	RO
72050	Underground loading machines (formerly 720500) (report underground mine conveyors in 720500).	No.	CONS	None	RO
72050	Combination coal cutting-loading machines (formerly 720500).	No.	CONS	None	RO
72050	One dressing and coal separating, concentrating and crushing machines (specify by name): (a) revolving, all types; (b) revolving disk or ring types; (c) ball mill type; other than those in diameter and over, induced or primary (formerly 720500).	No.	CONS	None	RO
72050	Electrostatic separator having a voltage of more than 1,000 volts across the air gap (formerly 720500).	No.	CONS	None	RO
72050	Coal washing machines; filters, and mechanical coal-cleaning machines, wet and dry (formerly 720500).	No.	CONS	None	RO
72050	Other ore dressing and coal separating, concentrating and classifying machines, except those electromagnetic or electrostatic separators below the standards described on the Positive List under this Schedule B number (specify by name) (formerly 720500).	No.	CONS	None	RO
72050	Electric mine hoists, 50 to 200 horsepower (formerly 720500).	No.	CONS	None	RO
72050	Electric mine hoists, 200 horsepower and over (formerly 720500).	No.	CONS	None	RO
72050	Steam-driven mine shaft and slope hoists, 500 horsepower and over (formerly 720500).	No.	CONS	None	RO
72050	Mine shuttle cars (formerly 720500).	No.	CONS	None	RO
72050	Specialized mining machines and equipment, n. e. c., and specially fabricated parts and accessories, n. e. c. (specify by name): Mining and quarrying machinery, when containing diamonds (see H 373.1, 373.6) (formerly 720500).	No.	CONS	None	RO
72050	Specialized mining machines and equipment, n. e. c. (formerly 720500).	No.	CONS	None	RO
72050	Specialized fabricated parts for separators, electrostatic and electromagnetic types described under Schedule B No. 720500 (formerly 720500).	No.	CONS	None	RO
72050	Specialized fabricated parts for specialized mining machines included on the Positive List under Schedule B Nos. 72050 through 72050 for which validated license is required to R and O country destinations (formerly 720500).	No.	CONS	None	RO
72050	Specialized fabricated parts for specialized mining machines included on the Positive List under Schedule B Nos. 72050 through 72050 for which validated license is required to R country destinations only (formerly 720500).	No.	CONS	None	RO
72050	Earth and rock drilling machines, n. e. c., and parts, n. e. c. (see H 373.1, 373.6).	No.	CONS	None	RO
72050	Cores drills, mounted or unmounted (formerly 720500).	No.	CONS	None	RO
72050	Rock drill bits, core drill bits, and reamers (including well drilling machine bits and reamers): Bits containing tungsten carbide (formerly 720500).	No.	CONS	None	RO
72050	Bits containing diamonds (formerly 720500) (see H 373.1, 373.6).	No.	CONS	None	RO
72050	Other bits and reamers (specify kind) (formerly 720500).	No.	CONS	None	RO
72050	Parts and accessories, n. e. c., specially fabricated for the earth and rock drilling machines included on the Positive List under Schedule B Nos. 72050 through 72050 (formerly 720500).	No.	CONS	None	RO
72050	Well drilling machines, and parts: Rotary drill rigs, except for oil and gas well drilling (including truck or trailer-mounted) (formerly 720500).	No.	CONS	None	RO
72050	Cable tool drill rigs (including truck or trailer-mounted) (formerly 720500).	No.	CONS	None	RO
72050	Parts and accessories, n. e. c., specially fabricated for cable tool drill rigs, and rotary drill rigs, except for oil and gas well drilling (formerly 720500).	No.	CONS	None	RO
72050	Parts and accessories, n. e. c., specially fabricated for rotary drill rigs for oil and gas well drilling (formerly 720500).	No.	CONS	None	RO

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Vald. dated license required
420000	Construction, excavating, mining, related machinery—Con.				
	Earth and rock drillin' machines, n. e. c., and parts, n. e. c.—Continued				
	Petroleum field production equipment, n. e. c., and specially fabricated parts, n. e. c. (specify by name) (formerly 744700)		MINE	200	RO
	Machine tools				
	(See Special Provisions, §§ 373.7, 373.9)				
740005	Power-driven metalworking machine tools (nonportable), and parts—Continued				
740015	Engine lathes, except bench and light duty types (specify by name)	No.	TOOL	300	RO
740025	Vertical turret lathes	No.	TOOL	None	RO
740035	Turret lathes, n. e. c., except bench type (specify by name) (formerly 740200)	No.	TOOL	None	RO
740045	Automatic chucking and between-center lathes	No.	TOOL	None	RO
740055	Gun-boring lathes, cartridge-case trimming lathes; cartridge-head finishing lathes; and shell lathes (specify by name)	No.	TOOL	None	RO
740065	Automatic screw (bar) machines (formerly 740000)	No.	TOOL	None	RO
740075	Vertical boring and turning mills, except vertical turret lathes (formerly 740400)	No.	TOOL	None	RO
740085	Special spinning lathes for bombs (formerly 740300)	No.	TOOL	None	RO
740095	Lathes, n. e. c. (specify by name) (formerly 740310)	No.	TOOL	None	RO
740105	Jig boring machines; special boring machines for aircraft bomb nose and tail; and all precision boring machines	No.	TOOL	None	RO
740115	Cylinder re boring machines, and other re boring machines	No.	TOOL	None	RO
740125	Shall support	No.	TOOL	None	RO
740135	Pipe and nipple-threading machines	No.	TOOL	None	RO
740145	Tapping machines, vertical multiple spindle, adjustable joint	No.	TOOL	None	RO
740155	Knee-type milling machines	No.	TOOL	None	RO
740165	Bed-type milling machines	No.	TOOL	None	RO
740175	Combination miller and planer with double housing and open slide, 48 inches and over	No.	TOOL	None	RO
740185	Disintegrating machines	No.	TOOL	None	RO
740195	Plane-milling machines, n. e. c.	No.	TOOL	None	RO
740205	Profiling and duplicating machines, except propeller	No.	TOOL	None	RO
740215	Propeller-forming machines (cutter and grinder)	No.	TOOL	None	RO
740225	Saw-milling machines	No.	TOOL	None	RO
740235	Thread-milling machines	No.	TOOL	None	RO
740245	Gear cutting machines	No.	TOOL	None	RO
740255	All straight-tooth type gear-cutting and/or generating machines	No.	TOOL	None	RO
740265	Gear generators and gear-cutting machines, spiral bevel	No.	TOOL	None	RO
740275	Gear hobbers	No.	TOOL	None	RO
740285	Gear shapers	No.	TOOL	None	RO
740295	Drilling machines, upright type, multiple spindle	No.	TOOL	None	RO
740305	Horizontal drilling machines, plain and traversing type	No.	TOOL	None	RO
740315	Drilling machines, n. e. c. (specify by name) (report rifle type machines in 740310)	No.	TOOL	None	RO
740325	Other deep-hole drilling and grinding machines; automatic multiple spindle drilling and/or tapping machines (consisting of a cluster of spindles driven from one power unit); and armor-plate-drilling machines	No.	TOOL	None	RO
740335	Drilling machines, unit head and way type or vertical, inverted spindle type	No.	TOOL	None	RO
740345	Planers, over 72 inches	No.	TOOL	None	RO
740355	Plate planers, double housing and open slide, 48 inches and over, and rotary planers, double housing and open slide, 48 inches and over	No.	TOOL	None	RO
740365	Shapers (including slotters) (report gear shapers in 741000)	No.	TOOL	None	RO
740375	Surface grinding machines, gap gauge	No.	TOOL	None	RO
740385	Automatic single spindle surface grinders	No.	TOOL	None	RO
740395	Surface grinding machines, multiple spindle type	No.	TOOL	None	RO
740405	External cylindrical universal grinding machines (formerly 744500) (report universal tool and cutter grinders in 744500)	No.	TOOL	None	RO

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Vali- dated license required
Other industrial machines and parts—Continued					
760590	Controls, relays, etc., indicators, meters, and timers, n. e. c., etc.—Continued				
	Controls, relays, etc., indicators, meters, and timers, for controlling, air conditioning and air cooling equipment, and specially fabricated parts, n. e. c. (formerly 760590)				
	Industrial process indicating (measuring) recording, and for controlling instruments, n. e. c., and specially fabricated parts, n. e. c. (for measuring and controlling temperature, pressure, level, flow, humidity, moisture, and variables) (see also by name)				
760592	Gauges for measuring pressures in excess of 100 atmospheres (gauge pressures of 1,470 pounds per square inch or 103 kilograms per square centimeter) (formerly 774098)				
760596	Parts specially fabricated for gauges for measuring pressures in excess of 100 atmospheres (gauge pressures of 1,470 pounds per square inch or 103 kilograms per square centimeter) (formerly 774098)				
760597	Impulse registers or counters (over 20 counts per second), and specially fabricated parts (formerly 919098)				
760598	Optical pyrometers (formerly 919098)				
760599	Radiation pyrometers (formerly 919098)				
760600	Stroboscopes, electronic (formerly 919098)				
760601	Thermocouples manufactured from platinum or platinum alloys (formerly 919098)				
760602	Vacuum gauges, ionization types, for laboratory use (formerly 919098)				
760603	Vacuum gauges, ionization types, except for laboratory use (formerly 774098)				
760604	Vacuum gauging gauges, for laboratory use, and specially fabricated parts (formerly 919098)				
760605	Other vacuum recording instruments, for recording, analysis, for laboratory use and specially fabricated parts (formerly 919098)				
760606	Other industrial indicating, recording, or controlling instruments for pressure, flow, temperature, humidity, or gas analysis and specially fabricated parts, n. e. c. (formerly 774098)				
760607	Physical properties testing and inspecting machines, n. e. c., and specially fabricated parts and accessories, n. e. c.				
760608	Diamond penetrators (see §§ 372.1, 372.9) (formerly 774098)				
760609	Parts specially fabricated for diamond penetrators (see §§ 372.1, 372.9) (formerly 774098)				
760610	Dynamometers: hydraulic, electric, and torsion types, and specially fabricated parts (formerly 774098)				
760611	Electric strain gauge equipment assemblies for measuring, indicating or recording strains electronically (formerly 774098)				
760612	Electric strain gauges (formerly 774098)				
760613	Inspection apparatus, magnetic (formerly 760608)				
760614	Knock-test engine and motor fuel test units (formerly 774098)				
760615	Leak-detecting instruments, for laboratory use, and specially fabricated parts (formerly 919098)				
760616	Leak-detecting instruments, for industrial use (formerly 774098)				
760617	Metal hardness testers adapted to or incorporating diamond penetrators (indenters-Arals) (formerly 774098)				
760618	Parts and accessories specially fabricated for metal hardness testers which incorporate or are adapted to the incorporation of diamond penetrators (indenters-Arals) (formerly 774098)				
760619	Reflectoscopes, ultrasonic or supersonic (formerly 774098)				
760620	Parts specially fabricated for ultrasonic or supersonic reflectoscopes (formerly 774098)

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Vald. dated license required
Other industrial machines and parts—Continued					
770610	Air compressors—Continued Portable capacity under 60 cubic feet: Axial flow and positive displacement types of compressors not fabricated of or lined with any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 764100, 773000, and 773098).	No.	CONS	None	RO
770610	Centrifugal and mixed flow types of compressors, designed for delivery pressure of 2 atmospheres or more (formerly 764100, 773000, and 773098).	No.	CONS	None	RO
770610	Reciprocating compressors, axial flow, centrifugal, mixed flow or positive displacement types of compressors fabricated of or lined with any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 770600, 764100, 773000, and 773098).	No.	CONS	None	RO
770610	Portable capacity 60 cubic feet, and over: Axial flow and positive displacement types of compressors not fabricated of or lined with any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 764100, 773000, and 773098).	No.	CONS	None	RO
770615	Centrifugal and mixed flow types of compressors, designed for delivery pressure of 2 atmospheres or more (formerly 764100, 773000, and 773098).	No.	CONS	None	RO
770615	Reciprocating compressors, axial flow, centrifugal, mixed flow or positive displacement types of compressors fabricated of or lined with any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 770600, 764100, 773000, and 773098).	No.	CONS	None	RO
770615	Reciprocating compressors designed for delivery pressure greater than 150 pounds per square inch, gauge reading, and/or with intake capacity greater than 150 cubic feet per minute (formerly 773000 and 773098).	No.	CONS	None	RO
770625	Gas compressors, n. e. c.: Axial flow and positive displacement types of compressors not fabricated of or lined with any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 773000 and 773098).	No.	CONS	None	RO
770625	Centrifugal and mixed flow type of compressors, designed for delivery pressure of 2 atmospheres or more (formerly 773000 and 773098).	No.	CONS	None	RO
770625	Reciprocating compressors, axial flow, centrifugal, mixed flow or positive displacement types fabricated of or lined with any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 773000 and 773098).	No.	CONS	None	RO
770625	Reciprocating compressors designed for delivery pressure greater than 150 pounds per square inch, gauge reading, and/or with intake capacity greater than 150 cubic feet per minute (formerly 773000 and 773098).	No.	CONS	None	RO
770630	Blowers, n. e. c., turbo blowers, and parts: Centrifugal blowers, except turbo blowers, fabricated of or lined with any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 764100 and 773098).	No.	CONS	None	RO
770630	Centrifugal blowers, except turbo blowers, designed for delivery pressure of 2 atmospheres or more (formerly 764100 and 773098).	No.	CONS	None	RO
770630	Centrifugal blowers, except turbo blowers, specially designed for wind tunnels (formerly 764100).	No.	CONS	None	RO
770630	Axial blowers, except turbo blowers, fabricated of or lined with any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 764100, 773000, and 773098).	No.	CONS	None	RO
770630	Axial blowers, except turbo blowers, specially designed for wind tunnels (formerly 764100).	No.	CONS	None	RO
770630	Turbo blowers (specific type) (formerly 764100, 764710 and 773098).	No.	CONS	None	RO
770630	Specially fabricated parts for types of blowers included on the Positive List under Schedule B Nos. 770610, 770615, 770625, 770630, and 773098.	No.	CONS	None	RO
770630	Electric preheaters, for air and gas cleaning and purification, and specially fabricated parts (formerly 764100).	No.	CONS	None	RO
Other industrial machines and parts—Continued					
770630	Mechanical vacuum pumps: Mechanical vacuum pumps capable of producing a vacuum of 2 millimeters or less mercury pressure absolute (specific millimeter of mercury pressure absolute which pump is capable of producing).	No.	GIEQ	None	RO
770630	Mechanical vacuum pumps capable of producing a vacuum less than atmospheric pressure but not as low as 2 millimeters of mercury pressure absolute (specific millimeter of mercury pressure absolute which pump is capable of producing).	No.	GIEQ	None	RO
770630	Diffusion vacuum pumps, less than 5 inches in diameter (diameter measured inside the barrel at the inlet jet).	No.	GIEQ	None	RO
770630	Diffusion vacuum pumps, 5 inches in diameter up to but not including 12 inches in diameter (diameter measured inside the barrel at the inlet jet).	No.	GIEQ	None	RO
770630	Pumping equipment, n. e. c., and parts: Centrifugal pumps (delivering liquids separately or in combination with solids and/or gases) with any of the following characteristics: (a) designed delivery pressures at pump discharge of 300 pounds per square inch and over; (b) designed to operate continuously at temperatures of 220 degrees Fahrenheit and over; (c) fabricated of, or lined with, any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 733500).	No.	CONS	None	RO
770630	Centrifugal pumps (delivering liquids separately or in combination with solids and/or gases) with any of the following characteristics: (a) designed delivery pressures at pump discharge of 75 to 300 pounds per square inch; (b) designed to operate continuously at temperatures under 220 degrees Fahrenheit; and (c) not fabricated of, or lined with, any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 733500).	No.	CONS	None	RO
770630	Turbine pumps (delivering liquids separately or in combination with solids and/or gases) with any of the following characteristics: (a) designed delivery pressures at pump discharge of 300 pounds per square inch and over as calculated by the manufacturer under the assumed condition that the bowl assembly is directly connected to the drive head assembly without intervening column pipe; (b) designed to operate continuously at temperatures of 220 degrees Fahrenheit and over; (c) fabricated of, or lined with, any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 733500).	No.	CONS	None	RO
770630	Turbine pumps (delivering liquids separately or in combination with solids and/or gases) with any of the following characteristics: (a) designed delivery pressures at pump discharge of 75 to 300 pounds per square inch as calculated by the manufacturer under the assumed condition that the bowl assembly is directly connected to the drive head assembly without intervening column pipe; (b) designed to operate continuously at temperatures under 220 degrees Fahrenheit; and (c) not fabricated of, or lined with, any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 733500).	No.	CONS	None	RO
770630	Rotary pumps (delivering liquids separately or in combination with solids and/or gases) with any of the following characteristics: (a) designed delivery pressures at pump discharge of 300 pounds per square inch and over; (b) designed to operate continuously at temperatures of 220 degrees Fahrenheit and over; (c) fabricated of, or lined with, any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 733500).	No.	CONS	None	RO

* Export authorization for diffusion vacuum pumps, 12 inches and larger in diameter, classified under Schedule B number 770630, is under the exclusive jurisdiction of the Atomic Energy Commission. See § 270.7.

† Centrifugal pumps described in this Positive List entry which are fabricated of, or lined with, stainless steel are excepted from the provisions of General In-Transit License G1T. See § 271.9 (c).

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Val-dated license required
77020	Other industrial machines and parts—Continued Pumping equipment, n. e. c., and parts—Continued Rotary pumps (delivering liquids separately or in combination with solids and/or gases) with all of the following characteristics: (a) designed delivery pressures at pump discharge of 75 to 300 pounds per square inch; (b) designed to operate continuously at temperatures under 220 degrees Fahrenheit; and (c) not fabricated of, or lined with, any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 720900).	No.	CONS	None	R
77030	Diaphragm pumps (delivering liquids separately or in combination with solids and/or gases) with any of the following characteristics: (a) designed delivery pressures at pump discharge of 300 pounds per square inch and over; (b) designed to operate continuously at temperatures of 220 degrees Fahrenheit and over; (c) fabricated of, or lined with, any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 720900).	No.	CONS	None	RO
77040	Diaphragm pumps (delivering liquids separately or in combination with solids and/or gases) with all of the following characteristics: (a) designed delivery pressures at pump discharge of 75 to 300 pounds per square inch; (b) designed to operate continuously at temperatures under 220 degrees Fahrenheit; and (c) not fabricated of, or lined with, any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 720900).	No.	CONS	None	RO
77040	Reciprocating steam pumps (delivering liquids separately or in combination with solids and/or gases) with any of the following characteristics: (a) designed delivery pressures at pump discharge of 300 pounds per square inch and over; (b) designed to operate continuously at temperatures of 220 degrees Fahrenheit and over; (c) fabricated of, or lined with, any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 720900).	No.	CONS	None	RO
77040	Reciprocating steam pumps (delivering liquids separately or in combination with solids and/or gases) with any of the following characteristics: (a) designed delivery pressures at pump discharge of 75 to 300 pounds per square inch; (b) designed to operate continuously at temperatures under 220 degrees Fahrenheit; and (c) not fabricated of, or lined with, any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 720900).	No.	CONS	None	RO
77050	Other reciprocating power pumps (delivering liquids separately or in combination with solids and/or gases) with any of the following characteristics: (a) designed delivery pressures at pump discharge of 300 pounds per square inch and over; (b) designed to operate continuously at temperatures of 220 degrees Fahrenheit and over; (c) fabricated of, or lined with, any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 720900).	No.	CONS	None	RO
77060	Other reciprocating power pumps (delivering liquids separately or in combination with solids and/or gases) with any of the following characteristics: (a) designed delivery pressures at pump discharge of 75 to 300 pounds per square inch; (b) designed to operate continuously at temperatures under 220 degrees Fahrenheit; and (c) not fabricated of, or lined with, any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 720900).	No.	CONS	None	RO
77060	Pumps, n. e. c. (delivering liquids separately or in combination with solids and/or gases) with all of the following characteristics: (a) designed delivery pressures at pump discharge of 75 to 300 pounds per square inch; (b) designed to operate continuously at temperatures under 220 degrees Fahrenheit; and (c) not fabricated of, or lined with, any corrosion-resistant materials as defined in the "General Notes to Appendix A" (formerly 720900).	No.	CONS	None	RO

frigerators and home freezers.

760505	Para nitroaniline	Lb.	COTA 60	300	R
760510	Para phenylenediamine	Lb.	COTA 60	300	R
760515	Phenyl isothiocyanate	Lb.	COTA 60	300	R
760520	Picric acid (formerly 802590)	Lb.	COTA 60	300	R
760525	Resorcinol (resorcin; meta-dihydroxybenzene)	Lb.	COTA 60	300	R
760530	Styrene	Lb.	COTA 60	300	R
760535	Xylenes	Lb.	COTA 60	300	R
760540	Rubber compounding agents of coal-tar origin:	Lb.	COTA 60	300	R
760545	Acetylene	Lb.	COTA 60	300	R
760550	Antidetonants	Lb.	COTA 60	300	R
760555	Other rubber compounding agents of coal-tar origin, n. e. c. (specify by name)	Lb.	COTA 60	300	R
760560	Photographic chemicals of coal-tar origin:	Lb.	COTA 60	300	R
760565	Finished coal-tar products, n. e. c. exclusive of medicinal chemicals (specify by name):	Lb.	COTA 60	300	R
760570	Tricresyl phosphate (formerly 802590)	Lb.	COTA 60	300	R

^a Lark-type trailers and tow targets and parts require export authorization from the Department of State. See § 373.5, Note 1.

^b Tare for naval vessels; armor plate for naval vessels, mine layer parts and accessories; mine sweeper parts and accessories; and mine trawler parts and accessories require export authorization from the Department of State. See § 373.5, Note 2.

¹¹ Tank-type trainers and tow targets and parts require export authorization from the Department of State, 20A, Note 1.

[illegible]

Dept. of Com- merce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Val- dated license required
	Chemical specialties—Continued				
82990	Silica gel.				
82990	Mixtures of diphenyl and diphenyl oxides (Dowtherm).				
82990	Silicone grease compounds (compounds of organo- silicone material) of the following types only: Silicone high-vacuum greases; and stopcock greases, both high-vacuum and regular.				
82990	Compounds are required for any commodity classified under this Schedule B number if it contains 80 per cent or more by quantity of any item or items specified elsewhere on the Positive List.				
	Industrial chemicals (excludes of medicinal chemicals, U. S. P. & N. F.)				
	(See Special Provisions, H 273.1, 273.5)				
83000	Acids and anhydrides:				
83000	Acetic acid, over 80 percent.	Lb.	RESN 67	100	R
83000	Acetic anhydride.	Lb.	RESN 67	None	R
83000	Naphthoic acid.	Lb.	ORGN	None	R
83000	Selenic acid.	Lb.	ACID	100	R
83000	Inorganic:				
83000	Chloric.	Lb.	ACID	100	R
83000	Nitric.	Lb.	ACID	100	R
83000	Sulfuric acid, all grades.	Lb.	ACID	100	R
83000	Inorganic acids and anhydrides, n. e. c. (specify by name):				
83000	Anhydrous hydrofluoric acid.	Lb.	ACID	100	R
83000	Calcium phosphoric acid.	Lb.	ACID	100	R
83000	Hydrofluoric acid.	Lb.	ACID	100	R
83000	Perchloric acid.	Lb.	ACID	100	R
83000	Perchloric acid and anhydride.	Lb.	ACID	25	R
83000	Vanadic acid.	Lb.	ACID	25	R
83000	Vanadic anhydride.	Lb.	ACID	25	R
83000	Alcohols (except jet fuels in 82990):				
83000	Methanol.	Gal.	ORGN 67	100	R
83000	Ethylene glycol.	Lb.	COTA	100	R
83000	Glycerine, crude and refined.	Lb.	ORGN 67	100	R
83000	Propyl alcohol (propanol) (formerly 831500).	Lb.	ORGN 67	100	R
83000	Alcohols, n. e. c. (glycols, except ethylene glycol, in- cluded):				
831500	Furfuryl alcohol (furfyl carbene) (formerly 831500).	Lb.	ORGN 67	100	R
831500	Lauryl alcohol (formerly 831500).	Lb.	ORGN 67	100	R
831500	Pentarythritol (pentarythritol) (formerly 831500).	Lb.	ORGN 67	100	R
831500	Tetrahydrofurfuryl alcohol (formerly 831500).	Lb.	ORGN 67	100	R
831500	Glycols, n. e. c. (formerly 831500).	Lb.	ORGN 67	100	R
831500	Acetone.	Lb.	ORGN 67	100	R
83200	Formaldehyde or formalin, 40 percent solution by volume, 47 percent by weight.	Lb.	ORGN 67	100	R
83200	Synthetic collecting reagents for concentration of ores, metals, or minerals.	Lb.	ORGN 67	25	R
83200	Cellulose acetate lumps and powder and cellulose butyrate lumps and powder (excluding molding compositions) (formerly 832000).	Lb.	ORGN 67	25	R
83200	Cellulose acetate and cellulose acetate-butyrate in waste or scrap form (formerly 832000).	Lb.	ORGN 67	25	R
83200	Camphor, natural and synthetic.	Lb.	ORGN 67	25	R
83200	Organic chemicals not of coal-tar origin, n. e. c. (specify by name):				
83200	Amino acetates.	Lb.	ORGN 67	100	R
83200	Butyl benzyloxy acetate, diethylbenzyloxy acetate, diethyl benzyloxy acetate, dimethyl acetate, diethyl acetate, and other acetate esters.	Lb.	ORGN 67	100	R
83200	Ethyl cellulose.	Lb.	ORGN 67	100	R
83200	Ethylene glycol monomethyl ether (including cellosolve).	Lb.	ORGN 67	100	R
83200	Fluorocarbons (completely fluorinated materials).	Lb.	ORGN 67	100	R
83200	Furfural.	Lb.	ORGN 67	100	R
83200	Glycol compounds.	Lb.	ORGN 67	100	R
83200	Hexamethylenetetramine.	Lb.	ORGN 67	100	R
83200	Methyl isobutyl ketone (hexone).	Lb.	ORGN 67	100	R
83200	Methylene chloride.	Lb.	ORGN 67	100	R
83200	Parformaldehyde, solid.	Lb.	ORGN 67	100	R
83200	Tributyl phosphite.	Lb.	ORGN 67	100	R
83200	Vinyl acetate monomer.	Lb.	ORGN 67	100	R
83200	Aluminum compounds, n. e. c. (specify by name):				
83200	Aluminum chloride, anhydrous.	Lb.	SALT	100	R
83200	Aluminum fluoride.	Lb.	SALT	100	R
	Industrial chemicals (excludes of medicinal chemicals, U. S. P. & N. F.)—Continued				
83400	Calcium carbide.	Lb.	SALT	100	R
83400	Calcium bromide and bromate.	Lb.	SALT	25	R
83400	Ethylene dibromide.	Lb.	SALT	25	R
83400	Other bromine, bromides, and bromates.	Lb.	SALT	25	R
83400	Iodine, iodides and iodates.	Lb.	SALT	25	R
83400	Potassium compounds, except fertilizers (except fertilizers and fertilizer materials in 83000-83300):				
83400	Potassium bicarbonate and chromate.	Lb.	SALT	25	R
83400	Potassium chlorate.	Lb.	SALT	100	R
83400	Potassium fluoride.	Lb.	SALT	100	R
83400	Potassium nitrate.	Lb.	SALT	100	R
83400	Potassium perchlorate and mixtures.	Lb.	SALT	100	R
83400	Potassium permanganate.	Lb.	SALT	100	R
83400	Potassium persulfate.	Lb.	SALT	100	R
83400	Potassium tetroxide.	Lb.	SALT	None	R
83400	Boron trifluoride.	Lb.	SALT	100	R
83400	Sodium compounds:				
83400	Sodium carbonate, calcined or soda ash.	Lb.	SALT	1,000	R
83400	Caustic soda ash.	Lb.	SALT	1,000	R
83400	Sodium bisulfate and chromate.	Lb.	SALT	100	R
83400	Sodium cyanide.	Lb.	SALT	100	R
83400	Sodium hydrosulfide or caustic soda, except in packages of less than 50 pounds (report packages of less than 50 pounds in 837300):				
837300	Solid.	Lb.	SALT	1,000	R
837300	Liquid (converted to dry weight for statistical pur- poses).	Lb.	SALT	1,000	R
837300	Sodium chloride and perchlorate.	Lb.	SALT 65	100	R
837300	Sodium fluoride.	Lb.	SALT 65	100	R
837300	Sodium nitrate, except as explosive or fertilizer or medi- cal (report explosives in 83000-830500; fertilizer in 830500; and medicinal in 831500).	Lb.	FERT	300	R
837300	Sodium persulfate.	Lb.	SALT 65	100	R
837300	Sodium peroxide.	Lb.	SALT	100	R
837300	Tin compounds.	Lb.	PLAT	50	R
837300	Ammonium compounds, except fertilizers (except fertil- izers and fertilizer materials in 83000-83300):				
838400	Ammonium nitrate, n. e. c. (specify by name):				
838400	Ammonium carbamate.	Lb.	FERT	100	R
838400	Ammonium chloride.	Lb.	SALT	25	R
838400	Ammonium perchlorate.	Lb.	SALT	100	R
838400	Ammonium phosphate.	Lb.	FERT	200	R
838400	Ammonium sulfate.	Lb.	FERT	200	R
838400	Ammonium persulfate.	Lb.	SALT	100	R
838400	Dicyanodiamide.	Lb.	SALT	100	R
838400	Guanidine nitrate.	Lb.	SALT	100	R
838400	Hydrazine, hydrazine hydrate, and hydrazine salts.	Lb.	SALT	None	R
838400	Urea.	Lb.	FERT	200	R
838400	Gases, compressed, liquefied, and solidified, except lique- fied petroleum gases (report liquefied petroleum gases in 838500):				
838500	Gasoline refrigerants (specify by name):				
838500	Trichloromonofluoromethane (Freon 11); and di- chlorodifluoromethane (Freon 12).	Lb.	SALT 1	100	R
838500	Other chlorofluoromethanes (Freons).	Lb.	SALT 1	25	R
838500	Methyl chloride.	Lb.	SALT	500	R
838500	Military gases:				
838500	Genetrons.	Lb.	SALT	25	R
838500	Antimony salts and compounds:				
838500	Antimony oxides (tri-, tetra-, penta-).	Lb.	PLAT 71	100	R
838500	Antimony sulfide.	Lb.	PLAT 71	100	R
838500	Other antimony salts and compounds, except sodium meta-antimonate.	Lb.	PLAT 71	100	R
838500	Hydrogen peroxide or dioxide (over 50% strength).	Lb.	SALT 64	None	R
838500	Metal salts of organic compounds (specify by name):				
838500	Cadmium acetate (formerly 832900).	Lb.	SALT	25	R
838500	Other cadmium salts of organic compounds (formerly 832900).	Lb.	SALT	25	R
838500	Cerium oxalate (formerly 832900).	Lb.	SALT 64	None	R
838500	Cobalt sulfate (formerly 832900).	Lb.	ORGN	None	R

Report value of initial shipment contained separately in commodity numbers 819011 or 819012, but include weight of contents with gross weight of their contents.

Many of the gases classified under Schedule B No. 838500 require export authorization from the Department of State. See § 270.5 and Note.

[illegible]

¹¹ Many of the explosives classified under Schedule B No. 80000 require export authorization from the Department of State. See 47 Fed. Reg. 11,000.

LORING K. MACY,

Director, Office of International Trade.

[P. R. Doc. 52-2110; Filed, Feb. 20, 1952; 8:51 a. m.]

[5th Gen. Rev. of Export Regs., Amnd. P. L. 69.]

PART 399—POSITIVE LIST OF COMMODITIES AND RELATED MATTERS

ERRATA

Section 399.1 Appendix A—Positive List of Commodities is amended in the following particulars:

The Positive List of Commodities, as published in Amendment P. L. 68,¹ is corrected as set forth below. Unless otherwise indicated, each revised entry is substituted for the single entry which appeared in Amendment P. L. 68,² against the similar Schedule B number.

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated license required
102010	Molasses, inedible (report edible molasses in 103100). Rubber hose and tubing (report surgical tubing in 204100). Other wrapped and hand-built hose, neoprene and N-type only, except automotive and garden (specify whether 3 inches and over, or under 3 inches) (formerly 208000). ³	Gal.	FOOD	250	RO
208000		Lb.	RUBR. II	250	R
211100	Naval stores: Wood resins including tall oil resin (except B wood resin) (report B wood resin in 211100).	Lb.	AGCH	500	RO
322605	Jute burlap cloth.	Lb.	TEXT	50	RO
341100	Cordage, except of cotton or jute (report cotton in 301800 and jute in 321100):	Lb.	TEXT 1	1,000	RO
341200	Single twine (report burlap twine in 341100, 341200 and 341300).	Sq. yd.	RESN	100	R
341300	Broadwoven plastic fabric based on vinyl or vinylidene chloride resins and copolymers thereof (report B wood resin in 211100).	Lb.	AGCH	500	RO
341400	Copolymer of vinylidene chloride and vinylidene fluoride (report B wood resin in 211100).	Lb.	AGCH	500	RO
341500	Normal butane, normal hexane, and Sovased (formerly 301800) (oil of 42 gal.).	Lb.	TEXT	50	RO
341600	Tri-n-butyl tin (not defined), except in cans, old, embossed (formerly 301800) (report defined or rusted steel in 301800 and 301900).	S. ton	TNPL	1,000	RO
341700	Electrical (steel) sheets, and strip, transformer grades. ⁴	Lb.	STEE	100	RO
341800	Other electrical (steel) sheets, and strip. ⁵	Lb.	STEE	1,000	RO
341900	Tempered, decorated, embossed, lithographed, lacquered, or otherwise advanced, including lithographic misprints (formerly 301800).	Lb.	TNPL	1,000	RO
342000	Structural shapes and piling: Carbon steel (formerly 301800).	S. ton	STEE	1,000	RO
342100	Castings, iron and steel, rough and semifinished: Locomotive wheel tires (formerly 301800).	Lb.	STEE 13	500	RO
342200	Other railway car wheels (chilled iron wheels) (formerly 301800).	Lb.	STEE 13	100	RO
342300	Diestocks, brass and bronze, and bushings, brass and bronze, specially fabricated for hand-operated tools (formerly 301800).	Lb.	NONF	200	RO
342400	Wood saws: Copper (formerly 301800).	Gross	NONF	100	RO

*The commodities described in this Positive List entry are exempted from the provisions of General In-Transit License G17. See 371.9 (c).

¹ The above entry is substituted for the second entry presently on the Positive List under Schedule B No. 218920.

² The above revised entry is substituted for the second and third entries presently on the Positive List under Schedule B No. 381685.

³ This entry was omitted in Amendment P. L. 68.

⁴ The above revised entry is substituted for the second entry presently on the Positive List under Schedule B No. 313000.

⁵ The above revised entry is substituted for the 2 entries presently on the Positive List under Schedule B No. 603500.

⁶ The above 2 entries are substituted for the entry presently on the Positive List under Schedule B No. 610000.

⁷ This is an additional entry under Schedule B No. 613200.

⁸ This amendment was published in Current Export Bulletin No. 657, dated February 7, 1952.

⁹ See P. R. Doc. 52-2110, *supra*.

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated license required
418265	Basic hardware: Bolts, screws, nuts, rivets, and washers, n.e.c., not specially fabricated for particular machines or equipment (specify by name): Aluminum, except wire bolts, screws, and rivets (formerly 603000 and 603008) (include aluminum extruded rivets). ¹ Copper, lead, and zinc (formerly 603008, 603108 and 603008). ²	Lb.	NONF	100	RO
418266	Nails, staples, spikes, and tacks: Wire nails, staples, and spikes (all nails and staples and spikes made from wire): Iron and carbon steel, except staples for office use (formerly 603000). ³ Other steel, except staples for office use (formerly 603000). ⁴ Copper, brass, and bronze, except staples for office use (formerly 603008 and 603008). ⁵ Other nonferrous metals, except staples for office use (formerly 603108). ⁶ Nails, staples, and spikes, except wire: Tacks, copper, brass, and bronze except thumbtacks (formerly 603008 and 603008). ⁷ Tacks, other nonferrous metals, except thumbtacks (formerly 603008). ⁸ Zinc plumbing fixtures and fittings, and specially fabricated parts, n. e. c. (formerly 603008).	Lb.	STEE 20	100	RO
418267	Fabricated steel products: Perforated sheets, carbon steel (formerly 603008). ⁹ Perforated sheets, alloy steel (formerly 603008). ¹⁰ Bridges, portable and knockdown, and specially fabricated parts, n. e. c. (all metals) (formerly 603000 and 603000). ¹¹	Lb.	STEE 20	100	RO
418268	Welding rods and wires: Covered rod and electrodes or ceramic electrodes (formerly 603008). ¹² Cobalt (formerly 1957) (or more cobalt by weight) (formerly 603000 and 603000). ¹³ Tungsten, including tungsten carbide (formerly 603000). ¹⁴	Lb.	MINL	25	RO
418269	Metal powders: Aluminum or aluminum-bronze powders and pastes (aluminum content) (formerly 603000). ¹⁵ Felt and half (less than .006 inch in thickness) (report paper-backed felt in 480100). ¹⁶ Beryllium foil (formerly 603008). ¹⁷ Metal manufactures, n. e. c., not specially fabricated for particular machines or equipment: Iron and steel (specify by name): Tubular steel scaffolding equipment (formerly 603008). ¹⁸ Packing, stainless steel (formerly 603008). ¹⁹ Other metals, except precious (specify by name and type of metal): Brass or bronze bushings and shims (formerly 603000). ²⁰ Zinc manufactures (formerly 603008). [5th Gen. Rev. of Export Regs., Amdt. P. L. 70¹]

PART 399—POSITIVE LIST OF COMMODITIES AND RELATED MATTERS

MISCELLANEOUS AMENDMENTS

Section 399.1 Appendix A—Positive List of Commodities is amended in the following particulars:

1. The following revisions are made in commodity descriptions. These revisions include changes in validated license control.

Dept. of Commerce Schedule B No.	Commodity	Unit	Processing code and related commodity group	GLV dollar value limits	Validated license required
025998	Hides and skins, raw, n. e. c. (include whole skins and parts thereof): Cattle hide parts (including, but not limited to, bellies, croupions, shoulders, butts, and splits).	Lb. ¹	LEAT	100	RO
469200	Rags for paper stock: New cotton cuttings, valued \$150 or over per ton (formerly 469000). ²	S. ton	TEXT	150	RO
503900	Petroleum products, n. e. c. (specify by name) (report finished petroleum sprays in 520500 and 520600; finished blended gasoline in 501610-501700, and jet fuels in 529920).	Lb. or Gal. ³	PETR	25	RO
596098	Crude sulfur, of less than 85 percent sulfur content; and sulfur ores (formerly 571400). ⁴	L. ton	SALT 38	25	RO
607710	Pipe and tubing, carbon steel, n. e. c. (formerly 607705 and 620998). ⁵	Lb.	STEE 17	100	RO
607710	Pipe and tubing, alloy steel, except stainless, n. e. c. (formerly 607705 and 620998). ⁵	Lb.	STEE 17	100	RO
608200	Steel wire, n. e. c. (all round, shaped, and flat wire regardless of use) (report electrical insulated wire and cable in 706810-706855): Galvanized wire (all steel grades) (report fencing and netting in 619047; barbed and twisted wire in 608300; and wire strand in 619055). ⁶	Lb.	STEE	100	RO
618857	Base hardware: Hardware, n. e. c. (specify by name): Copper-base alloy (including brass and bronze) plumbing fixtures and fittings (including pipe valves with working pressure not exceeding 125 PSI W. O. G. ratings), and specially fabricated parts, n. e. c. (specify by name) (formerly 645600, 646900 and 669198) (report pipe valves with working pressures over 125 PSI W. O. G. rating in 774460). ⁷	Lb.	CDGS	25	RO
618059	Pipe fittings of: aluminum; copper; lead; and zinc (formerly 630998, 643998, 651508 and 638998). Metal powders:	Lb. ⁸	NONF	100	RO
619140	Other copper and copper-base alloys (specify type of metal and copper content) (formerly 643998 and 647998). ⁹	Lb.	NONF	100	RO
619159	Selenium (specify selenium content and grade) (formerly 669198). ¹⁰	Lb.	MINL	None	RO
619950	Metal manufactures, n. e. c., not specially fabricated for particular machines or equipment: Other metals, except precious (specify by name and type of metal): Selenium metal and metal composition manufactures, n. e. c. (specify selenium content) (formerly 669198). ¹¹	-----	MINL	25	RO

¹ The unit of quantity is changed from number to pound.

² The above revised entry is substituted for the entry presently on the Positive List under Schedule B No. 469200. The effect of this revision is to remove from the Positive List new cotton cuttings valued \$100 and over, but under \$150 per ton, and the GLV dollar-value limit is changed from \$100 to \$150.

³ The appropriate unit of quantity is now required for the commodities included on the Positive List under Schedule B No. 503900.

⁴ The above revised entry is substituted for the third entry presently on the Positive List under Schedule B No. 596098. The effect of this revision is to correct the GLV dollar-value limit from \$100 to \$25. The description is revised without making substantive change.

⁵ The above revised entries are substituted for the two entries presently on the Positive List under Schedule B No. 607710. The effect of this revision is to correct the descriptions and to change the GLV dollar-value limit from \$1,000 to \$100 for vitrified steel pipe (formerly Schedule B No. 620998).

⁶ The above revised entry is substituted for the two entries presently on the Positive List under Schedule B No. 608200. The single \$100 GLV dollar-value limit now applies to all galvanized wire classified under Schedule B No. 608200.

⁷ The above revised entry is substituted for the two entries presently on the Positive List under Schedule B No. 618857. The effect of this revision is to reduce the GLV dollar-value limits of brass and bronze flushtank levers from \$300 to \$25.

⁸ The unit of quantity "pounds" is hereby added.

⁹ The above revised entry is substituted for the third entry presently on the Positive List under Schedule B No. 619140. The effect of this revision is to require that a statement of the copper content be shown on license applications for copper and copper-base alloy powders.

¹⁰ The above revised entry is substituted for the second entry presently on the Positive List under Schedule B No. 619159. The effect of this revision is to reduce the GLV dollar-value limits from \$25 to none and to require that a statement of the selenium content be shown on license applications for selenium powder.

¹¹ The above revised entry is substituted for the 18th entry presently on the Positive List under Schedule B No. 619950. The effect of this revision is to require that statements of the selenium content be shown on license applications for selenium metal and metal composition manufactures, n. e. c.

This part of the amendment shall become effective as of 12:01 a. m., February 14, 1952.

¹ Part 1 of this amendment regarding changes in commodity descriptions was published in Current Export Bulletin No. 657, dated February 7, 1952. Part 2 regarding commodity deletions was published in Current Export Bulletin No. 658, dated February 14, 1952.

2. The following commodities are deleted from the Positive List:

Dept. of Commerce Schedule B No.	Commodity
322402	Jute bags or sacks (including bags or sacks of mixed fibers, jute chief weight):
322405	New:
322905	Used or reclaimed, weighing less than 2 pounds per bag or sack (formerly 322407). Jute burlap cloth.
384083	Waste and partially manufactured man-made (synthetic) fiber, including tops, aliver and roving:
384085	Nylon producers' and low-twist mill thread waste (formerly 382005).
384089	Nylon rags and clips (including used hosiery for reclaimed fiber) (formerly 383005).
384089	Nylon noils, garnetts, and shoddy (formerly 383005).

This part of the amendment shall become effective as of February 11, 1952.

Shipments of any commodities removed from general license to Country Group R or Country Group O destinations, or whose GLV dollar-value limits were reduced, as a result of changes set forth in Part 1 of this amendment which were on dock, on lighter, laden aboard an exporting carrier, or in transit to a port of exit pursuant to actual orders for export prior to 12:01 a. m., February 14, 1952, may be exported under the previous general license provisions up to and including March 8, 1952. Any such shipment not laden aboard the exporting carrier on or before March 8, 1952, requires a validated license for export.

(Sec. 3, 63 Stat. 7; Pub. Law '33, 82d Cong.; 50 U. S. C. App. Sup. 2023. E. O. 9630, Sept. 27, 1945, 10 F. R. 12245, 3 CFR, 1945 Supp.; E. O. 9919, Jan. 3, 1948, 13 F. R. 59, 3 CFR, 1948 Supp.; Pub. Law 33, 82d Cong.)

LORING K. MACY,
Director,

Office of International Trade.

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 63]

PART 600—DESIGNATION OF CIVIL AIRWAYS

ALTERATION

The civil airway alteration appearing hereinafter has been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee and is adopted to become effective when indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest, and therefore is not required.

Part 600 is amended as follows:

1. Section 600.221 *Red civil airway No. 21 (Pittsburgh, Pa., to Boston, Mass.)* is amended by changing the portion be-

tween the Williamsport, Pa., radio range station and the Newark, N. J., radio range station to read: "From the Williamsport, Pa., radio range station via the Crystal Lake, Pa., non-directional radio beacon to the Newark, N. J., radio range station."

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or applies sec. 302, 52 Stat. 985, as amended; 49 U. S. C. 425)

This amendment shall become effective 0001 e. s. t., February 25, 1952.

F. B. LEE,
Acting Administrator of
Civil Aeronautics.

[F. R. Doc. 52-2063; Filed, Feb. 20, 1952;
8:45 a. m.]

[Amdt. 62]

PART 600—DESIGNATION OF CIVIL
AIRWAYS
ALTERATIONS

The civil airway alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and are adopted to become effective when indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest, and therefore is not required.

Part 600 is amended as follows:

1. Section 600.213 is amended by changing caption to read: "Red civil airway No. 13 (Butler, Pa., to Boston, Mass.)" and by adding a first portion to read: "From the Butler, Pa., non-directional radio beacon to the Phillipsburg, Pa., radio range station."

2. Section 600.274 is amended by changing caption to read: "Red civil airway No. 74 (Bowling Green, Ky., to Dayton, Ohio)" and by adding a first portion to read: "From the intersection of the northeast course of the Bowling Green, Ky., radio range and a line bearing 171° True from the Godman AFB non-directional radio beacon via the Godman AFB, Fort Knox, Ky., non-directional radio beacon to the intersection of the west course of the Louisville, Ky., radio range and a line bearing 354° True from the Godman AFB non-directional radio beacon, excluding the portion which overlaps danger areas."

3. Section 600.294 Red civil airway No. 94 (Providence, R. I., to Hyannis, Mass.) is amended by substituting the words "Hyannis, Mass., Airport" for the words "Hyannis, Mass., non-directional radio beacon."

4. Section 600.663 Blue civil airway No. 63 (Olathe, Kans., to Topeka, Kans.) is revoked.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 302, 52 Stat. 985, as amended; 49 U. S. C. 425)

This amendment shall become effective 0001 e. s. t., February 19, 1952.

[SEAL] C. F. HORNE,
Administrator of Civil Aeronautics.

[F. R. Doc. 52-2146; Filed, Feb. 19, 1952;
4:35 p. m.]

[Amdt. 67]

PART 601—DESIGNATION OF CONTROL
AREAS, CONTROL ZONES, AND REPORTING
POINTS

ALTERATIONS

The control area, control zone and reporting point alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and are adopted to become effective when indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to public interest, and therefore is not required.

Part 601 is amended as follows:

1. Section 601.213 is amended by changing caption to read: "Red civil airway No. 13 control areas (Butler, Pa., to Boston, Mass.)."

2. Section 601.216 Red civil airway No. 16 control areas (Tallahassee, Fla., to Florence, S. C.) is amended by deleting the last portion which reads: "excluding the portion which overlaps the Fort Jackson danger area."

3. Section 601.274 is amended by changing caption to read: "Red civil airway No. 74 control areas (Bowling Green, Ky., to Dayton, Ohio)."

4. Section 601.663 Blue civil airway No. 63 control areas (Olathe, Kans., to Topeka, Kans.) is revoked.

5. Section 601.1006 is amended to read:

§ 601.1006 Control area extension (Lake Charles, La.). All that area within a 25-mile radius of the Lake Charles radio range station in the southeast, southwest and northwest quadrants of the radio range and within a 15-mile radius of the radio range station in the northeast quadrant of the radio range including the area within 5 miles on the east side of the north course of the Lake Charles radio range extending from the radio range station to a point 25 miles north.

6. Section 601.1014 is amended to read:

§ 601.1014 Control area extension (Greenville, S. C.). Within 5 miles either side of the north and south courses of the Greenville radio range extending from the radio range station to points 20 miles north and south and within 5 miles either side of the west course of the radio range extending from the radio range station to a point 25 miles west.

7. Section 601.1112 is amended to read:

§ 601.1112 Control area extension (Fort Dix, N. J.). All that area bounded

on the north by Red civil airway No. 3, on the east by Amber civil airway No. 9, on the southeast by Green civil airway No. 5, on the southwest by Red civil airway No. 73 and on the west by Blue civil airway No. 20, excluding the portion which overlaps the Fort Dix, N. J., danger area and the Lakehurst, N. J., caution area.

8. Section 601.1983 Three-mile radius zones is amended by adding the following airport: "Manchester, N. H.: Grenier Air Force Base"; by deleting the following airport: "Willow Grove, Pa.: Naval Air Station"; and by correcting the name of the airport at Santa Monica, Calif., from "Clover Field" to "Santa Monica Municipal Airport."

9. Section 601.1984 Five-mile radius zones is amended by adding the following airport: "San Marcos, Tex.: San Marcos Air Force Base."

10. Section 601.2029 is amended to read:

§ 601.2029 Fort Worth, Tex., control zone. All that area within a 5-mile radius of Meacham Field, within a 5-mile radius of Carswell Air Force Base, within 2 miles either side of the north course of the Fort Worth radio range extending from the radio range station to the Haslet fan marker and within 2 miles either side of the south course of the radio range extending from the radio range station to the intersection of the south course of the Fort Worth radio range with the west course of the Dallas, Tex., radio range.

11. Section 601.2040 is amended to read:

§ 601.2040 Smyrna, Tenn., control zone. Within a 5-mile radius of Sewart Air Force Base and within 2 miles either side of a line bearing 139° True extending from the Sewart AFB non-directional radio beacon to a point 10 miles southeast.

12. Section 601.2139 Cress City, Fla., control zone is amended by correcting the name "Cress City, Fla." to read "Cross City, Fla." wherever it appears.

13. Section 601.2199 is amended to read:

§ 601.2199 Syracuse, N. Y., control zone. Within a 3-mile radius of Clarence E. Hancock Airport, within 2 miles either side of the Syracuse ILS localizer course extending from the localizer to the outer marker and within 2 miles either side of a direct line extending westward from the airport to the Syracuse radio range station.

14. Section 601.2222 is amended to read:

§ 601.2222 Austin, Tex., control zone. All that area within a 5-mile radius of the Robert Mueller Airport, within a 5-mile radius of Bergstrom Air Force Base, within 2 miles either side of the northwest course of the Austin, Tex., radio range extending from the radio range station to the Lake Travis fan marker and within 2 miles either side of the Austin ILS localizer course extending from the airport to the ILS outer marker.

15. Section 601.2262 *Honolulu, T. H., control zone* is amended by correcting name of airport to read: "Honolulu International Airport."

16. Section 601.2302 is added to read:

§ 601.2302 *Willow Grove, Pa., control zone.* Within a 5-mile radius of a point located at lat. 40°11'40", long. 75°06'25" and within 2 miles either side of the northeast and northwest courses of the Willow Grove (Navy) radio range extending from the radio range station to points 10 miles northeast and northwest.

17. Section 601.2303 is added to read:

§ 601.2303 *Great Falls, Mont., control zone.* Within a 5-mile radius of the Great Falls Air Force Base, excluding the portion which overlaps the Great Falls Municipal Airport control zone.

18. Section 601.2304 is added to read:

§ 601.2304 *Fort Knox, Ky., control zone.* Within a 5-mile radius of the Godman Air Force Base and within 2 miles either side of a line bearing 354° True extending from the Godman AFB non-directional radio beacon to a point 10 miles north, excluding the portion which overlaps danger areas.

19. Section 601.2305 is added to read:

§ 601.2305 *Lawton, Okla., control zone.* Within a 3-mile radius of Lawton Municipal Airport and within 2 miles either side of the 357° True and 177° True radials of the Lawton omnirange extending from the Lawton Municipal Airport to a point 10 miles south of the omnirange station.

20. Section 601.4101 *Amber civil airway No. 1 (U. S.-Mexican Border to Nome, Alaska)* is amended by adding the following reporting point after the Merced, Calif. (Castle), radio range station; "the intersection of the east course of the Stockton, Calif., radio range and the southeast course of the Sacramento, Calif., radio range;"

21. Section 601.4213 is amended by changing caption to read: "Red civil airway No. 13 (Butler, Pa., to Boston, Mass.)."

22. Section 601.4274 is amended by changing caption to read: "Red civil airway No. 74 (Bowling Green, Ky., to Dayton, Ohio)."

23. Section 601.4663 *Blue civil airway No. 63 (Olathe, Kans., to Topeka, Kans.)* is revoked.

24. Section 601.4670 is amended to read:

§ 601.4670 *Blue civil airway No. 70 (Ardmore, Okla., to Tulsa, Okla.).* Ardmore, Okla., non-directional radio beacon.

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective 0001 e. s. t., February 19, 1952.

[SEAL] C. F. HORNE,
Administrator of Civil Aeronautics.

[P. R. Doc. 52-2147; Filed, Feb. 19, 1952; 4:35 p. m.]

[Amdt. 14]

PART 608—DANGER AREAS

ALTERATIONS

The danger area alterations appearing hereinafter have been coordinated with the civil operators involved, the Army, the Navy, and the Air Force, through the Air Coordinating Committee, Airspace Subcommittee, and are adopted to become effective when indicated in order to promote safety of the flying public. Since a military function of the United States is involved, compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act is not required.

Name and location (chart)	Description by geographical coordinates	Designated altitudes	Time of designation	Using agency
CLOVIS (Albuquerque Chart).	N boundary: lat. 34°21'10" N; E boundary: long. 103°44'45" W; S boundary: lat. 34°12'25" N; W boundary: long. 103°51'00" W.	Surface to 30,000 feet.	Continuous...	Clovis AFB, Clovis, N. Mex.

3. In § 608.48, the Fort Jackson, South Carolina, area, published on July 16, 1949, in 14 F. R. 4295, and amended on May 2, 1950, in 15 F. R. 2463, is further amended by changing the "Description by Geographical Coordinates" column to read: "Beginning at lat. 34°03'51" N, long. 80°42'12" W; southerly to lat. 34°01'40" N, long. 80°42'15" W; W to lat. 34°01'50" N, long. 80°55'15" W; NW to lat. 34°02'21" N, long. 80°56'02" W; NE to lat. 34°04'45" N, long. 80°53'02" W; ENE to lat. 34°06'19" N, long. 80°48'47" W; ESE to lat. 34°05'58" N, long. 80°46'05" W; SE to lat. 34°08'51" N, long. 80°42'12" W, point of beginning."

4. In § 608.51, the Corpus Christi, Texas, area, published on July 16, 1949, in 14 F. R. 4295, amended on May 10, 1951, in 16 F. R. 431, and on January 24, 1952, in 17 F. R. 715, is further amended by changing the "Description by Geographical Coordinates" column to read: "Beginning at lat. 27°49'20" N, long. 97°00'00" W; southerly, 3 nautical miles from and parallel to the shoreline to lat. 26°15'00" N, long. 97°07'20" W; due W to lat. 97°26'00" W; NNW to lat. 26°30'30" N, long. 97°31'30" W; ENE to lat. 26°31'30" N, long. 97°27'30" W; counterclockwise along the arc of a circle 3 miles in radius, centered at Port Mansfield Airport (lat. 26°33'35" N, long. 97°25'40" W) to lat. 26°33'45" N, long. 97°28'30" W; WSW to lat. 26°33'00" N, long. 97°32'20" W; NNW to lat. 27°17'30" N, long. 97°48'30" W; WSW to the E edge of Amber Civil Airway No. 4 at lat. 27°16'30" N, long. 97°51'15" W; northerly along the E edge of Amber Civil Airway No. 4 to lat. 27°29'00" N, long. 97°55'15" W; ENE to lat. 27°30'00" N, long. 97°52'00" W; counterclockwise along the arc of a circle 2 miles in radius, centered at lat. 27°31'30" N, long. 97°52'45" W to lat. 27°32'40" N, long. 97°51'00" W; NNW to a point on the SE edge of Blue Civil Airway No. 30 at lat. 27°33'40" N, long. 97°51'45" W; NE and E along the SE edge of Blue Civil Airway No. 30 and the S edge of Green Civil Airway No. 6 to lat. 27°43'20" N, long. 97°33'30" W; counter-

Part 608 is amended as follows:

1. In § 608.17, the Bethany Beach, Delaware, area, published on January 18, 1951 in 16 F. R. 455, and amended on June 19, 1951 in 16 F. R. 5834, is further amended by changing the "Description by Geographical Coordinates" column to read: "Beginning at lat. 38°36'50" N, long. 74°59'50" W; southerly paralleling the shoreline at a distance of 3 nautical miles to lat. 38°20'45" N, long. 75°00'20" W; W to lat. 38°21'00" N, long. 75°05'00" W; due N to lat. 38°31'00" N; NE to lat. 38°36'50" N, long. 74°59'50" W, point of beginning."

2. In § 608.39, a Clovis, New Mexico, area is added to read:

clockwise along the arc of a circle 3 miles in radius, centered at Cuddihy Field (lat. 27°43'15" N, long. 97°30'30" W) to lat. 27°40'30" N, long. 97°29'40" W; NE to lat. 27°47'00" N, long. 97°20'00" W; ENE to lat. 27°49'30" N, long. 97°07'30" W; counterclockwise along the arc of a circle 3 miles in radius, centered at Port Aransas Airport (lat. 27°49'45" N, long. 97°04'30" W) to lat. 27°49'30" N, long. 97°01'30" W; easterly to lat. 27°49'20" N, long. 97°00'00" W, point of beginning."

(Sec. 205, 52 Stat. 984, as amended; 49 U. S. C. 425. Interpret or apply sec. 601, 52 Stat. 1007, as amended; 49 U. S. C. 551)

This amendment shall become effective on February 21, 1952.

[SEAL] C. F. HORNE,
Administrator of Civil Aeronautics.

[P. R. Doc. 52-2145; Filed, Feb. 20, 1952; 8:58 a. m.]

TITLE 32A—NATIONAL DEFENSE, APPENDIX

Chapter III—Office of Price Stabilization, Economic Stabilization Agency

[Ceiling Price Regulation 60, Amendment 5]

CPR 60—CASTINGS

ADJUSTMENT IN CEILING PRICES FOR ZINC BASE DIE CASTINGS

Pursuant to the Defense Production Act of 1950, as amended (Pub. Law 774, 81st Cong., Pub. Law 96, 82d Cong.), Executive Order 10161 (15 P. R. 6105), and Economic Stabilization Agency General Order No. 2 (16 F. R. 738), this Amendment 5 to Ceiling Price Regulation 60 is hereby issued.

STATEMENT OF CONSIDERATIONS

This amendment to Ceiling Price Regulation 60 increases the ceiling prices previously established for zinc base die castings in order to reflect an increase in the cost of zinc and zinc base alloy ingots.

Supplementary Regulations 70 and 71 to the General Ceiling Price Regulation, issued and effective October 2, 1951, among other things increased by 2 cents per pound the ceiling price previously established for slab zinc, both domestic and imported, and Supplementary Regulation 76 to the General Ceiling Price Regulation, issued and effective October 24, 1951, increased the ceiling prices for zinc base alloys by 2 cents per pound of zinc content.

Zinc base alloys, generally containing 95% or more zinc, are one of the principal metals used in the production of die castings. Some die casting producers purchase slab zinc and do their own alloying while others, principally the smaller companies, purchase zinc base alloy ingots. At the request of representatives of the castings industry, the Office of Price Stabilization has undertaken a study to determine whether the ceiling prices established for die castings by CPR 60 are generally fair and equitable. Although this survey has not been completed, sufficient information has been obtained to indicate that an adjustment in such ceiling prices is required under the industry earnings standard. It is not possible, on the basis of data presently available, to determine the exact amount of the adjustment which will be needed, but it seems clear that the industry cannot be required to absorb the increase in costs resulting from the rise in the prices of zinc and zinc base alloys and this amendment therefore permits a pass through of such increase. It is anticipated that our study will be completed in the near future and if it is found that further adjustment in the ceiling prices for die castings is required, appropriate action will be taken.

In formulating this amendment, the Director consulted with industry representatives, including trade association representatives, and gave consideration to their recommendations.

AMENDATORY PROVISIONS

Ceiling Price Regulation 60 is amended in the following respects:

1. Section 2a (a) (1) is amended to read as follows:

(1) In calculating metal costs you may elect to use either a weighted average cost for metal during the 30-day period immediately preceding the date specified in section 3 or 4 or a cost calculated on the basis of the last delivery of metal to you prior to such date. If you elect to use a weighted average cost, you must determine that cost in accordance with subparagraph (2) of this paragraph. If you elect to use a metal cost calculated on the "last delivery" basis, you must do so in accordance with subparagraph (3) of this paragraph. You must, however, use the same method of calculating metal costs for all castings produced by you, and you may not change your method after you have made the election permitted herein and have put the regulation into effect. If you are pricing a zinc base die casting, you may add to the metal cost determined in accordance with subparagraph (2) or (3) of this

paragraph the increase permitted by subparagraph (4) of this paragraph.

2. In paragraph (a) of section 2a, a new subparagraph (4) is added to read as follows:

(4) If you are determining a ceiling price for a zinc base die casting, you may add to the metal cost determined in accordance with subparagraph (2) or (3) of this paragraph an amount not in excess of 2 cents per pound of the zinc content of the metal used.

3. Section 3 (a) (2) (i) is amended to read as follows:

(i) Determine the metal cost factor included in the price on your base date price list as of the date of issuance of your base date price list calculated in accordance with paragraph (a) of section 2a of this regulation. (If you are pricing a zinc base die casting, you do not have to make the adjustment provided for in section 2a (a) (4)). If, however, you are a producer of nonferrous castings and do your own alloying, determine the metal cost factor by using the price for the alloy ingot involved which you used in calculating the price on your base date price list.

4. Section 3 (a) (2) (iii) is amended to read as follows:

(iii) Determine a new metal cost factor by using metal costs as of July 30, 1951, calculated in accordance with paragraph (a) of section 2a of this regulation. If, however, you are a producer of nonferrous castings and do your own alloying, you must determine your new metal cost factor by using the ceiling price for the alloy ingot involved established by the applicable OPS regulation as of July 30, 1951, or, in the case of zinc base alloys, as of October 31, 1951. In determining such ceiling price you may assume that you purchased the alloy ingot at one time in the quantity necessary to produce the number of castings ordered by your customer.

5. Section 4 (a) (1) (ii) is amended to read as follows:

(ii) If you are a producer of nonferrous castings and do your own alloying, you must determine your metal cost factor by using the price for the alloy ingot involved established by the applicable OPS regulation as of July 30, 1951, or, in the case of zinc base alloy, as of October 31, 1951. In determining such ceiling price you may assume that you purchased the alloy ingot at one time in the quantity necessary to produce the number of castings ordered by your customer.

(Sec. 704, 64 Stat. 816, as amended; 50 U. S. C. App. Sup. 2154)

Effective date. This amendment shall become effective February 19, 1952.

JOSEPH H. FREEHILL,
Acting Director of Price Stabilization.

Chapter XVIII—National Shipping Authority, Maritime Administration, Department of Commerce

[NSA Order No. 60 (DRO-39)]

DRO-39—RATES ON GRAIN IN BULK FROM UNITED STATES PORTS TO EIRE

Sec.

1. What this order does.
2. Freight rates and charter terms and conditions required under "WARSHIPVOY" form of charter as revised August 15, 1944.

AUTHORITY: Sections 1 and 2 issued under sec. 204, 49 Stat. 1987, as amended; 46 U. S. C. 1114.

SECTION 1. *What this order does.* This order hereby authorizes freight rates and charter terms and conditions for the transportation of full cargoes of heavy grain, i. e., wheat, corn, or rye, in bulk, under "WARSHIPVOY" form of charter as revised August 15, 1944 in vessels operated for account of the National Shipping Authority, from one Atlantic, Gulf or Pacific Coast port of the United States to a port of discharge in Eire, effective on vessels commencing to load on and after February 15, 1952. And NSA Order 25 (DRO-20) published in FEDERAL REGISTER issue of June 1, 1951 (16 F. R. 5128) is hereby superseded as of February 15, 1952.

SEC. 2. *Freight rates and charter terms and conditions required under "WARSHIPVOY" form of charter as revised August 15, 1944.*

[All rates in U. S. currency per ton of 2,240 pounds]

From:
U. S. Atlantic ports..... \$12.85
U. S. Gulf ports..... 14.35
U. S. Pacific ports..... 18.85

NOTE: Foregoing rates apply to cargoes loaded at one port and discharged at one port; for more than one port of loading or discharge, within the same general area or range, add fifty cents (50¢) U. S. currency per ton for each such additional port, the total rate thus formed to apply on the entire cargo. Cargoes for more than one port of loading or discharge shall be subject to negotiation and mutual agreement between the owners and charterers.

The following clauses are to be inserted in paragraphs E, F, G, H, and I of Part I of WARSHIPVOY:

E. *Freight rate.* (Insert applicable rate in United States currency per ton of 2,240 pounds as above set forth.)

Freight fully prepaid in the United States on bill of lading quantity and to be considered due and payable and earned on the cargo as taken aboard, vessel and/or cargo lost or not lost.

Demurrage. Charterers to pay demurrage at the rate of \$.....¹ per day for each and every day or pro rata for part of a day for all time used in loading or discharging in excess of allowed laytime.

Despatch. No despatch payable at loading port. Despatch if earned at discharging port will be payable at the rate of one-half (½) the demurrage rate per day, or pro rata for part of a day, for all laytime saved in discharging.

F. *Stevedoring.* Loading and trimming to be for the vessel's account; discharging expenses to be for charterer's account.

G. *Loading time.* A maximum of five (5) days, Sundays and holidays excepted unless used, shall be allowed for loading. Time lost in loading due to weather preventing loading shall not count as laytime.

H. *Discharging time.* Cargo shall be discharged at the rate of 800 tons per day, Sundays and holidays excepted unless used. Time lost in discharging due to weather preventing discharge shall not count as laytime.

I. *Special provisions.* 1. Laydays not reversible.

2. Any bags and/or bagging required for safe stowage to be for vessel's account.

3. Any lightening required to enable vessel to reach her destination to be at charterer's risk and expense and time occupied to count as laytime.

4. *General average clause.* The adjustment and settlement of general average claims, pursuant to Clause 21, Part II, shall be governed by the York-Antwerp Rules of 1950, exclusive of Rule 22.

5. Wherever the words "United States Maritime Commission" appear in Part II hereof same shall be understood to mean National Shipping Authority.

6. This contract is subject to the approval of the National Shipping Authority.

Approved: February 12, 1952.

[SEAL]

C. H. MCGUIRE,
Director,
National Shipping Authority.

[F. R. Doc. 52-2127; Filed, Feb. 20, 1952;
8:56 a. m.]

[NSA Order No. 61 (DRO-40)]

DRO-40—RATES ON GRAIN IN BULK FROM UNITED STATES PORTS TO THE UNITED KINGDOM AND NORTHERN IRELAND

Sec.

1. What this order does.
2. Freight rates and charter terms and conditions required under "WARSHIPVOY" form of charter as revised August 15, 1944.

AUTHORITY: Sections 1 and 2 issued under sec. 204, 49 Stat. 1987, as amended; 46 U. S. C. 1114.

SECTION 1. *What this order does.* This order hereby authorizes the following freight rates and charter terms and conditions for the transportation of full cargoes of heavy grain, i. e., wheat, corn or rye, in bulk, under "WARSHIPVOY" form of charter as revised August 15, 1944 in vessels operated for account of the National Shipping Authority, from one Atlantic, Gulf or Pacific Coast port

¹ (Insert applicable demurrage rate, i. e., fifteen hundred dollars (\$1,500) for Liberty type vessels and eighteen hundred dollars (\$1,800) for Victory type vessels.)

of the United States to a port of discharge in the United Kingdom or Northern Ireland, effective on vessels commencing to load on and after February 15, 1952. And NSA Order 24 (DRO-19) and NSA Order 25 (DRO-20) published in FEDERAL REGISTER issue of June 1, 1951 (16 F. R. 5127 and 5128) are hereby superseded as of February 15, 1952.

SEC. 2. *Freight rates and charter terms and conditions required under "WARSHIPVOY" form of charter as revised August 15, 1944.*

[All rates in U. S. currency per ton of 2,240 pounds]

To—	From United States			
	Atlantic ports	Gulf ports	Pacific ports	Discharge rate
Falmouth or Plymouth.....	\$12.80	\$14.30	\$18.80	1,000
London.....	13.40	14.90	19.40	1,000
Aberdeen/Grimsey Range.....	13.65	15.15	19.65	1,000
All other United Kingdom.....	13.00	14.50	19.00	1,000
Northern Ireland.....	13.35	14.85	19.35	800

NOTE: Foregoing rates apply to cargoes loaded at one port and discharged at one port; for more than one port of loading or discharge, within the same general area or range, add fifty cents (50¢) U. S. currency per ton for each such additional port to the highest applicable rate, the total rate thus formed to apply on the entire cargo. Cargoes for more than one port of loading or discharge shall be subject to negotiation and mutual agreement between the owners and the charterers.

The following clauses are to be inserted in paragraphs E, F, G, H, and I of Part I of "WARSHIPVOY":

E. *Freight rate.* (Insert applicable rate as above set forth, including, if applicable, additions for extra ports of discharge.)

Freight fully prepaid in the United States on bill of lading quantity and to be considered due and payable and earned on the cargo as taken aboard, vessel and/or cargo lost or not lost.

Demurrage. Charterers to pay demurrage at the rate of \$.....¹ per day for each and every day or pro rata for part of a day for all time used in loading or discharging in excess of allowed laytime.

Despatch. No despatch payable at loading port. Despatch if earned at discharging port will be payable at the rate of one-half (½) the demurrage rate per day or pro rata for part of a day for all laytime saved in discharging.

F. *Stevedoring.* Loading and trimming expenses shall be for vessel's account; discharging expenses shall be for charterer's account.

G. *Loading time.* A maximum of five (5) days, Sundays and holidays excepted unless used, shall be allowed for loading. Time lost in loading due to weather preventing loading shall not count as laytime.

H. *Discharging time.* Cargo shall be discharged at the rate of² tons per day, Sundays and holidays excepted unless used. Time lost in discharging due to weather preventing discharge shall not count as laytime.

I. *Special provisions.* 1. Laydays not reversible.

2. Any bags and/or bagging required for safe stowage at loading port to be for vessel's account.

² Insert applicable rate of discharge as shown hereinabove under caption "Discharge rate."

3. Any lightening required to enable vessel to reach her destination to be at charterer's risk and expense and time occupied to count as laytime.

4. Custom of the port to the contrary, it is agreed that in the event of the vessel being ordered to discharge at a port which on arrival is inaccessible on account of insufficient water, and vessel is in all other respects ready to discharge, time shall still commence in accordance with Clause 10 of Part II hereof.

5. Dock dues to the extent levied on vessel's net registered tonnage and charges on volume of fuel in unregistered spaces to be for vessel's account.

6. General average clause: The adjustment and settlement of general average claims, pursuant to Clause 21, Part II, shall be governed by the York-Antwerp Rules of 1950, exclusive of Rule 22.

7. Wherever the words "United States Maritime Commission" appear in Part II hereof same shall be understood to mean National Shipping Authority.

8. This contract is subject to the approval of the National Shipping Authority.

Approved: February 12, 1952.

[SEAL] C. H. MCGUIRE,
Director,
National Shipping Authority.

Chapter XXI—Office of Rent Stabilization, Economic Stabilization Agency

[Rent Regulation 1, Amdt. 3]

RR 1—HOUSING

HOUSING SUPPLIED TO EMPLOYEES OF FEDERAL GOVERNMENT BY AGENCIES THEREOF; REGISTRATION

Effective February 21, 1952, Rent Regulation 1 is amended as set forth below.

(Sec. 204, 61 Stat. 197, as amended; 50 U. S. C. App. Sup. 1694)

Issued this 18th day of February 1952.

TIGHE E. WOODS,
Director of Rent Stabilization.

1. Section 86 is amended to read as follows:

SEC. 86. *Housing supplied to employees of the Federal Government by agencies thereof.* (a) The provisions of this paragraph shall apply to all housing accommodations, supplied or which have been acquired for the purpose of being supplied to employees of the Federal Government under specific Government direction as an incidental service in support of Government programs, for which the rent is or will be set and administered by an agency of the Federal Government. These provisions shall be applicable to housing supplied or which have been acquired for the purpose of being supplied not only to direct Government employees but also to contractors, contractors' employees and all other persons whose housing is essential to the performance of the Government activity. The maximum rent for such housing accommodations shall be the rent charged on February 1, 1952. Where such accommodations are acquired after

February 1, 1952, the maximum rent shall be the maximum rent in effect on the date of acquisition. If any such housing accommodations were not rented on February 1, 1952, or if no maximum rent were in effect on the date of acquisition after February 1, 1952, the maximum rent shall be the first rent charged for such accommodations after such applicable date. If any such housing accommodations were changed after February 1, 1952, or after the date of acquisition, whichever is later, by a substantial increase or decrease in dwelling space, the maximum rent for the housing accommodations resulting from such change shall be the first rent charged after such change. Where on the date determining a maximum rent under this paragraph the landlord had a practice of making specific charges for certain services, furniture, furnishings, or equipment, the maximum rent shall be established on a variable basis, according to the services, furniture, furnishings, or equipment provided. Sections 81 to 85 shall be inapplicable to such housing accommodations.

(b) When a housing accommodation ceases to be subject to the provisions of paragraph (a) of this section, the maximum rent shall be the maximum rent last in effect under paragraph (a) of this section.

2. Section 100 is amended to read as follows:

SEC. 100. *Housing supplied to employees of the Federal Government by agencies thereof.* (a) The provisions of this paragraph shall apply to all housing accommodations, supplied or which have been acquired for the purpose of being supplied to employees of the Federal Government under specific Government direction as an incidental service in support of Government programs, for which the rent is or will be set and administered by an agency of the Federal Government. These provisions shall be applicable to housing supplied or which have been acquired for the purpose of being supplied not only to direct Government employees but also to contractors, contractors' employees and all other persons whose housing is essential to the performance of the Government activity. The maximum rent for such housing accommodations shall be the rent charged on February 1, 1952, or on the effective date of regulation, whichever is later. Where such housing accommodations are acquired after February 1, 1952, or after effective date of regulation, whichever is later, the maximum rent shall be the maximum rent in effect on the date of acquisition. If any such housing accommodations were not rented on February 1, 1952, or on the effective date of regulation, or if no maximum rent were in effect on the date of acquisition after February 1, 1952, or effective date of regulation, whichever is later, the maximum rent shall be the first rent charged for such accommodations after such applicable date. If any such housing accommodations were changed after February 1, 1952, or after the effective date of regulation, whichever is later, or after

the date of acquisition, by a substantial increase or decrease in dwelling space, the maximum rent for the housing accommodations resulting from such change shall be the first rent charged after such change. Where on the date determining a maximum rent under this paragraph the landlord had a practice of making specific charges for certain services, furniture, furnishings, or equipment, the maximum rent shall be established on a variable basis, according to the services, furniture, furnishings, or equipment provided. Sections 91 to 99 shall be inapplicable to such housing accommodations.

(b) When a housing accommodation ceases to be subject to the provisions of paragraph (a) of this section, the maximum rent shall be the maximum rent last in effect under paragraph (a) of this section.

3. Section 206 (c) is amended to read as follows:

(c) *Housing for employees of the Federal Government.* Housing accommodations with a maximum rent established under section 86 (a) or 100 (a).

4. Section 213 is amended to read as follows:

SEC. 213. *Registration of housing operated by governmental agencies.* The provisions of sections 211 (a) and (b), 212, and 214 shall not apply to housing accommodations with a maximum rent originally determined under section 4 (g) of the Rent Regulation for Housing issued pursuant to the Emergency Price Control Act of 1942, as amended, or to housing accommodations with a maximum rent is established under section 86 (a), 98, or 100 (a). The landlord of such housing accommodations shall file a schedule or schedules, setting out the maximum rents for all such accommodations in a particular project and containing such other information as the Director shall require. A copy of such schedule or schedules shall be posted by the landlord in a place where it will be available for inspection by the tenants of such accommodations: *Provided, however,* That the Director may require the landlord to file individual registration statements as required in section 211 where he deems it necessary in order to carry out the provisions of this regulation. If the maximum rent is established under section 86 (a), 98, or 100 (a), the schedules or registration statement shall be filed within 45 days after February 1, 1952, or 45 days after the effective date of regulation or 30 days after first renting the accommodations, whichever is later: *Provided, however,* That if the maximum rent is established under section 98 and was registered prior to February 1, 1952, no further registration shall be required: *And provided further,* That if the maximum rent is established under section 86 (a) or 100 (a) by an acquisition after February 1, 1952, or after the effective date, whichever is later, and was registered on the date of acquisition, no further registration is required.

[Rent Regulation 2, Amdt. 2]

RR 2—ROOMS IN ROOMING HOUSES AND OTHER ESTABLISHMENTS

ROOMS SUPPLIED TO EMPLOYEES OF FEDERAL GOVERNMENT BY AGENCIES THEREOF; EXCEPTIONS

Effective February 21, 1952, Rent Regulation 2 is amended as set forth below.

(Sec. 204, 61 Stat. 197, as amended; 50 U. S. C. App. Sup. 1894)

Issued this 18th day of February 1952.

TIGHE E. WOODS,

Director of Rent Stabilization.

1. Section 86 is amended to read as follows:

SEC. 86. Rooms supplied to employees of the Federal Government by agencies thereof. (a) The provisions of this paragraph shall apply to all rooms, supplied or which have been acquired for the purpose of being supplied to employees of the Federal Government under specific Government direction as an incidental service in support of Government programs, for which the rent is or will be set and administered by an agency of the Federal Government. These provisions shall be applicable to rooms supplied or which have been acquired for the purpose of being supplied not only to direct Government employees but also to contractors, contractors' employees and all other persons whose housing is essential to the performance of the Government activity. The maximum rents for such rooms shall be established as follows: For rooms having established rents on February 1, 1952, the maximum rents shall be the established rents for such rooms on that date for different terms of occupancy and different numbers of occupants. Where such rooms are acquired after February 1, 1952, the maximum rent shall be the maximum rents in effect on the date of acquisition. If a room did not have an established rent or a maximum rent for any—or for a particular—term of occupancy and number of occupants on February 1, 1952, or on the date of acquisition after February 1, 1952, the landlord may establish such maximum rents by registration. If, after February 1, 1952, or after the date of acquisition, a room is first rented for a particular term and number of occupants for which no maximum rent has been established hereunder, the maximum rent shall be the rent first charged after that date for a particular term and number of occupants. Where on the date determining a maximum rent under this paragraph the landlord had a practice of making specific charges for certain services, furniture, furnishings, or equipment, the maximum rent shall be established on a variable basis, according to the services, furniture, furnishings, or equipment provided. Sections 81 to 85 shall be inapplicable to such rooms.

(b) When a room ceases to be subject to the provisions of paragraph (a), of this section, the maximum rent shall be the maximum rent or rents last in effect under paragraph (a) of this section.

2. Section 98 is amended to read as follows:

SEC. 98. Rooms supplied to employees of the Federal Government by agencies thereof. (a) The provisions of this paragraph shall apply to all rooms, supplied or which have been acquired for the purpose of being supplied to employees of the Federal Government under specific Government direction as an incidental service in support of Government programs, for which the rent is or will be set and administered by an agency of the Federal Government. These provisions shall be applicable to rooms supplied or which have been acquired for the purpose of being supplied not only to direct Government employees but also to contractors, contractors' employees and all other persons whose housing is essential to the performance of the Government activity. The maximum rents for such rooms shall be established as follows: For rooms having established rents on the applicable date (which is February 1, 1952, or the effective date of regulation, whichever is later) the maximum rents shall be the established rents for such room on such applicable date for different terms of occupancy and different numbers of occupants. For rooms acquired after such applicable date the maximum rents shall be the maximum rents in effect on the date of acquisition. If a room did not have an established rent or a maximum rent for any—or for a particular—term of occupancy and number of occupants on the applicable date or on the date of acquisition after such applicable date, the landlord may establish such maximum rents by registration. If, after the applicable date or after the date of acquisition after such applicable date, a room is first rented for a particular term and number of occupants for which no maximum rent has been established hereunder, the maximum rent shall be the rent first charged for a particular term and number of occupants. Where on the date determining a maximum rent under this paragraph the landlord had a practice of making specific charges for certain services, furniture, furnishings, or equipment, the maximum rent shall be established on a variable basis, according to the services, furniture, furnishings, or equipment provided. Sections 91 to 97 shall be inapplicable to such rooms.

(b) When a room ceases to be subject to the provisions of paragraph (a), of this section, the maximum rent shall be the maximum rent or rents last in effect under paragraph (a) of this section.

3. Section 206 (e) is amended to read as follows:

(e) **Rooms for employees of Federal Government.** Rooms with a maximum rent established under section 86 (a) or 98 (a).

4. Section 215 is amended to read as follows:

SEC. 215. Exceptions. The provisions of sections 211 (a), 212, 213 and 214 shall not apply to rooms with a maximum rent originally determined under section 4 (d) of the hotel regulation, or to rooms with a maximum rent established under section 86 (a), 96, or 98 (a). The landlord

of such rooms shall file a schedule or schedules setting out the maximum rents for all such accommodations in a particular project and containing such other information as the Director shall require. A copy of such schedule or schedules shall be posted by the landlord in a place where it will be available for inspection by the tenants of such accommodations; *Provided, however,* That the Director may require the landlord to file individual registration statements as required in section 211 where he deems it necessary in order to carry out the provisions of this regulation. If the maximum rent is established under section 86 (a), 96, or 98 (a), the schedules or registration statement shall be filed within 45 days after February 1, 1952, or 45 days after the effective date of regulation, or 10 days after the date a maximum rent is first established, whichever is later: *Provided, however,* That if the maximum rent is established under section 96 and was registered prior to February 1, 1952, no further registration shall be required: *And provided further,* That if the maximum rent is established under section 86 (a) or 98 (a) by an acquisition after February 1, 1952, or after the effective date, whichever is later, and was registered on the date of acquisition, no further registration is required.

TITLE 38—PENSIONS, BONUSES, AND VETERANS' RELIEF

Chapter I—Veterans' Administration

PART 1—GENERAL PROVISIONS

ELIGIBILITY FOR AND DISPOSITION OF UNITED STATES FLAG FOR BURIAL PURPOSES

In § 1.10, paragraph (a) is amended to read as follows:

§ 1.10 *Eligibility for and disposition of the United States Flag for burial purposes—*(a) *Eligibility for burial flags—*(1) *Persons eligible.* (i) A veteran of any war discharged under conditions other than dishonorable (or transferred to reserve status).

(ii) A person discharged from the Army, Navy, Air Force, Marine Corps, or Coast Guard, under conditions other than dishonorable, after serving at least one enlistment, or discharged for disability incurred in line of duty.

(iii) Any person who has died while in the military or naval service of the United States after May 27, 1941. This subdivision authorizes and requires the furnishing of a flag only where the military or naval service does not furnish a flag immediately. The only cases wherein a flag is not supplied immediately are those of persons whose remains are interred outside the continental limits of the United States, or whose remains are not recovered or are recovered and not identified.

(iv) Any person who has served in the active service of the Armed Forces of the United States on or after June 27, 1950, and prior to such date as shall thereafter be determined by Presidential proclamation or concurrent resolution of the Congress, and who was discharged under

conditions other than dishonorable (or transferred to reserve status).

(Sec. 2, 57 Stat. 591; 38 U. S. C. 184. Interprets or applies Pub. Law 28, 82d Cong.)

This regulation is effective February 21, 1952.

[SEAL]

O. W. CLARK,
Deputy Administrator.

[F. R. Doc. 52-2101; Filed, Feb. 20, 1952; 8:50 a. m.]

PART 3—VETERANS CLAIMS MISCELLANEOUS AMENDMENTS

1. In § 3.1, paragraph (c) is amended to read as follows:

§ 3.1 *Persons included in the acts in addition to commissioned officers and enlisted men.*

(c) *Philippine Scouts and others.* Philippine Scouts, the Insular Force of the Navy, Samoan Native Guard, and Samoan Native Band of the Navy are within the terms of the acts, except that neither the Philippine Scouts nor the Insular Force of the Navy were, or are, included in Article II of the War Risk Insurance Act. However, Philippine Scouts enlisted under section 14 of Public Law 190, 79th Congress, approved October 6, 1945, are subject to the limitations contained in Public Law 391, 79th Congress. Benefits are accordingly limited to compensation payable for service-connected disability or death. Members of the organized military forces of the Government of the Commonwealth of the Philippines are included for purposes of the laws administered by the Veterans' Administration providing for the payment of compensation on account of service-connected disability or death from and after the dates and hours, respectively, that they were called into service of the Armed Forces of the United States by orders issued from time to time by the General Officer, United States Army, designated by the Secretary of War (sec. 2 (a) (12), Public No. 127, 73d Cong., and Pub. Law 301, 79th Cong.) This includes a person who became a member of a unit so called or ordered into the Armed Forces of the United States upon its reorganization and return to military control prior to July 1, 1946. It does not include the service of such a person during the period subsequent to his release following the capitulation or after parole by the Japanese as a prisoner of war, when he was in an inactive status, and prior to the time he joined a recognized guerrilla force or returned to military control as certified by the United States Armed Forces. Persons who served as guerrillas under a commissioned officer of the United States Army, Navy or Marine Corps, or under a commissioned officer of the Commonwealth Army recognized by and cooperating with the United States forces are also included: *Provided*, That service as a guerrilla by a person who also was a Philippine Scout or a member of the Armed Forces of the United States, other than a member of

the Commonwealth Army, will be considered as service in his regular status of Philippine Scout or member of the Armed Forces of the United States. The following certifications by the service department of "recognized" and "unrecognized" guerrilla service will be accepted as establishing guerrilla service: (1) Recognized guerrilla service; (2) unrecognized guerrilla service under a recognized commissioned officer only if the person was a former member of the United States Armed Forces (including the Philippine Scouts) or the Philippine Army. This excludes civilians. A certification of "anti-Japanese activities" will not be accepted as establishing guerrilla service. However, unless the record shows examination at time of entrance into the Armed Forces of the United States, such persons are not entitled to the presumption of soundness. This will also apply upon reentering the Armed Forces after a period of inactive service. Service of such Commonwealth forces in the United States Armed Forces was terminated as of June 30, 1946, by the military order of the President dated June 29, 1946. (Therefore, such Philippine Army service rendered on or after July 1, 1946, is not service in the United States Armed Forces within the purview of the laws administered by the Veterans' Administration.) Compensation payable to members of the organized military forces of the Government of the Commonwealth of the Philippines, under the conditions set forth above, and to Philippine Scouts who enlisted or reenlisted under section 14, Public Law 190, 79th Congress, shall be paid at the rate of one Philippine peso for each dollar authorized to be paid under the laws providing for such compensation. The foregoing restriction is not applicable to officers who were commissioned in connection with the administration of Public Law 190, 79th Congress. All enlistments and reenlistments in the Regular Army between October 6, 1945, and June 30, 1947, inclusive, were made under the provisions of the cited law, as it constituted the sole authority for enlistments in the Regular Army during that time. Accordingly, all Philippine Scouts who enlisted or reenlisted between the cited dates should be paid at the rate of one Philippine peso for each dollar authorized for disability incurred or aggravated during such enlistment or reenlistment. Where a veteran, who had Commonwealth Army or guerrilla service and also had other service, wartime or peacetime, in the Armed Forces of the United States, has compensable disabilities due to the service entitling to compensation on a peso basis and due to service entitling to compensation on a dollar basis, the disabilities will be combined as usual, applying the provisions of Part IV, Veterans Regulation 1 (a) (38 U. S. C. ch. 12), where there is disability due to wartime and peacetime service. In computing the amount due, the evaluation for which dollars are payable will be first considered and the difference between this evaluation and the combined evaluation will be the basis for computing the amount due in pesos.

2. In § 3.59, paragraph (c) is amended to read as follows:

§ 3.59 *Active service under Public No. 2, 73d Congress.*

(c) The period of active service of the members of the regular components of the Philippine Commonwealth Army while serving with the Armed Forces of the United States will be from the date certified by the Philippines Command, Air Force, as the date of enlistment or the date of report for active duty, whichever is the later, to the date of release from active duty, discharge, death, or June 30, 1946, whichever is the earlier. The release from active duty will include (1) leaving one's organization in anticipation of or due to the capitulation; (2) escape from a prisoner-of-war status; (3) parole by the Japanese from a prisoner-of-war status; (4) beginning of missing-in-action status, except where the factual recitation of the service department establishes that the veteran at the time he was so reported was actually in active service with his unit, or under the provisions of section 5, Public Law 490, 77th Congress, as amended, death is presumed to have occurred while the veteran's name was carried in such status; (5) the capitulation on May 6, 1942, except that periods of recognized guerrilla service or unrecognized guerrilla service under a recognized commissioned officer or periods of service in units which continued organized resistance against the Japanese prior to formal capitulation will be considered as a return to active duty for the period of such service. Active service of a Philippine Scout or a member of the Philippine Commonwealth Army serving with the Armed Forces of the United States, will include a "prisoner of war" status immediately following: (i) A period of active duty; (ii) recognized guerrilla service or unrecognized guerrilla service under a recognized commissioned officer; (iii) a period of inactive service as defined in § 3.1 (c) and this paragraph, where it is shown by all the evidence, including service department reports establishing the basis of the affirmative finding of the service department, that the veteran's arrest by the Japanese was brought about by reason of anti-Japanese activities or his former service in the Armed Forces of the United States. In this connection due consideration will be given to the character and length of the veteran's former active service in the Armed Forces of the United States. A prisoner-of-war status based upon arrest during a general zoneification will not be sufficient of itself to bring a case within the definition of return to military control. The active service of members of the irregular forces, "guerrillas," will be that period covered by the certification of the Philippines Command, Air Force.

(Sec. 5, 43 Stat. 608, as amended, sec. 2, 46 Stat. 1016, sec. 7, 48 Stat. 9; 38 U. S. C. 11a, 426, 707)

This regulation is effective February 21, 1952.

[SEAL]

O. W. CLARK,
Deputy Administrator.

[F. R. Doc. 52-2103; Filed, Feb. 20, 1952; 8:50 a. m.]

PART 21—VOCATIONAL REHABILITATION
AND EDUCATION

SUBPART C—TRAINING FACILITIES

MISCELLANEOUS AMENDMENTS

1. In § 21.614, paragraphs (a) (4) (i), (v), (vi), and (b) are amended to read as follows:

§ 21.614 *Determination of fair and reasonable compensation for institutional on-farm training*—(a) *Certified financial statement required.* In making the determination of fair and reasonable compensation, the regional office will require the educational institution to submit certified detailed financial statements which must include the amount of any accumulated surplus (deficit). These financial statements are exempt from a reports control symbol. These financial statements shall provide the details of the actual cost experience accumulated during the most recent contract period for the institutional on-farm courses. Such financial statements shall include:

(4) Cost data on the following items of expense which, within the limits designated, will be used for the determination of fair and reasonable compensation.

(i) *Instructors.* Actual cost of instructors at salary rates not in excess of those paid by the institution, or by other similar institutions in that area, for teachers with comparable duties and responsibilities. The cost shown for instructors will be supported by a schedule listing the name, title, and annual salary rate and will show whether employment is full time or part time for each person included in such cost and the proportion of time spent by each on this program. In determining fair and reasonable compensation, the ratio of full-time instructors, or equivalent thereof, charged to these courses should generally average not more than one instructor for 18 or 20 students. Classes ordinarily should not exceed 25 students. The salary of a full-time instructor for a class of less than 12 trainees will not be allowed as a part of the fair and reasonable cost, except where acceptable written justification is furnished to the regional office showing that the class cannot be operated in any other manner.

(v) *Building operation and maintenance, depreciation, and rent.* Cost of the pro rata portion of depreciation on instructional equipment, heat, light, power, water, janitor service, building maintenance, rent of non-publicly owned facilities, and insurance for classroom and laboratory space which may be allocated to these courses on the basis of the time the classrooms are used for these courses in relation to the full-time use of such classrooms and laboratories. A sum not in excess of \$1.25 per student per month is acceptable as a fair and reasonable charge for this item without detailed calculation. In any case where the institution requests an amount in excess of \$1.25 per man per month for this item, the chief, training facilities

section, will submit the proposal with the cost data and his recommendations relative thereto to the special assistant to the director, training facilities service, for the area concerned, for a determination as to whether an amount in excess of \$1.25 per student per month may be included in the fair and reasonable determination. There must be a clear showing on the part of the institution, where more than \$1.25 per student month is requested for a class of less than 12, that all reasonable efforts have been made to schedule such classroom instruction in an economical manner to prevent any excessive expense involved in the operation of the school plant, or a portion thereof.

(vi) *Allowance for administration and supervision.* An allowance to cover the cost of supervisory, administrative, and clerical personnel and the cost of consumable office supplies and other expenses for administrative and supervisory offices including related expenses of the State agency responsible for conducting these courses. The salary, or any part thereof, of a regular employee of the local, county, or State school system will not be allowed as a part of the fair and reasonable cost except where the duties of such employee on behalf of the institutional on-farm program are clearly and definitely defined and measured and are performed at times other than during their regular hours of employment for duties other than those pertaining to institutional on-farm program. An amount not in excess of 5 percent of the cost of items in subdivisions (i) through (v) of this subparagraph may be included to cover these costs without detailed justification. However, if the institution requests more than a 5 percent allowance for administration and supervision, the chief, training facilities section, is authorized to include in the fair and reasonable cost, such amount in excess of 5 percent as may be justified as reasonable and necessary to conduct a satisfactory program: *Provided*, That in no case will administrative and supervisory costs in excess of 15 percent of items in subdivisions (i) through (v) of this subparagraph be included in the fair and reasonable justification except on prior approval of the special assistant to director, training facilities service, for the area concerned. Any request for an amount in excess of 5 percent for administration and supervision must be supported by a detailed schedule of the cost of the items included. Where a request is made for an amount in excess of 5 percent for administration of a class of less than 12, there should be a clear showing on the part of the institution that consideration has been given to the reduced number of trainees and the amount claimed is reasonable and necessary for the operation of the program.

(b) *Estimated cost may be used.* In the case of new courses for which no actual cost experience is available or cost data is incomplete, estimated cost may be substituted in the formula prescribed in paragraph (a) of this section.

2. Section 21.616 is amended to read as follows:

§ 21.616 *Review and adjustment of contract rates*—(a) *Consideration of surplus or deficit.* Contracts for institutional on-farm training shall be executed for a period not to exceed 12 months. In negotiating new contracts or for the renewal of contracts which were in effect on or before September 1, 1947, consideration will be given to any surpluses (deficits) accumulated as a result of the payment of the agreed rates in excess (deficiency) of the amount spent on the program by the institution and the agreed rate for the succeeding contract period will be adjusted to make due allowance for accumulated surpluses (deficits).

(b) *Revision of rates.* Existing rates of compensation included in contracts for institutional on-farm training may be revised from time to time as provided in this paragraph. Effective immediately new contracts covering institutional on-farm training will contain an additional clause designated as article 1 (f) reading as follows:

ARTICLE 1. (f) *Revision of rates.* (1) The rates of payment provided in article 1 (c) may be revised from time to time as provided in this article 1 (f).

(2) Within 30 days after the expiration of four or more calendar months, the contractor will advise the Veterans' Administration, in writing, if the contractor desires any revision of the existing rates of compensation. If the Veterans' Administration desires any revision of the existing rates, written notice to that effect will be given to the contractor within 30 days after the expiration of four or more months. At such time as the contractor or the Veterans' Administration desires a revision of rates, the contractor will furnish to the Veterans' Administration statements of the actual cost of operation on VA Form 7-1969, for the period beginning with the effective date of the current contract rate and ending with the last day of the most recent month immediately preceding the date of the request for revision. The contractor will permit such inspections of its books and records as the Veterans' Administration may request.

(3) The Veterans' Administration and the contractor will mutually agree upon the revised rate or rates to be effective as of the beginning of the month in which notice as set forth in (2) above was given, and any revised rate or rates shall be embodied in a supplemental agreement to this contract and shall continue in effect until the termination of the contract, or until subsequently revised in accordance with the provisions of this article.

(4) Where a revision of rates is pending, the contractor agrees to withhold regular billings to the Veterans' Administration for the period on and after the beginning of the month in which notice as set forth in (2) above was given, until a determination of a revised rate has been made. Upon completion of negotiations, billings will then be made at the revised rate. Pending the completion of negotiations, the Veterans' Administration agrees that either interim payments, at a tentative fair and reasonable rate, or 75 percent of the prevailing rate may be made as authorized under § 21.609b, or advance payments may be made if authorized under § 21.658.

Where a change in contract rates is desired by either party, the Veterans' Administration and the contractor will negotiate and mutually agree upon the revised rate or rates subject to the approval of the special assistant to the director, training facilities service for Vocational Rehabilitation and Educa-

tion, for the area concerned. Upon agreement between the contractor and the Veterans' Administration as in this paragraph, and approval by the special assistant to the director, training facilities service, the contract will be supplemented to amend the tuition rates.

(c) *Lump sum adjustment of surplus or deficit upon termination of the program.* If a surplus or deficit exists due to the operation of the on-farm program as provided in §§ 21.613 through 21.619, the educational institution or the Veterans' Administration will make a lump sum adjustment of surplus or deficit upon termination of the program. Appropriate cost data must be submitted in accordance with this paragraph. The educational institution will prepare on VA Form 7-1969 a certified statement of actual costs and actual months of instruction for which the institution was entitled to be paid. Allowable costs on VA Form 7-1969 will include only those provided in the cost formula in §§ 21.613 through 21.619. Each such VA Form 7-1969 will include a statement on schedule K, part 2, of the surplus or deficit for the entire period, between the effective date of the first contract for on-farm training under Public Law 377, 80th Congress, and the termination date of the operating period for which cost statement is provided or of the contract which is expiring, plus any surplus determined as of September 1, 1947. Where a surplus or deficit is determined, the last existing contract will be supplemented (VA Form 7-1972) as below:

(1) For payment of surplus by institutions to the Veterans' Administration, the following standard clause will be used:

Whereas the contractor _____ and the Veterans' Administration agree that in the operation of the institution during the period from _____ to _____ pursuant to contract (identify) _____ the sum of \$_____ represents the income the contractor has received, and the sum of \$_____ represents allowable expenses for the program of instruction as provided in this contract; now therefore the contractor and the Veterans' Administration agree that the sum of \$_____ represents a surplus which is payable to the Veterans' Administration; in con-

sideration whereof and of the promises and mutual covenants and agreements heretofore entered into and contained in said contract the contractor agrees to pay to the Veterans' Administration the said sum of \$_____ by check, payable to the Treasurer of the United States, which payment shall constitute acquittance under said contract: *Provided*, That this agreement and the figure stated herein for payment shall be subject to modification to the extent that errors or inaccuracies may subsequently be ascertained in the cost and income figures upon which predicated.

(2) For payment of deficit by the Veterans' Administration to the educational institution, the following standard clause will be used:

Whereas the contractor _____ and the Veterans' Administration agree that in the operation of the institution during the period from _____ to _____ pursuant to contract (identify) _____ the sum of \$_____ represents the income the contractor has received, and the sum of \$_____ represents allowable expenses for the program of instruction as provided in this contract; now, therefore, the contractor and the Veterans' Administration agree that the sum of \$_____ represents a deficit which is payable to the institution; in consideration whereof and of the promises and mutual covenants and agreements contained in said contract the Veterans' Administration agrees to pay to the educational institution the sum of \$_____ in payment of such deficit, and such payment shall constitute full acquittance of the Government for all claims under said contract: *Provided*, That this agreement and the figure stated herein for payment are subject to modification to the extent that errors or inaccuracies may subsequently be ascertained in the cost and income figures upon which predicated.

Where payments of tuition rates under contracts have resulted in a deficit to the contractor, the school will be paid for such deficit in a lump sum by the Veterans' Administration upon appropriate determination as in this paragraph: *Provided*, That in no case will compensation for a deficit be made by lump-sum settlement which will result in the payment of a rate in excess of the rate of \$500 for a full time course for a period of 12 months or \$41.66 per month as provided in § 21.619. The Veterans' Administration will make pay-

ment of the approved amount of a deficit upon the submission of a voucher for such lump-sum in accordance with VA Regulations, but itemization of charges for individual veterans will not be necessary. Each determination of a lump-sum settlement of surplus or deficit and the appropriate supplement therefore as in this paragraph will require the approval of the appropriate special assistant to the director, training facilities service, prior to distribution of the supplement and prior to payment by the regional office.

(d) Where a school providing on-farm training has tuition rates subject to adjustment for surplus or deficit under the provisions of §§ 21.613 through 21.619 and because of violation of terms of the contract or VA Regulations which are made a part thereof by article 7, contract for education and training, VA Form 7-1903, expenses in conducting the program are increased in excess of that considered necessary or reasonable, the Veterans' Administration will not allow consideration for such increase in costs in establishing the surplus or deficit.

3. A new § 21.619 is added as follows:

§ 21.619 *Limitation of payments; institutional on-farm training.* Effective February 21, 1952, the maximum rate which the Veterans' Administration will pay for training in a course of institutional on-farm training is the rate of \$500 for a 12-month period, and the maximum rate for any one month will not be in excess of \$41.66: *Provided*, That in no event will payment of tuition be made at a rate in excess of the claimed customary cost of tuition.

(Sec. 2, 46 Stat. 1016, sec. 7, 48 Stat. 9, sec. 2, 57 Stat. 43, as amended, sec. 400, 58 Stat. 287, as amended, 38 U. S. C. 11a, 701, 707, ch. 12 note. Interprets or applies secs. 3, 4, 57 Stat. 43, as amended, secs. 300, 1500-1504, 1506, 1507, 58 Stat. 286, 300, as amended; 38 U. S. C. 693g, 697-697d, 697f, g, ch. 12 note)

This regulation is effective February 21, 1952.

[SEAL]

O. W. CLARK,
Deputy Administrator.

[F. R. Doc. 52-2102; Filed, Feb. 20, 1952; 8:50 a. m.]

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Bureau of Entomology and Plant Quarantine

[7 CFR Part 301]

PINK BOLLWORM

NOTICE OF PROPOSED RULE MAKING

Notice is hereby given under section 4 of the Administrative Procedure Act (5 U. S. C. 1003) that the Secretary of Agriculture, pursuant to section 8 of the Plant Quarantine Act of 1912, as amended (7 U. S. C. 161), is considering further amending § 301.52-2 of the regulations supplemental to the pink bollworm quarantine (7 CFR and Supp. 301.52-2) to read as follows:

§ 301.52-2 *Regulated areas.* The following areas are hereby designated as

regulated areas within the meaning of the regulations in this subpart and are further classed as heavily or lightly infested:

(a) *Heavily infested areas.*

Texas. Counties of Aransas, Bee, Brewster, Brooks, Calhoun, Cameron, Culberson, Dimmit, Duval, El Paso, Hidalgo, Hudspeth, Jeff Davis, Jim Hogg, Jim Wells, Kenedy, Kinney, Kleberg, La Salle, Live Oak, Maverick, McMullen, Nueces, Pecos, Presidio, Reeves, Refugio, San Patricio, Starr, Terrell, Uvalde, Val Verde, Ward, Webb, Willacy, Zapata, and Zavala.

(b) *Lightly infested areas.*

Arizona. Counties of Cochise, Graham, and Greenlee.

Louisiana. Parishes of Acadia, Allen, Beauregard, Calcasieu, Cameron, Evangeline, Iberia, Jefferson Davis, Lafayette, St. Landry, St. Martin, and Vermilion.

New Mexico. Counties of Catron, Chaves, Curry, De Baca, Dona Ana, Eddy, Grant, Hidalgo, Lea, Luna, Otero, Quay, Roosevelt, Sierra, Socorro, and Valencia.

Oklahoma. Counties of Beckham, Caddo, Comanche, Cotton, Grady, Greer, Harmon, Jackson, Jefferson, Kiowa, McClain, Stephens, Tillman, and Washita.

Texas. Counties of Andrews, Archer, Atascosa, Austin, Bailey, Bandera, Bastrop, Baylor, Bell, Bexar, Blanco, Borden, Bosque, Brazoria, Brazos, Brown, Burleson, Burnet, Caldwell, Callahan, Chambers, Childress, Clay, Cochran, Coke, Coleman, Collingsworth, Colorado, Comal, Comanche, Concho, Cooke, Coryell, Cottle, Crane, Crockett, Crosby, Dallas, Dawson, De Witt, Dickens, Donley, Eastland, Ector, Edwards, Erath, Falls, Fayette, Fisher, Floyd, Foard, Fort Bend, Freestone, Frio, Gaines, Galveston, Garza, Gillespie, Glasscock, Goliad, Gonzales, Gray, Grimes, Guadalupe, Hale, Hall, Hamilton, Hardeman, Harris, Haskell, Hays, Hill, Hockley, Hood, Howard, Hunt, Irion, Jack, Jackson, Jefferson,

Johnson, Jones, Karnes, Kendall, Kent, Kerr, Kimble, King, Knox, Lamb, Lampasas, Lavaca, Lee, Leon, Liberty, Limestone, Llano, Loving, Lubbock, Lynn, Martin, Mason, Matagorda, McCulloch, McLennan, Medina, Menard, Midland, Milam, Mills, Mitchell, Montague, Motley, Navarro, Nolan, Orange, Palo Pinto, Parker, Reagan, Real, Robertson, Runnels, San Saba, Schieleher, Scurry, Shackelford, Somervell, Stephens, Sterling, Stone-wall, Sutton, Tarrant, Taylor, Terry, Throckmorton, Tom Green, Travis, Upton, Victoria, Waller, Washington, Wharton, Wheeler, Wichita, Wilbarger, Williamson, Wilson, Winkler, Wise, Wood, Yoakum, and Young.

The proposed amendment would add to the lightly infested pink bollworm regulated area Grady and McClain counties in Oklahoma, and Brazos, Burleson, Cooke, Dallas, Freestone, Galveston, Grimes, Harris, Hunt, Leon, Montague, Navarro, Robertson, Tarrant, Waller, Washington, Wise, and Wood counties in Texas. Pink bollworm infestations were found during 1951 in each of these counties, except Galveston county, Texas. Galveston county is bordered by infested counties.

The amendment also proposes to remove from the lightly infested area in Arizona the county of Santa Cruz and that part of Pima county now under regulation. These have been found free of pink bollworm infestation.

In addition, the amendment includes changes in this section proposed in notice of rule making published in the *FEDERAL REGISTER* on November 10, 1951 (16 F. R. 11506).

All persons who desire to submit written data, views, or arguments in connection with this matter should file the same with the Chief of the Bureau of Entomology and Plant Quarantine, Agricultural Research Administration, United States Department of Agriculture, Washington 25, D. C., within 15 days after the date of the publication of this notice in the *FEDERAL REGISTER*.

(Sec. 8, 37 Stat. 318, as amended; 7 U. S. C. 161)

Done at Washington, D. C., this 15th day of February 1952.

[SEAL] CHARLES F. BRANNAN,
Secretary of Agriculture.

8:49 a. m.]

Production and Marketing Administration

[7 CFR Part 52]

FROZEN LEAFY GREENS (OTHER THAN SPINACH)

U. S. STANDARDS FOR GRADES¹

Notice is hereby given that the United States Department of Agriculture is considering the issuance, as herein proposed, of the United States Standards for Grades of Frozen Leafy Greens (Other than Spinach), pursuant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7

U. S. C. 1621, et seq.) and the Department of Agriculture Appropriation Act, 1952 (Pub. Law 135, 82d Cong., approved August 31, 1951). These standards, if made effective, will be the first issue by the Department of grade standards for this product.

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed standards should file same, in duplicate, with the Chief, Processed Products Standardization and Inspection Division, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., not later than 30 days after publication hereof in the *FEDERAL REGISTER*.

The proposed standards are as follows:

§ 52.388 *Frozen leafy greens.* Frozen leafy greens is the product prepared from the clean, sound, succulent leaves of fresh leafy greens (other than spinach) which may be whole or cut, with or without stems, by sorting, trimming, washing, and blanching, which is then frozen and maintained at temperatures necessary for the preservation of the product.

(a) *Kinds of frozen leafy greens.*

- (1) Beet greens (*Beta vulgaris*).
- (2) Collards (*Brassica oleracea*, *acephala*).
- (3) Dandelion greens (*Taraxacum taraxacum*).
- (4) Endive (*Cichorium endivia*).
- (5) Kale (*Brassica oleracea*, *acephala*).
- (6) Mustard greens (*Brassica juncea*, *brassica chinensis*).
- (7) Swiss chard (*Beta vulgaris*, *cicla*).
- (8) Turnip greens (*Brassica rapa*).

(b) *Styles of frozen leafy greens.* (1)

"Whole leaf" is the style of frozen leafy greens that consist of the whole leaf or large portions of leaf, with or without adjacent portions of the stem.

(2) "Sliced" is the style of frozen leafy greens that consist of the leaf or large portion of leaf, with or without adjoining portions of the stem, which has been sliced into reasonably uniform strips.

(3) "Cut" or "chopped" is the style of frozen leafy greens that consist of the leaf or large portion of leaf, with or without adjoining portions of the stem, which has been cut into small pieces.

(c) *Grades of frozen leafy greens.*

(1) "U. S. Grade A" or "U. S. Fancy" is the quality of frozen leafy greens that possess a good flavor and odor, that possess a good color, that possess a good character, that are practically free from defects, and that score not less than 85 points when scored in accordance with the scoring system outlined in this section.

(2) "U. S. Grade B" or "U. S. Extra Standard" is the quality of frozen leafy greens that possess a fairly good flavor and odor, that possess a reasonably good color, that possess a reasonably good character, that are reasonably free from defects, and that score not less than 70 points when scored in accordance with the scoring system outlined in this section.

(3) "Substandard" is the quality of frozen leafy greens that fail to meet the requirements of U. S. Grade B or U. S. Extra Standard.

(d) *Ascertaining the grade.* (1) The grade of frozen leafy greens may be as-

certained by considering, in conjunction with the requirements of the respective grade, the respective ratings of the factors of color, absence of defects, and character.

(2) The relative importance of each factor which is scored is expressed numerically on the scale of 100. The maximum number of points that may be given each such factor is:

Factors:	Points
(i) Color.....	20
(ii) Absence of defects.....	60
(iii) Character.....	20
Total score.....	100

(3) The score for the factors of color and absence of defects is determined immediately after thawing to the extent that the product is substantially free from ice crystals and can be handled as individual units. A representative sample of the product is cooked for examination with respect to character and flavor and odor.

(4) "Good flavor and odor" means that the product, after cooking, has a good characteristic, normal flavor and odor and is free from objectionable flavors and objectionable odors of any kind.

(5) "Reasonably good flavor and odor" means that the product after cooking may be lacking in good flavor and odor, but is free from objectionable flavors and objectionable odors of any kind.

(e) *Ascertaining the rating for the factors which are scored.* The essential variations within each factor which is scored are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor which is scored is inclusive (for example, "17 to 20 points" means 17, 18, 19, or 20 points.)

(1) *Color.* (i) Frozen leafy greens that possess a good color may be given a score of 17 to 20 points. "Good color" means that the frozen leafy greens possess a practically uniform bright color characteristic of the variety.

(ii) If the frozen leafy greens possess a reasonably good color, a score of 14 to 16 points may be given. Frozen leafy greens that fall into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard regardless of the total score for the product (this is a limiting rule). "Reasonably good color" means that the frozen leafy greens possess a reasonably uniform characteristic color which may be variable but not to the extent that the appearance of the frozen product is materially affected.

(iii) Frozen leafy greens that are definitely off color for any reason, or that fail to meet the requirements of subdivision (ii) of this subparagraph, may be given a score of 0 to 13 points and shall not be graded above Substandard regardless of the total score for the product (this is a limiting rule).

(2) *Absence of defects.* (i) The factor of absence of defects refers to the degree of freedom from grit, sand or silt, seed stems, roots, grass and weeds, and damage by yellow, brown, or other discoloration.

(a) "Grit, sand or silt" means any particle of earthy material.

(b) "Damage" means damage by any yellow, brown, or other discoloration af-

¹ The requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

fecting any leaf, portion of a leaf, stem, or portion of a stem (except minute, insignificant injuries which shall not be considered as damage) to the extent that the appearance or edibility of the unit is materially affected.

(ii) Frozen leafy greens that are practically free from defects may be given a score of 51 to 60 points. "Practically free from defects" means that no grit, sand or silt may be present that affects the edibility of the frozen leafy greens; seed stems, roots, grass and weeds may be present which do not more than slightly affect the appearance or edibility of the product; and for each 12 ounces of the product there may be present:

(a) Damage affecting leaves and stems or portions of leaves and stems aggregating not more than 4 square inches (4" x 1") in area: *Provided*, That the total damaged area or any part thereof does not materially affect the appearance or edibility of the product.

(iii) If the frozen leafy greens are reasonably free from defects a score of 42 to 50 points may be given. Frozen leafy greens that fall into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard regardless of the total score for the product (this is a limiting rule). "Reasonably free from defects" means that the product may contain a trace of grit, sand or silt that does not materially affect the edibility of the frozen leafy greens; seed stems, roots, grass and weeds may be present that do not materially affect the appearance or edibility of the product; and for each 12 ounces of the product there may be present:

(a) Damage affecting leaves and stems aggregating not more than 8 square inches (8" x 1") in area: *Provided*, That the total damaged area or any part thereof does not seriously affect the appearance or edibility of the product.

(iv) Frozen leafy greens that fail to meet the requirements of subdivision (iii) of this subparagraph may be given a score of 0 to 41 points and shall not be graded above Substandard regardless of the total score for the product (this is a limiting rule).

(3) *Character*. (i) The factor of character refers to the tenderness and condition of the leaves and stems or portions of leaves and stems. The degree of freedom from coarse or tough leaves and stems or coarse or tough portions of leaves and stems, and the degree to which the appearance may be affected by ragged and torn leaves and stems or ragged and torn portions of leaves and stems are considered under this factor.

(ii) Frozen leafy greens that possess a good character may be scored 17 to 20 points. "Good character" means that the leafy greens are tender and practically free from coarse or tough leaves and stems or coarse or tough portions of leaves and stems and the appearance of the product is not seriously affected by ragged and torn leaves and stems or ragged and torn portions of leaves and stems.

(iii) If the frozen leafy greens possess a reasonably good character a score of 14 to 16 points may be given. Frozen

leafy greens that fall into this classification shall not be graded above U. S. Grade B or U. S. Extra Standard regardless of the total score for the product (this is a limiting rule). "Reasonably good character" means that the leafy greens may possess a few coarse or tough leaves and stems or coarse or tough portions of leaves and stems which do not seriously affect the edibility of the product.

(iv) Frozen leafy greens that fail to meet the requirements of subdivision (iii) of this subparagraph may be given a score of 0 to 13 points and shall not be graded above Substandard regardless of the total score for the product (this is a limiting rule).

(f) *Tolerance for certification of officially drawn samples*. (1) When certifying samples that have been officially drawn and which represent a specific lot of frozen leafy greens, the grade for such lot will be determined by averaging the total score of all containers, if:

(i) Not more than one-sixth of the containers comprising the sample fails to meet all the requirements of the grade indicated by the average of such total scores and with respect to such containers which fail to meet the requirements of the indicated grade by reason of a limiting rule, the average score of all containers in the sample for the factor, subject to such limiting rule, must be within the range for the grade indicated;

(ii) None of the containers comprising the sample falls more than 4 points below the minimum score for the grade indicated by the average of the total scores; and

(iii) All containers comprising the sample meet all applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification.

(g) *Score sheet for frozen leafy greens.*

Container size.....
Container code or marking.....
Label.....
Net weight (ounces).....
Kind of greens.....
Style.....
Factors	Score points
I. Color.....	20 (A) 17-20 (B) 14-16 (Std.) 10-13 (A) 51-60
II. Absence of defects.....	60 (B) 42-50 (Std.) 10-41 (A) 17-20 (B) 14-16 (Std.) 10-13
III. Character.....	20 (A) 17-20 (B) 14-16 (Std.) 10-13
Total score.....	100
Grade.....
Flavor and odor.....

¹ Indicates limiting rule.

Issued at Washington, D. C., this 15th day of February 1952.

[SEAL] ROY W. LENNARTSON,
Assistant Administrator, Production and Marketing Administration.

[7 CFR Part 52]

CANNED CONCENTRATED ORANGE JUICE

U. S. STANDARDS FOR GRADES^{1,2}

Notice is hereby given that the United States Department of Agriculture is considering the revision, as herein proposed, of the current United States Standards for Grades of Canned Concentrated Orange Juice, pursuant to the authority contained in the Agricultural Marketing Act of 1946 (60 Stat. 1087; 7 U. S. C. 1621, et seq.) and the Department of Agriculture Appropriation Act, 1952 (Pub. Law 135, 82d Cong., approved Aug. 31, 1951). This revision, if made effective, will be the third issue by the Department of grade standards for this product.

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposed revision should file the same, in duplicate, with the Chief, Processed Products Standardization and Inspection Division, Fruit and Vegetable Branch, Production and Marketing Administration, United States Department of Agriculture, Washington 25, D. C., not later than 30 days after publication hereof in the FEDERAL REGISTER.

The proposed revision is as follows:

§ 52.491 *Canned concentrated orange juice*. Canned concentrated orange juice is the concentrated product obtained from sound, mature fruit of the sweet orange group (*Citrus sinensis*), and Mandarin group (*Citrus reticulata*), except tangerines. The fruit is prepared by sorting and by washing prior to extraction of the juice; the extracted juice is concentrated; and single strength orange juice extracted from sorted and washed fruit may or may not be admixed to the concentrate. The canned concentrated orange juice is processed in accordance with good commercial practice and is sufficiently processed by heat to assure preservation of the product in hermetically sealed containers.

(a) *Styles of canned concentrated orange juice*—(1) *Style I, without sweetening ingredient added*. (i) The Brix value of the finished concentrate shall be not less nor more than the following for the respective kind of canned concentrated orange juice:

Kind	Brix value of the finished concentrate	
	Minimum Brix value	Maximum Brix value
1 plus 1.....	22.5°	24.0°
2 plus 1.....	22.4°	24.4°
3 plus 1.....	41.5°	44.0°
4 plus 1.....	50.0°	53.0°
5 plus 1.....	57.8°	61.2°
6 plus 1.....	65.2°	No limit

¹ The requirements of these standards shall not excuse failure to comply with the provisions of the Federal Food, Drug, and Cosmetic Act.

² The requirements of these standards shall not excuse failure to comply with applicable state laws and requirements.

(ii) Canned concentrated orange juice of kinds other than those mentioned in subdivision (i) of this subparagraph shall result in a Brix upon reconstitution, as prescribed by the processor or as prescribed by the label on the container if labeled, of not less than 11.7 degrees nor more than 12.6 degrees.

(2) *Style II, with sweetening ingredient added.* (i) The Brix value of the finished concentrate exclusive of added sweetening ingredient and the Brix value of the finished concentrate including added sweetening ingredient shall be not less nor more than the following, as applicable, for the respective kind of canned orange juice:

Kind	Brix value of the finished concentrate exclusive of added sweetening ingredients—minimum Brix value	Brix value of the finished concentrate including added sweetening ingredients	
		Minimum Brix value	Maximum Brix value
1 plus 1.....	21.6°	22.7°	26.9°
2 plus 1.....	31.1°	32.7°	38.4°
3 plus 1.....	40°	42°	49°
4 plus 1.....	48.1°	50.5°	58.6°
5 plus 1.....	55.8°	58.3°	67.5°
6 plus 1.....	63.0°	65.8°	75.7°

(ii) Canned concentrated orange juice of kinds other than those mentioned in subdivision (i) of this subparagraph shall have had a Brix exclusive of any added sweetening ingredient, upon reconstitution, as prescribed by the processor or as prescribed by the label on the container if labeled, of not less than 11.3 degrees; and the finished canned concentrated orange juice shall result in a Brix including any added sweetening ingredient, upon reconstitution, as prescribed by the processor or as prescribed by the label on the container if labeled, of not less than 11.9 degrees nor more than 14.2 degrees.

(b) *Grades of canned concentrated orange juice.* (1) "U. S. Grade A" or "U. S. Fancy" is the quality of canned concentrated orange juice which reconstitutes properly and of which the reconstituted juice possesses an appearance reasonably characteristic of fresh orange juice; possesses a good color; is practically free from defects; possesses a good flavor; and scores not less than 85 points when scored in accordance with the scoring system outlined in this section.

(2) "U. S. Grade C" or "U. S. Standard" is the quality of canned concentrated orange juice which reconstitutes properly and of which the reconstituted juice possesses a fairly good color; is fairly free from defects; possesses a fairly good flavor; and scores not less than 70 points when scored in accordance with the scoring system outlined in this section.

(3) "Substandard" is the quality of canned concentrated orange juice that fails to meet the requirements of U. S. Grade C or U. S. Standard.

(c) *Recommended fill of container.* The recommended fill of container is not incorporated in the grades of the finished product since fill of container, as such, is not a factor of quality for the purposes of these grades. It is recommended that

the container be filled with concentrated orange juice as full as practicable without impairment of quality.

(d) *Ascertaining the grade.* The grade of canned concentrated orange juice is ascertained by considering, in conjunction with the requirements of the respective grade, the respective ratings for the factors of color, absence of defects, and flavor. The relative importance of each factor which is scored is expressed numerically on the scale of 100. The maximum number of points that may be given such factors are:

Factors:	Points
(1) Color.....	20
(2) Absence of defects.....	40
(3) Flavor.....	40
Total score.....	100

(e) *Ascertaining the rating for the factors which are scored.* The essential variations within each factor which is scored are so described that the value may be ascertained for each factor and expressed numerically. The numerical range within each factor which is scored is inclusive (for example, "17 to 20 points" means 17, 18, 19, or 20 points).

(1) *Color.* (i) Canned concentrated orange juice of which the reconstituted juice possesses a good color may be given a score of 17 to 20 points. "Good color" means that the color is a good yellow to yellow-orange color typical of properly processed orange juice and is free from browning due to scorching, oxidation, caramelization, or other causes.

(ii) If the reconstituted juice possesses a fairly good color, a score of 14 to 16 points may be given. Canned concentrated orange juice that falls into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly good color" means that the orange juice may be slightly amber or very light in color and may show evidence of slight browning, but is not off-color.

(iii) Canned concentrated orange juice that fails to meet the requirements of subdivision (ii) of this subparagraph may be given a score of 0 to 13 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

(2) *Absence of defects.* The factor of absence of defects refers to the degree of freedom from seeds and portions thereof, from excessive juice cells, from pulp, from recoverable oil, and from other defects.

(i) "Pulp" means particles of membrane, core, and peel.

(ii) Canned concentrated orange juice of which the reconstituted juice is practically free from defects may be given a score of 34 to 40 points. "Practically free from defects" means that there may be present:

(a) Small seeds or portions thereof that are of such size that they could pass through round perforations not exceeding $\frac{1}{8}$ inch in diameter, provided such seeds or portions thereof do not materially affect the appearance or drinking quality of the juice;

(b) Juice cells and pulp that do not materially affect the appearance or drinking quality of the juice; and

(c) Other defects that are not more than slightly objectionable. To score in this classification the canned concentrated orange juice shall contain recoverable oil of not less than 0.0005 milliliter nor more than 0.0024 milliliter per degree Brix value per 100 grams of the concentrate.

(iii) If the reconstituted juice is fairly free from defects, a score of 28 to 33 points may be given. Canned concentrated orange juice that falls into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly free from defects" means that there may be present:

(a) Small seeds or portions thereof that are of such size that they could pass through round perforations not exceeding $\frac{1}{8}$ inch in diameter, provided such seeds or portions thereof do not seriously affect the appearance or drinking quality of the juice;

(b) Juice cells and pulp that do not seriously affect the appearance or drinking quality of the juice; and

(c) Other defects that are not materially objectionable. To score in this classification the canned concentrated orange juice may contain not more than 0.003 milliliter per degree Brix value per 100 grams of the concentrate.

(iv) Canned concentrated orange juice that fails to meet the requirements of subdivision (iii) of this subparagraph may be given a score of 0 to 27 points and shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

(3) *Flavor.* (i) Canned concentrated orange juice of which the reconstituted juice possesses a good flavor may be given a score of 34 to 40 points. "Good flavor" means that the flavor is a distinct orange juice flavor typical of reconstituted orange juice from properly processed and concentrated orange juice; is free from traces of scorching, caramelization, oxidation, or terpene; and is free from off-flavors of any kind. To score not less than 34 points the canned concentrated orange juice shall meet the following requirements for the respective style:

Style I, without sweetening ingredient added. The ratio of the Brix value to acid is not less than 11.5 to 1 nor more than 18 to 1.

Style II, with sweetening ingredient added. The ratio of the Brix value to acid is not less than 12 to 1 nor more than 14 to 1.

(ii) If the reconstituted juice possesses a fairly good flavor, a score of 28 to 33 points may be given. Canned concentrated orange juice that falls into this classification shall not be graded above U. S. Grade C or U. S. Standard, regardless of the total score for the product (this is a limiting rule). "Fairly good flavor" means that the flavor is a normal flavor for reconstituted canned concentrated orange juice and which flavor may have a slightly caramelized or slightly oxidized flavor but is free from off-flavors of any kind. To score not less than 28 points canned concentrated orange juice shall meet the following requirements for the respective style:

Style I, without sweetening ingredient added. The ratio of Brix value to acid is not less than 10 to 1 nor more than 19 to 1.

Style II, with sweetening ingredient added. The ratio of Brix value to acid is not less than 10 to 1 nor more than 15 to 1.

(iii) If the canned concentrated orange juice fails to meet the requirements of subdivision (ii) of this subparagraph, a score of 0 to 27 points may be given. Canned concentrated orange juice that falls into this classification shall not be graded above Substandard, regardless of the total score for the product (this is a limiting rule).

(f) *Explanation of terms and analyses.*
(1) "Reconstituted juice" means the product obtained by mixing thoroughly a stated volume of water and one part by volume of the canned concentrated orange juice. For example, "3 plus 1" concentrate means 3 parts by volume of water and one part by volume of canned concentrated orange juice. Distilled water is used in reconstituting the product for testing flavor.

(2) "Reconstitution as declared" means any defined reconstitution, such as in labeling; for example, "6 fluid ounces—makes 1 quart" means a "4.33 plus 1" concentrate.

(3) "Reconstitutes properly" means that the reconstituted juice shows no material separation of colloidal or suspended matter after standing four (4) hours at a temperature of not less than 68 degrees Fahrenheit in a clear glass tube or cylinder (such as a 50 ml. graduated cylinder).

(4) "Acid" means the percent by weight of acid (calculated as anhydrous citric acid) in canned concentrated orange juice and is determined by titration with standard sodium hydroxide solution using phenolphthalein as indicator.

(5) "Brix value" of the concentrate is the refractometric sucrose value determined in accordance with the International Scale of Refractive Indices of Sucrose Solutions and to which the applicable correction for acid is added. (See Table I for corrections.)

TABLE I—CORRECTIONS FOR OBTAINING BRIX VALUE

Citric acid, anhydrous (percent by weight)	Correction to be added to refractometer sucrose value to obtain degree Brix value	Citric acid, anhydrous (percent by weight)	Correction to be added to refractometer sucrose value to obtain degree Brix value
2.0	0.39	3.6	0.70
2.2	.43	3.8	.74
2.4	.47	4.0	.78
2.6	.51	4.2	.81
2.8	.54	4.4	.85
3.0	.58	4.6	.89
3.2	.62	4.8	.93
3.4	.66	5.0	.97

¹ Source: "Refractometric Determination of Soluble Solids in Citrus Juices," by J. W. Stevens and W. E. Baier, from the Analytical Edition of Industrial and Engineering Chemistry, vol. II, page 447, Aug. 15, 1939.

(6) The "Brix" of reconstituted juice, as applicable, means the degrees Brix of the properly reconstituted juice when tested with a Brix hydrometer calibrated at 20 degrees C. (68 degrees F.) If used in testing juice at a temperature other

than 20 degrees C. (68 degrees F.) the applicable temperature correction shall be made to the reading of the scale as prescribed in the Official Methods of Analysis of the Association of Official Agricultural Chemists. The degrees Brix of the reconstituted juice may be determined by any other method which gives equivalent results.

(7) "Recoverable oil" is determined by the following method:

(i) *Equipment.* Oil separatory trap similar to either of those illustrated in Figure 1¹ and Figure 2¹

Gas burner or hot plate.
Ringstand and clamps.
Rubber tubing.
3-liter narrow-neck flask.

(ii) *Procedure.* (a) Exactly 400 grams of the concentrate mixed with water to approximately two liters are placed in a 3-liter flask. Close the stopcock, place distilled water in the graduated tube, run cold water through the condenser from the bottom to top, and bring the solution to a boil. Boiling is continued for one hour at the rate of approximately 50 drops per minute.

(b) By means of the stopcock, lower the oil into the graduated portion of the separatory trap, remove the trap from the flask, allow it to cool, and record the amount of oil recovered.

(c) The number of milliliters of oil recovered divided by 4 equals the volume of recoverable oil per 100 grams of concentrate. To determine compliance with minimum or maximum allowances, as applicable, for recoverable oil, the volume of recoverable oil per 100 grams of concentrate divided by the Brix value of the concentrate equals the volume of recoverable oil per degree Brix value per 100 grams of concentrate.

(g) *Tolerances for certification of officially drawn samples.* (1) When certifying samples that have been officially drawn and which represent a specific lot of canned concentrated orange juice, the grade for such lot will be determined by averaging the total scores of the containers comprising the sample, if:

(i) Not more than one-sixth of such containers fails to meet all the requirements of the grade indicated by the average of such total scores, and, with respect to such containers which fail to meet the requirements of the indicated grade by reason of a limiting rule, the average score of all containers in the sample for the factor, subject to such limiting rule, is within the range for the grade indicated;

(ii) None of the containers comprising the sample falls more than 4 points below the minimum score for the grade indicated by the average of the total scores; and

(iii) All containers comprising the sample meet all applicable standards of quality promulgated under the Federal Food, Drug, and Cosmetic Act and in effect at the time of the aforesaid certification.

Issued at Washington, D. C., this 15th day of February, 1952.

[SEAL] ROY W. LENNARTSON
Assistant Administrator, Production and Marketing Administration.

[F. R. Doc. 52-2064; Filed, Feb. 20, 1952; 8:49 a. m.]

[7 CFR Part 927]

[Docket No. AO-71-A-21]

HANDLING OF MILK IN NEW YORK METROPOLITAN MILK MARKETING AREA

DECISION WITH RESPECT TO PROPOSED MARKETING AGREEMENT AND PROPOSED ORDER AMENDING ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and marketing orders (7 CFR Part 900), a public hearing was conducted, beginning at New York City, New York, on January 18, 1952, pursuant to notice thereof issued on December 28, 1951 (17 F. R. 124) upon proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the New York metropolitan milk marketing area. The hearing was recessed on January 19, 1952, and reconvened during the period January 21-23, 1952, at Syracuse, New York.

The material issues presented on the record of the hearing are concerned with:

1. Omission of a recommended decision and opportunity to file exceptions.

2. Immediate amendment of the order, pending availability of further information, so as to prevent interruption in the operation of the Class I-A pricing formula occasioned by revision of the wholesale commodity price index.

3. Authorization for use by the market administrator of an index determined by the Secretary to be equivalent or comparable in the event that the index specified in the order for use is not reported or published.

4. Further amendment of the order after the time when information and data concerning the revised wholesale commodity price index becomes available so as to provide for proper use of a revised wholesale commodity price index in the Class I-A pricing formula.

5. Revision of the formula for the pricing of Class I-A milk of 3.5 percent butterfat in the 201-210 mile zone so as to change both its level and seasonal variation.

Findings and conclusions. The findings and conclusions hereinafter set forth are based upon the evidence in the record and relate only to the above listed issues numbered 1, 2, and 3. Findings and conclusions concerning issues numbered 4 and 5 are deferred pending further study and analysis of the record.

1. It is found that due and timely execution of an amendment to the order imperatively and unavoidably requires omission of the Assistant Administrator's recommended decision with respect to issues numbered 2 and 3. Existing provisions of the order require the computation and announcement, by not later than February 25, 1952, of the Class I-A price for the month of March 1952. The first step in the computation of such Class I-A price for March involves the use of the wholesale commodity price index for all commodities for the month of January 1952 as reported on a 1926 base by the Bureau of Labor Statistics, United States Department of Labor. Public announcement was made on November 14, 1951, by the Bureau of Labor Statistics that the month of December 1951 was to be the last month for which a wholesale commodity price index would be reported on a 1926 base, and that for January 1952 and subsequent months the index would be reported on a 1947-49 base.

If, pursuant to such announcement, no wholesale commodity price index on a 1926 base is reported on or before February 25, 1952 for the month of January 1952, there will be no workable method under existing provisions of the order for fixing a Class I-A price for March 1952. Since the fixing of a minimum price for Class I-A milk is essential for the effectuation of the basic purposes of the act and of the order, it is imperative that an amendment to the order be made effective prior to February 25, 1952. The time available before that date is not sufficient to permit that to be done in accordance with the procedure required in connection with the issuance of an amendment unless the recommended decision is omitted.

2 and 3. As a means of providing continuity in the use of a wholesale commodity price index in computation of the Class I-A price, it is concluded that the first step in the procedure for computation of the Class I-A price (§ 927.40 (a) (1)) should be changed to provide for

use, and conversion to a 1948 base, of the revised index as reported on a 1947-49 base, rather than for use of the old index which is no longer to be reported. However, since there has not yet been opportunity to analyze the historical relationship between the old and new series of indexes and to appraise the effect of any differences on the Class I-A price, that method should be subject to review and further revision after complete data is available. Accordingly, decision is reserved on the possible necessity of further revision following publication and official notice of the new series of indexes. A further safeguard should be provided by restricting changes in the index (after conversion to a 1948 base) used in computing the price for the months of March and April to not more than one full point above or below the December 1951 index (converted to a 1948 base) which was the last of the old series and the one used in computation of the Class I-A price for February 1952.

The wholesale price index converted to a 1948 base and used in adjusting the base price of \$5.66 for the month of February was 107.8. The average of the comparable indexes used in computing the price for the 5 months ending with February is 107.9, and for no month during that period has the index varied from the average by more than two-tenths of a point. Thus, there has been no significant trend in the index during the past 5 months. That fact affords a reasonable basis for concluding that a change of more than one full index point in the index (as heretofore calculated) for the next two months would be unlikely, and that a change in so short a time of more than that amount could reasonably be expected to result primarily only from disparity between the old and revised series of indexes rather than from a change in either series within so short a period.

Provision merely for use of the revised index as reported by the Bureau of Labor Statistics for January 1952 in computation of the Class I-A price for March constitutes a workable method of fixing a March price however only if such an index is actually reported on or before February 25, 1952, the date on which the Class I-A price for March is required to be announced. The November 14, 1951, announcement of the Bureau of Labor Statistics states that its revised wholesale price index will be released starting with the index for January 1952 but provides no positive assurance (nor is such assurance otherwise provided) that the revised index for January will be reported on or before February 25, 1952. Consequently, it is necessary also to amend § 927.45 of the order to authorize use by the market administrator in computing the March Class I-A price of an equivalent or comparable index for January in the event that no index for January is actually reported by the Bureau of Labor Statistics by not later than February 25. The fact there could at some later time be a failure to report or publish the same

or another index specified in the order further justifies such an amendment as a means of insuring the workability of other order provisions.

General findings. (a) The proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, and all of the terms and conditions thereof will tend to effectuate the declared policy of the act;

(b) The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds and other economic conditions which affect market supply of and demand for milk, in the marketing area and the minimum prices specified in the proposed marketing agreement and the order, as amended, and as hereby proposed to be further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(c) The proposed marketing agreement and the order, as amended and as hereby proposed to be further amended, will regulate the handling of milk in the same manner as, and are applicable only to persons in the respective classes of industrial and commercial activity specified in the said marketing agreement upon which a hearing has been held.

Marketing agreement and order. Annexed hereto and made a part hereof are two documents entitled "Marketing Agreement Regulating the Handling of Milk in the New York Metropolitan Milk Marketing Area" and "Order Amending the Order, as Amended Regulating the Handling of Milk in the New York Metropolitan Milk Marketing Area" which have been decided upon as the appropriate and detailed means of effectuating the foregoing conclusions. These documents shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure governing proceedings to formulate marketing agreements and marketing orders have been met.

Determination of representative period. The month of December 1951 is hereby determined to be the representative period for the purpose of ascertaining whether the issuance of the order, amending the order, now in effect, regulating the handling of milk in the New York metropolitan milk marketing area, in the manner set forth in the attached amending order is approved or favored by producers who, during such period, were engaged in the production of milk for sale in the marketing area.

It is hereby ordered. That all of this decision, except the attached marketing agreement, be published in the FEDERAL REGISTER. The regulatory provisions of said marketing agreement are identical with those contained in the attached order amending the order, as amended, which will be published with the decision.

This decision filed at Washington, D. C., this 18th day of February 1952.

[SEAL]

CHARLES F. BRANNAN,
Secretary of Agriculture.

Order Amending the Order, as Amended, Regulating the Handling of Milk in the New York Metropolitan Milk Marketing Area

§ 927.0 Findings and determinations. The findings and determinations herein after set forth are supplementary and in addition to the findings and determinations previously made in connection with the issuance of the aforesaid order and of each of the previously issued amendments thereto; and all of said previous findings and determinations are hereby ratified and affirmed, except insofar as such findings and determinations may be in conflict with the findings and determinations set forth herein.

(a) Findings upon the basis of the hearing record. Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure, as amended, governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), a public hearing was held upon certain proposed amendments to the tentative marketing agreement and to the order, as amended, regulating the handling of milk in the New York metropolitan milk marketing area. Upon the basis of the evidence introduced at such hearing and the record thereof, it is found that:

1. The said order, as amended, and as hereby further amended, and all of the terms and conditions thereof, will tend to effectuate the declared policy of the act:

2. The parity prices of milk as determined pursuant to section 2 of the act are not reasonable in view of the price of feeds, available supplies of feeds, and other economic conditions which affect market supply and demand for milk in the marketing area and the minimum prices specified in the said order, as amended, and as hereby further amended, are such prices as will reflect the aforesaid factors, insure a sufficient quantity of pure and wholesome milk, and be in the public interest; and

(3) The said order, as amended, and as hereby further amended, regulates the handling of milk in the same manner as and is applicable only to persons in the respective classes of industrial and commercial activity specified in a marketing agreement upon which a hearing has been held.

Order relative to handling. It is therefore ordered that on and after the effective date hereof, the handling of milk in the New York metropolitan milk marketing area shall be in conformity to and in compliance with the terms and conditions of the aforesaid order, as amended and as hereby further amended; and the aforesaid order, as amended, is hereby further amended as follows:

1. Amend § 927.40 (a) by deleting subparagraph (1) thereof and substituting the following:

* This order shall not become effective unless and until the requirements of § 900.14 of the rules of practice and procedure, as amended, governing proceedings to formulate marketing agreements and orders have been met.

(1) Divide (with the result expressed to three decimal places) the monthly wholesale price index for all commodities in the second preceding month as reported on a 1947-49 base by the Bureau of Labor Statistics, United States Department of Labor, by the average of the monthly indexes reported on the same base for the year 1948: *Provided*, That the resulting figure so determined for use in the computation of the Class I-A price for each of the months of March and April 1952 shall not be less than 1.068 or more than 1.088.

2. Amend § 927.46 (a) by deleting subparagraph (1) thereof and substituting the following:

(1) The monthly wholesale price index for all commodities in the preceding month as reported on a 1947-49 base by the Bureau of Labor Statistics, United States Department of Labor, and the resulting index determined pursuant to § 927.40 (a) (1) multiplied by 100.

3. Amend § 927.45 to read as follows:

§ 927.45 Use of equivalent price or index. If for any reason a price or index specified in §§ 927.40 through 927.46 for use in computing and announcing class prices or for any other purpose is not reported or published in the manner therein described, the market administrator shall use a price or index determined by the Secretary to be equivalent to or comparable with the price or index specified.

[F. R. Doc. 52-2096; Filed, Feb. 20, 1952; 8:50 a. m.]

[7 CFR Part 942]

[Docket No. AO 103-A12]

HANDLING OF MILK IN NEW ORLEANS, LA.,
MARKETING AREA

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND TO ORDER, AS AMENDED

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601), and in accordance with the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held in the Lenfant's Boulevard Room, 5236 Canal Boulevard, New Orleans, Louisiana, beginning at 10:00 a. m., c. s. t., March 11, 1952, for the purpose of receiving evidence with respect to proposed amendments hereinafter set forth, or appropriate modifications thereof, to the tentative marketing agreement heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the New Orleans, Louisiana, marketing area. These proposed amendments have not received the approval of the Secretary of Agriculture.

Amendments to the order (No. 42) for the New Orleans, Louisiana, marketing area have been proposed as follows:

By the Dairy Farmers' Cooperative Association:

1. Delete paragraph (e) of § 942.1 and substitute therefor the following:

(e) "Producer" means a person, other than producer-handler who, in conformity with the applicable health regulations for milk for consumption as milk in the marketing area, produces milk which is received at a city or country plant.

2. Delete subparagraph (3) of paragraph (b) of § 942.4 and substitute therefor the following:

(3) Class III shall be all skim milk and butterfat (i) disposed of other than in the form of milk, skim milk, concentrated (including frozen) milk, butter-milk, flavored milk, flavored milk drinks, Yogurt, sweet or sour cream (for consumption as cream, including any mixture of cream and milk or skim milk, in fluid form irrespective of the butterfat content), cheese other than Cheddar, ice cream and ice cream mix; and (ii) accounted for as actual plant shrinkage, but not in excess of two percent, respectively, of the total receipts of skim milk and butterfat from producers.

3. Delete subparagraph (1) of paragraph (a) of § 942.5 and substitute therefor the following:

(1) Divide by (to be determined when the data is published) the monthly wholesale price index for all commodities as reported by the Bureau of Labor Statistics, United States Department of Labor, with the years 1947-49 as the base period.

4. Delete subparagraph (2) of paragraph (a) of § 942.5 and substitute therefor the following:

(2) Divide by three the sum of the three latest monthly indexes of department store sales in New Orleans adjusted for seasonal variations, as reported by the Federal Reserve Bank of Atlanta, with the years 1947-49 as the base period and divide the result so obtained by 0.318.

5. Delete subparagraph (2) of paragraph (d) of § 942.5 and substitute therefor the following:

(2) The price per hundredweight of butterfat shall be computed as follows: To the average daily wholesale price per pound of 92 score butter in the Chicago market, as reported by the United States Department of Agriculture during the delivery period, subtract seven cents, and multiply the results by 120.

6. Delete paragraphs (c) and (d) of § 942.7 and substitute therefor the following:

(c) Computation of the uniform price for adjusted base milk and excess milk for each handler. For each of the delivery periods of April through September, the Market Administrator shall compute, to the nearest one-tenth cent, for each handler the uniform price per hundredweight of "adjusted base milk" and excess milk as follows:

(1) Combine into one total the values of skim milk and butterfat as computed pursuant to paragraph (a) of this section;

(2) Add to the value computed in subparagraph (1) of this paragraph the amount of the carry-over from the preceding delivery period.

(3) Subtract from the value obtained pursuant to subparagraph (2) of this paragraph if the average butterfat content of milk received from producers by such handler is more than 4.0 percent, or add to such value if such average butterfat content is less than 4.0 percent, an amount computed as follows: (i) Multiply the amount by which the average butterfat content of adjusted base milk received from producers varies from 4.0 percent by the butterfat differential to producers for base milk and multiply the result by the total hundredweight of adjusted base milk delivered by producers; (ii) multiply the amount by which the average butterfat content of adjusted excess milk received from producers varies from 4.0 percent by the butterfat differential to producers for excess milk and multiply the result by the total hundredweight of adjusted excess milk delivered by producers; (iii) add the result obtained in subdivisions (i) and (ii) of this subparagraph.

(4) Add to the value obtained pursuant to subparagraph (2) of this paragraph an amount computed by multiplying the total hundredweight of base milk received by such handler from producers at plants located in each freight zone farther from New Orleans than the 61-70 mile zone by the appropriate zone differential set forth in the schedule pursuant to § 942.5 (a) (8);

(5) Subtract from the value obtained pursuant to subparagraph (3) of this paragraph an amount computed by multiplying the total hundredweight of base milk received by such handler from producers at plants located in each freight zone nearer New Orleans than the 61-70 mile zone by the appropriate zone differential set forth in the schedule pursuant to § 942.5 (a) (8);

(6) The total value of adjusted base for such handler would be an amount determined by multiplying the quantity of such adjusted base milk (not to exceed 100 percent of base) by the Class I price for 4.0 percent milk;

(7) The total value for adjusted excess milk for such handler would be an amount determined by multiplying the pounds of adjusted excess milk by the Class III price; *Provided*, That if the adjusted base should be more than 100 percent of the base formed with such handler, the value of 100 percent of such base would be computed at the Class I price for 4.0 percent milk and any monies remaining would be distributed to the adjusted excess pounds until the price for adjusted excess milk equals the Class I price. Should any money still remain, such money would be allocated to the adjusted base pounds even to the extent that the hundredweight value for adjusted base pounds would be more than the Class I price for 4.0 percent milk.

(8) Compute the adjusted base pounds as follows: (i) The Class I butterfat should be divided by 4.0 percent if the average test of Class I sales is under 4.0 percent. Should the average test of Class I sales be over 4.0 percent, use the actual Class I product pounds; (ii) to

this adjusted base figure add an amount determined by dividing the value of the carry-over from the previous delivery period by the Class I price at 4.0 percent.

(9) To compute the average butterfat content of adjusted base milk, the adjusted base pounds computed pursuant to subparagraph (8) of this paragraph should be multiplied by the average test of base producer receipts for the current delivery period and there should be added thereto an amount arrived at by multiplying the base pounds in the carry-over computation.

(10) To compute the adjusted excess pounds, subtract from the total producer receipts delivered to such handler for the current delivery period, the amount of adjusted base pounds computed in subparagraph (8) of this paragraph;

(11) To compute the average butterfat content of adjusted excess milk, subtract the total butterfat pounds computed in subparagraph (9) of this paragraph from the total butterfat pounds delivered to such handler for the current delivery period. The butterfat pounds so computed should be divided by the total of the adjusted excess pounds determined in the above computation.

(d) *Announcement of prices.* (1) On or before the 6th day after the end of each delivery period the market administrator shall notify all handlers and make public announcement of the Class II and Class III prices of skim milk and butterfat received from producers during the delivery period and on or before the 1st day of each delivery period the market administrator shall make such notification and announcement of the Class I price of skim milk and butterfat which may be received from producers during such delivery period.

(2) On or before the 10th day after the end of each delivery period of October through March, the market administrator shall notify each handler and make public announcement of such handler's uniform price per hundredweight of skim milk, butterfat and milk containing 4.0 percent butterfat received by such handler from producers during the delivery period, and the butterfat differential applicable to such milk.

(3) On or before the 10th day after the end of each of the delivery periods of April through September, the market administrator shall notify each handler and make public announcement of such handler's uniform price per hundredweight for adjusted base milk and adjusted excess milk containing 4.0 percent butterfat received by such handler from producers during the delivery period, and the butterfat differentials applicable to such base and excess milk.

(4) On or before the 10th day after the end of the delivery periods of April through September, the market administrator shall notify each handler and make public announcement of such handler's "adjusted base percentage." The "adjusted base percentage" would be computed as follows: (i) Multiply each producer's daily base for such handler, as computed pursuant to § 942.5 (c), by the number of days in the current delivery period; (ii) combine into one total each producer's base, as computed pursuant to subdivision (i) of this subpara-

graph; (iii) divide the adjusted base pounds as computed pursuant to subparagraph (8) of paragraph (c) of this section by the results obtained in subdivision (ii) of this subparagraph; (iv) multiply each producer's base, as computed pursuant to subdivision (i) of this subparagraph by the results obtained in subdivision (iii) of this subparagraph. The result shall be known as the producer's adjusted base.

(5) The carry-over value would be an amount determined by deducting from what a handler should have paid producers, pursuant to the computations above described, the amount actually paid producers by such handler.

(6) Should a handler fail to comply with the requisites of paragraph (b), § 942.3, the market administrator would add as a carry-over value \$0.25 per hundredweight multiplied by the current base delivered pounds.

By Brown's Velvet Dairy Products, Inc.:

7. Amend § 942.4 (b) (2) to include, for the delivery periods of December and February to August, inclusive, whole milk, sterilized and in hermetically sealed cans for export and military use outside of continental United States, only.

By Roemer Dairies:

8. Amend the provisions of § 942.4 (d) so as to further provide that, if during the delivery periods of September through February, the buyer maintains books and records, showing the utilization of all skim milk and butterfat received at his plant, which are made available to the market administrator for the purpose of verification, any skim and butterfat in cream transferred to such handler would be classified as follows:

(a) Determine the classification of all skim milk and butterfat at the transferee plant, and (b) allocate the skim milk and butterfat, respectively, received at the transferee plant from the transferring handler to the highest-priced classification remaining after subtracting, in series beginning with the highest-priced classification, the receipts of skim milk and butterfat, respectively, at the transferee plant from dairy farms.

9. Amend the provisions of § 942.15 (a) *Determination of base*, as follows:

(a) *Determination of base.* For each of the delivery periods of March through August of each year, the base of each producer shall be a quantity of milk calculated, by the handler who receives milk from such producer, in the following manner, subject to verification by the market administrator: Multiply the daily base of such producer with such handler by the number of days for which such producer's milk was delivered to such handler during the delivery period.

(b) *Base period.* For the delivery periods of March through August of each year, the base period shall be the immediately preceding six-month period of September through February.

(d) *Determination of daily base.* For the delivery periods of March through August of each year, the daily base of each producer shall be an amount calculated by the handler(s) to whom such producer delivered milk during the base

period, subject to verification by the market administrator, as follows: Divide the total pounds of milk received from such producer during the base period by the number of days in the base period.

By the Dairy Branch, Production and Marketing Administration:

10. Rewrite and reissue the provisions of Order No. 42 in accordance with the revised regulations of the Federal Register Division issued October 12, 1948.

11. Delete § 942.1 (f) and substitute the following:

(f) "Handler" means the person who operates a fluid milk plant.

12. Delete § 942.1 (g) and (h) and substitute the following:

(g) "Fluid Milk Plant" means a milk plant (1) where milk is processed and packaged and from which Class I milk is disposed of on retail or wholesale routes in the marketing area or (2) at which milk is received from producers and from which milk or cream is transferred to a plant described in subparagraph (1) of this paragraph; unless the handler receiving such transferred milk utilizes more skim milk and butterfat, respectively, in Class II milk and Class III milk than the quantity of skim milk and butterfat received from such transferring plant(s) and such transferring plant furnished less than 15 percent of its total receipts of milk from dairy farmers to a plant(s) defined in subparagraph (1) of this paragraph during the immediately preceding months of September and October.

13. Delete § 942.1 (i) and substitute therefor the following:

(i) "Delivery period" means a calendar month, or the portion thereof during which this order is in effect.

14. Delete § 942.1 (l) and substitute therefor the following:

(l) "Other source milk" means all skim milk and butterfat received in any form from a source other than producers or other handlers, except any non-fluid milk product received and disposed of in the same form.

15. Add in § 942.1 the following:

(n) "Producer milk" means any skim milk or butterfat contained in milk received directly by a handler from producers or diverted by such handler to any milk distributing or manufacturing plant; any milk so diverted shall be deemed to have been received by the handler for whose account it was diverted.

16. Delete § 942.2 and substitute therefor the following:

MARKET ADMINISTRATOR

§ 942.20 *Designation.* The agency for the administration of this part shall be a market administrator selected by the Secretary, who shall be entitled to such compensation as may be determined by, and shall be subject to removal at the discretion of, the Secretary.

§ 942.21 *Powers.* The market administrator shall have the following powers with respect to this part:

(a) To administer its terms and provisions;

(b) To receive, investigate, and report to the Secretary complaints of violations;

(c) To make rules and regulations to effectuate its terms and provisions; and

(d) To recommend amendments to the Secretary.

§ 942.22 *Duties.* The market administrator shall perform all duties necessary to administer the terms and provisions of this part, including, but not limited to, the following:

(a) Within 45 days following the date on which he enters upon his duties, or such lesser period as may be prescribed by the Secretary, execute and deliver to the Secretary a bond, effective as of the date on which he enters upon his duties and conditioned upon the faithful performance of such duties, in an amount and with surety thereon satisfactory to the Secretary;

(b) Employ and fix the compensation of such persons as may be necessary to enable him to administer its terms and provisions;

(c) Obtain a bond in a reasonable amount and with reasonable surety thereon covering each employee who handles funds entrusted to the market administrator;

(d) Pay, out of the funds provided by § 942.9, (1) the cost of his bond and of the bonds of his employees; (2) his own compensation, and (3) all other expenses, necessarily incurred by him in the maintenance and functioning of his office and in the performance of his duties;

(e) Keep such books and records as will clearly reflect the transactions provided for herein, and upon request by the Secretary, surrender the same to such other person as the Secretary may designate;

(f) Publicly disclose to handlers and producers, unless otherwise directed by the Secretary, the name of any person who, within 5 days after the day upon which he is required to perform such acts has not made (1) reports pursuant to § 942.30 or (2) payments pursuant to §§ 942.8 and 942.9.

(g) Submit his books and records to examination by the Secretary and furnish such information and reports as may be required by the Secretary;

(h) Prepare and make available for the benefit of producers, consumers, and handlers such general statistics and information concerning the operation hereof as are necessary and essential to the proper functioning of this part;

(i) Verify all reports and payments by each handler by audit, if necessary, of such handler's records and the records of any other handler or person upon whose utilization the classification of skim milk and butterfat for such handler depends; and

(j) Weigh, sample and test for butterfat content milk and milk products;

(k) From time to time, as conditions in the market warrant, publicly announce the name of each handler whose receipts of skim milk and/or butterfat in milk received from producers are more than 105 percent and less than 95 percent, respectively, of his total utilization

of skim milk and butterfat, respectively, in Class I milk.

(1) Publicly announce and notify each handler in writing the prices and butterfat differentials for each delivery period as follows:

(1) On or before the 6th day after the end of each delivery period, the Class II and Class III prices of skim milk and butterfat for such delivery period;

(2) On or before the 1st day of each delivery period the Class I price of skim milk and butterfat for such delivery period.

(3) On or before the 10th day after the end of each of the delivery periods of October through March such handler's uniform price per hundredweight of skim milk, butterfat, and milk containing 4.0 percent butterfat for such delivery period, and the butterfat differential applicable to such milk;

(4) On or before the 10th day after the end of each of the delivery periods of April through September, such handler's uniform price per hundredweight for base milk and excess milk for such delivery period, and the butterfat differentials applicable to such base and excess milk.

17. Delete § 942.3 and substitute therefor the following:

REPORTS, RECORDS, AND FACILITIES

§ 942.30 *Reports of receipts and utilization.* On or before the 5th day after the end of each delivery period each handler, except a producer-handler, shall report to the market administrator in the detail and on forms prescribed by the market administrator:

(a) The quantities of skim milk and butterfat contained in all receipts at his fluid milk plant(s) within such delivery period of (1) producer milk and for the months of April through September, the aggregate quantities of base and excess milk, (2) skim milk and butterfat in any form from other handlers, and (3) other source milk; and

(b) The utilization of all skim milk and butterfat required to be reported under paragraph (a) of this section.

§ 942.31 *Other reports.* Each handler shall report to the market administrator, in the detail and on forms prescribed by the market administrator as follows, except that each producer-handler shall make reports to the market administrator at such time and in such manner as the market administrator may request:

(a) On or before the 20th day after the end of the delivery period, his producer pay roll for such delivery period which shall show: (1) The total pounds of milk received from each producer or cooperative association, including for the delivery periods of April through September the total deliveries of base milk and excess milk by each producer, (2) the number of days deliveries are made and if less than a full calendar month, the date of first and last delivery, (3) the average butterfat content of such milk, and (4) the net amount of such handler's payment to each producer or a cooperative association together with the prices paid, deductions and charges involved.

§ 942.32 *Records and facilities.* Each handler shall keep adequate records of receipts and utilization of skim milk and butterfat and shall, during the usual hours of business, make available to the market administrator or his representative such records and facilities as will enable the market administrator to (a) verify the receipts and utilization of all skim milk and butterfat and, in case of errors or omissions, ascertain the correct figures; (b) weigh, sample, and test for butterfat content all milk and milk products handled; (c) verify payment to producers; and (d) make such examinations of operations, equipment, and facilities, as are necessary and essential to the proper administration of this part or any amendments thereto.

§ 942.33 *Retention of records.* All books and records required under this part to be made available to the market administrator shall be retained by the handler for a period of three years to begin at the end of the month to which such books and records pertain: *Provided*, That if, within such three-year period, the market administrator notifies the handler in writing that the retention of such books and records, or of specified books and records, is necessary in connection with a proceeding under section 8c (15) (A) of the act or a court action specified in such notice, the handler shall retain such books and records, or specified books and records, until further written notification from the market administrator. In either case the market administrator shall give further written notification to the handler promptly, upon the termination of the litigation or when the records are no longer necessary in connection therewith.

18. Delete § 942.4 and substitute therefor the following:

§ 942.40 *Basis of classification.* All skim milk and butterfat contained in receipts at a fluid milk plant(s), within the delivery period, of (a) producer milk, (b) skim milk and butterfat in any form from other handlers, and (c) other source milk, shall be classified by the market administrator in the classes set forth in § 942.41.

§ 942.41 *Classes of utilization.* Subject to the conditions set forth in § 942.42 through § 942.45, the classes of utilization shall be as follows:

(a) Class I milk shall be all milk and butterfat (1) disposed of in fluid form (except for livestock feed) as milk, skim milk, buttermilk, flavored milk, flavored milk drinks, cream and any cream product, except ice cream mix and (2) not specifically accounted for as Class II milk and Class III milk.

(b) Class II milk shall be all skim milk and butterfat used to produce cheese other than cheddar, ice cream and ice cream mix; and

(c) Class III milk shall be (1) all skim milk and butterfat disposed of as any item other than those specified in paragraphs (a) and (b) of this section; (2) skim milk and butterfat disposed of for livestock feed; (3) skim milk dumped, and (4) skim milk and butterfat ac-

counted for as actual plant shrinkage but not in excess of 2 percent of receipts of skim milk and butterfat, respectively, from producers.

§ 942.42 *Responsibility of handlers and reclassification of milk.* (a) All skim milk and butterfat shall be classified as Class I milk, unless the handler who first receives such skim milk or butterfat proves to the market administrator that such skim milk or butterfat should be classified as Class II or Class III milk.

(b) Any skim milk or butterfat classified (except that transferred to a producer-handler) in one class shall be reclassified if used or reused by such handler or by another handler in another class.

§ 942.43 *Transfers.* Skim milk or butterfat disposed of by a handler during any delivery period in fluid form as milk, skim milk, or cream, either by transfer or diversion shall be classified:

(a) As Class I milk if moved to a fluid milk plant of another handler (except a producer-handler), unless (1) utilization in another class is mutually indicated in writing by both handlers on or before the 5th day after the end of such delivery period, but in no event shall the amount classified in any class exceed the total use in such class by the transferee-handler; *Provided*, That if either or both handlers have received other source milk, such milk so disposed of shall be classified at both plants so as to return the higher class utilization to producer milk.

(b) As Class I milk if moved in the form of any items specified in § 942.41 (a) to a producer-handler.

(c) As Class I milk if moved to any plant other than a fluid milk plant, unless:

(1) The handler claims utilization in another class;

(2) The operator of such non-fluid milk plant maintains books and records, showing the receipts and utilization of all skim milk and butterfat at such plant, which are made available if requested by the market administrator for the purpose of verification; and

(3) The utilization of skim milk and butterfat, at such plant, in Class I milk, as defined in § 942.41, is less than the total pounds of skim milk and butterfat, respectively, received from the transferee handler(s) and from dairy farmers whom the market administrator determines constitute the regular source of supply for fluid usage in such plant, in which case the skim milk and butterfat transferred shall be assigned to the remaining uses of skim milk and butterfat, respectively, during such delivery period in series starting with Class I milk after the similar assignment of the receipts of skim milk and butterfat from such dairy farmers.

§ 942.44 *Computation of skim milk and butterfat in each class.* For each delivery period, the market administrator shall correct for mathematical and other obvious errors the delivery period report submitted by each handler and compute the total pounds of skim milk

and butterfat, respectively, in Class I milk, Class II milk, and Class III milk for such handler.

§ 942.45 *Allocation of skim milk and butterfat classified.* (a) The pounds of skim milk remaining in each class after making the following computations for each handler for each delivery period shall be the pounds in such class allocated to producer milk:

(1) Subtract the shrinkage of skim milk, computed pursuant to § 942.41 (c) (4) from the total pounds of skim milk in Class III milk;

(2) Subtract from the pounds of skim milk remaining in each class, in series beginning with the lowest available price class, the pounds of skim milk in other source milk;

(3) Subtract from the pounds of skim milk remaining in each class, the pounds of skim milk received from other handlers and assigned to such class pursuant to § 942.43 (a);

(4) Add to the pounds of skim milk remaining in Class III milk the pounds of skim milk subtracted pursuant to subparagraph (1) of this paragraph; or if the pounds of skim milk remaining in all classes exceed the pounds of skim milk in producer milk, subtract such excess from the pounds of skim milk remaining in each class, in series beginning with Class III.

(b) Allocate the pounds of butterfat in each class to producer milk in the same manner prescribed for skim milk in paragraph (a) of this section.

19. Take testimony in regard to the revision of any of the provisions of § 942.5 (a) and particularly the revision or reinstatement of § 942.5 (a) (6) and (7).

20. Delete § 942.5 (e) and substitute the following:

(e) *Use of equivalent factors in formulas.* If for any reason a price, index, or wage rate specified by this order, for use in computing class prices and for other purposes is not reported or published in the manner described in this order, the market administrator shall use a price, index, or wage rate determined by the Secretary to be equivalent to or comparable with the factor which is specified.

21. Make such other changes as may be required to make the entire marketing agreement and the order conform with any amendments thereto which may result from this hearing.

Copies of this notice of hearing and of the tentative marketing agreement, and the order now in effect, may be procured from the market administrator, 1220 Carondelet Building, New Orleans 12, Louisiana, or from the Hearing Clerk, United States Department of Agriculture, Room 1353, South Building, Washington 25, D. C., or may be there inspected.

Filed at Washington, D. C., this 18th day of February 1952.

[SEAL] ROY W. LENNARTSON,
Assistant Administrator.

FREDERICK KLAEBER

Correction

In F. R. Doc. 52-1979, appearing at page 1543 of the issue for Tuesday, February 19, 1952, the bracket heading "[Vesting Order 18762]" was inadvertently omitted.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

CALIFORNIA

CLASSIFICATION ORDER

FEBRUARY 1, 1952.

1. Pursuant to the authority delegated to me by the Director, Bureau of Land Management, by Order No. 427 dated August 16, 1950, I hereby classify under the Small Tract Act of June 1, 1938 (52 Stat. 609), as amended July 14, 1945 (59 Stat. 467, 43 U. S. C. 682a), as hereinafter indicated, the following described land in the Los Angeles land district, embracing approximately 120 acres,

CALIFORNIA SMALL TRACT CLASSIFICATION
No. 327

For lease and sale for homesites only:
T. 4 N., R. 1 W., S. B. M.,

Sec. 31, E $\frac{1}{2}$ NW $\frac{1}{4}$ and Lots 3, 4, 9, 10, 11, 12, 17, and 18 (formerly parts of Lots 1 and 2 of NW $\frac{1}{4}$).

The lands lie in San Bernardino County from 3 to 7 miles south and west of the Lucerne Valley Post Office at the foot of the San Bernardino Mountains approximately midway between Victorville and the Big Bear Lake recreational area. Elevations range from 3,200 to 4,600 feet above sea level with an accompanying variation in vegetation from low desert shrub to juniper-yucca type on the higher slopes. The lands afford an excellent view of distant desert mountains and basins. The entire area is strewn with granite boulders, and the water supply will, in most instances, have to be obtained from existing wells and transported to the lands. The rocky character of the lands will necessitate considerable expenditures for development.

2. As to applications regularly filed prior to 3:00 p. m., April 6, 1948, and are for the type of site for which the land is classified, this order shall become effective upon the date it is signed.

3. This order shall not otherwise become effective to change the status of such lands until 10:00 a. m. on the 35th day after the date of this order. At that time the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to applications under the Small Tract Act as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on

the day specified above, the public lands affected by this order shall be subject only to application under the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a), as amended, by qualified veterans of World War II, subject to the requirements of applicable law. All applications filed under this paragraph either at or before 10:00 a. m. on the 35th day after the date of this order shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this order, any lands remaining unappropriated shall become subject to disposal under the Small Tract Act only. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this order, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

4. A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their application by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

5. All of the lands will be leased in tracts of approximately 5 acres, each being approximately 330 by 660 feet, the longer dimension to extend north and south.

6. Preference right leases referred to in paragraph 2 will be issued for the land described in the application irrespective of the direction of the tract, provided the tract conforms to or is made to conform to the area and the dimension specified in paragraph 5.

7. Where only one 5-acre tract in a 10-acre subdivision is embraced in a preference right application, an application for the remaining 5-acre tract extending in the same direction will be accepted in order to fill out the subdivision notwithstanding the direction specified in paragraph 5.

8. Leases will be for a period of three years at an annual rental of \$5.00 payable for the entire lease period in advance of the issuance of the lease. Leases will contain an option to purchase clause at the appraised value of \$50.00 per tract, application for which may be filed during the term of the lease but not

more than 30 days prior to the expiration of one year from the date of the lease issuance.

9. Tracts will be subject to all existing rights-of-way and to rights-of-way not exceeding 33 feet in width along or near the edges thereof for road purposes and public utilities. Such rights-of-way may be utilized by the Federal Government, or the State, County or municipality in which the tract is situated, or by any agency thereof. The rights-of-way may, in the discretion of the authorized officer of the Bureau of Land Management, be definitely located prior to the issuance of the patent. If not so located, they may be subject to location after patent is issued.

10. All inquiries relating to these lands should be addressed to the Manager, Land Office, Los Angeles, California.

J. H. FAVORITE,

Acting Regional Administrator.

HELLS CANYON PROJECT; IDAHO AND OREGON

NOTICE FOR FILING OBJECTIONS TO ORDER¹ WITHDRAWING PUBLIC LANDS

Notice is hereby given that for a period of 30 days from the date of publication of this notice, persons having cause to object to the terms of the above order withdrawing certain public lands in the States of Idaho and Oregon, for use in

¹ See F. R. Doc. 52-2135, *supra*.

connection with the Hells Canyon Project, may present their objections to the Secretary of the Interior. Such objections should be in writing, addressed to the Secretary of the Interior, and should be filed in duplicate in the Department of the Interior, Washington 25, D. C.

In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where the proponents of the order can explain its purpose, intent and extent. Should any objection be filed, notice of the determination by the Secretary as to whether the order should be rescinded, modified or let stand will be given to all interested parties of record and the general public.

G. W. LINEWEAVER,
Acting Commissioner,
Bureau of Reclamation.

PUBLIC NOTICE OF ANNUAL WATER CHARGES

FEBRUARY 8, 1952.

1. *Operation and maintenance.* The minimum operation and maintenance charge for the irrigation season of 1952 against all lands of the Main Division lying outside of the Klamath Irrigation District shall be \$4.50 per irrigable acre, whether water is used or not, payment of which will entitle the water user to 2½ acre-feet of water per irrigable acre. Additional water, if available, will be furnished during the irrigation season at the rate of \$1.80 per acre-foot.

2. *The operation and maintenance charge for the irrigation season of 1952 against all lands under individual Warren Act contracts shall be \$2.25 per irrigable acre, whether water is used or not.*

3. *Water rental.* The minimum water rental charge for the irrigation season of 1952 against all lands of the Tule Lake Division lying outside of the Klamath Irrigation District and subject to Public Orders of January 22, 1927, March 30, 1928, February 6, 1929, September 10, 1930, October 16, 1931, September 9, 1937, August 1, 1946, October 8, 1947, and August 27, 1948, shall be \$4.50 per irrigable acre whether water is used or not. Payment of the minimum water rental charge shall entitle the water user to 2½ acre-feet of water per irrigable acre. Additional water will be furnished, if available, at a rate of \$1.80 per acre-foot.

4. *For irrigation or waste water furnished Tule Lake leased lands, the charge, unless otherwise specified in the leases, shall be \$1.80 per acre-foot for the season of 1952.*

5. *For irrigation or waste water furnished lands within the dry bed of or bordering Lower Klamath Lake, the charge shall be \$0.50 per acre-foot for the season of 1952.*

6. *For irrigation water furnished private lands from Klamath or Lost Rivers and Upper Klamath Lake, the charge shall be \$0.80 per acre-foot for the season of 1952.*

7. *For water furnished lands not subject to the operation and maintenance or water rental charges named above.*

the charge shall be \$1.80 per acre-foot for the season of 1952.

8. *Time of payment.* For lands of the Tule Lake Division under public notice or public order lying outside of the Klamath Irrigation District, the minimum charge stated in paragraph 3 above shall be due and payable one-half before the delivery of water if water is delivered before July 1, and one-half on or before July 1. If no water is delivered before July 1, then the entire charge shall become due and payable on that date. For all other lands referred to herein, the minimum charges announced shall be due and payable before the delivery of water and in any event not later than May 1 of the current irrigation season. Payment for all water used in addition to the allowance under the minimum charge shall be made on or before December 1, of the year in which used.

9. *Penalties.* On all payments not made on or before the due dates, there shall be added on the following day a penalty of one-half of one percent of the amount unpaid and a like penalty of one-half of one percent of the amount unpaid on the first day of each calendar month thereafter so long as such default shall continue.

R. S. CALLAND,
Regional Director, Region II.

DEPARTMENT OF COMMERCE

Federal Maritime Board

MEMBER LINES OF U. S. ATLANTIC & GULF-NETHERLANDS WEST INDIES & VENEZUELA CONFERENCE

NOTICE OF AGREEMENT FILED FOR APPROVAL

Notices is hereby given that the following described agreement has been filed with the Board for approval pursuant to section 15 of the Shipping Act, 1916, as amended.

Agreement No. 6190-12, between the member lines of the U. S. Atlantic & Gulf-Netherlands West Indies & Venezuela Conference, modifies the basic agreement of that conference (No. 6190) to change the name of the conference to United States Atlantic & Gulf-Venezuela & Netherlands Antilles Conference and to substitute therein the present-day designation "Curacao, Aruba and Bonaire, Netherlands Antilles" for the obsolete designation "Curacao, Aruba and Bonaire, Netherlands West Indies."

Interested parties may inspect this agreement and obtain copies thereof at the Regulation Office, Federal Maritime Board, Washington, D. C., and may submit, within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to this agreement and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

Dated: February 18, 1952.

By order of the Federal Maritime Board,

[SEAL]

A. J. WILLIAMS,
Secretary.

Office of International Trade

[Case No. 119]

GUY N. F. NORD, LTD., ET AL.

ORDER REVOKING AND DENYING LICENSE PRIVILEGES

In the matter of Guy N. F. Nord, Ltd., Guy N. F. Nord, Belize, British Honduras; Dualca Steamship Company, John Bilik, Jr., Marion Dudek, International Trade Mart, 124 Camp Street, New Orleans, Louisiana, respondents; Case No. 119.

This proceeding was begun on February 2, 1951, by the mailing of a charging letter to the above-named respondents, wherein the Office of International Trade charged respondents with having violated the provisions of the Export Control Act of 1949 (63 Stat. 7) and the regulations promulgated thereunder (15 CFR, Chapter III, Subchapter C, 14 F. R. 2992), by exporting or receiving certain petroleum products as separate and independent exportations on three occasions in February 1950, to differing consignees under color of authority of General License, GLV, which exportations were not intended for the benefit and use of the individual consignees but on each occasion were intended for the benefit and use of one consignee or firm, and which on each occasion were of total value in excess of that permitted to be exported under General License, GLV, in any one exportation. Under the provisions of the General License, GLV, in effect at that time, only a single shipment of gasoline, not in excess of \$1,000 in value, could be lawfully made at one time by a single exporter for the benefit and use of a single consignee. The same general license, with the same limitations, was applicable to shipments of light Diesel oil.

Hearings were held on said charges, pursuant to notice duly given, in New Orleans, Louisiana, on July 10, 1951, before the Compliance Commissioner designated for this purpose by the Acting Director of the Office of International Trade. Respondent Guy N. F. Nord appeared personally, John T. Charbonnet and Charles I. Devechaud, Jr., attorneys, represented Guy N. F. Nord, Limited, hereinafter referred to as "Limited", and Guy N. F. Nord. Respondents John Bilik, Jr., and Marion Dudek appeared personally and they, together with T. Wrazen, represented Dualca Steamship Company, hereinafter referred to as "Dualca".¹ All respondents and witnesses gave their testimony under oath

¹ Officials of the Bureau of Customs have advised that Dualca has transferred its vessels and is in the process of winding up its affairs.

and their testimony and exhibits were received in evidence.

After hearing all the testimony proffered by respondents and the Office of International Trade, and receiving all exhibits so proffered, the hearing was closed, subject to receipt in the immediate future of such briefs as any interested party believed to be appropriate, and the case was taken under advisement.

There were no conflicts in the evidence taken and Mr. Guy N. F. Nord and representatives for Limited entered into stipulations with the representatives of the Office of International Trade admitting the charges made against Limited and Guy N. F. Nord. While representatives of Dualca, John Bilik, Jr., and Marion Dudek, did not enter into a formal stipulation, their comments were only explanatory of the charges, and their statements were in the nature of confession and mitigation rather than denial. No issue was taken with the charges.

It appears from the record and the report of the Compliance Commissioner that the charges as set forth in the above-mentioned charging letter of February 2, 1951, have been proved. Respondent Dualca, as alleged in such charging letter, did in fact on or about February 1, 1950, export under color of authority of General License, GLV, at one time to Belize, British Honduras, on the vessel "Dadun", three lots of gasoline, each valued at slightly less than \$1,000. In the case of one lot, respondent Guy N. F. Nord, President of Limited, was designated as consignee. In the case of the remaining two lots, officials of Guy N. F. Nord, Ltd., were designated as consignees. These exportations were admittedly for the exclusive benefit and use of Limited with the purchase money therefor furnished by Limited.

It further was proved that respondent Dualca exported under color of authority of General License, GLV, to Belize, British Honduras, on the same vessel, at the same time, two lots of light Diesel oil, each valued at slightly less than \$1,000, to each of two officials of Limited, and that these exportations were for the exclusive benefit and use of Limited, with the purchase money therefor furnished by Limited.

It further was proved, that on or about February 16, 1950, there were exported to Belize under color of authority of General License, GLV, at the direction of Dualca, on a vessel operated by Dualca, six lots of gasoline, each valued at slightly less than \$1,000, to six different officials or employees of Limited, and one lot of gasoline valued at approximately \$265 to Guy N. F. Nord, and that these exportations were all for the exclusive benefit and use of Limited, with the purchase money therefor furnished by Limited.

It further was proved that on or about February 23, 1950, Dualca made under color of authority of General License, GLV, two exportations of Diesel oil, each in an amount approximating but not exceeding \$1,000, on the same vessel, to the same destination, but to separate consignees. These exportations were nomi-

nally for John Bilik, Jr., and Marion Dudek, respectively, officers of Dualca, who bore the risk of voyage and had no firm knowledge that Limited would purchase the oil on arrival, although this in fact occurred. These exportations were in fact made to make up a profitable load for the vessel and these two officials were in fact acting for Dualca in exporting in excess of the amounts allowed under General License, GLV, for the benefit and use of one party, in this instance, Dualca.

It was further proved that when the attention of the officials of Dualca was directed by Customs officials to the apparent infraction of the regulations by Dualca in the actions heretofore described, the officials of Dualca prepared for the signature of, and requested, the named individual consignees to sign what purported to be firm orders by such consignees. These documents were admitted to be false since the petroleum products so exported were for the benefit and use of Limited rather than the individual consignees, and the purchase money therefor was supplied by Limited, as Dualca and its officials then knew.

The Compliance Commissioner concluded that in acting as heretofore described, Limited, Guy N. F. Nord, Dualca, John Bilik, Jr., and Marion Dudek, engaged in activities which were in violation of the regulations of the Office of International Trade with respect to their use of General License, GLV. This conclusion appears to be adequately supported by evidence received and stipulations entered into at the time of the hearing.

Reliance by Guy N. F. Nord, head of Limited, on the advice of an exporter, not a party to these proceedings, to the general effect that separate exportations could be made validly on the same vessel at the same time under General License, GLV, to different consignees, each in the maximum amount allowed under that General License, does not constitute a good faith defense to the charges set forth. In the first place, it would appear that the exporter giving this advice was not aware of Nord's intention that the different consignees would all be nominees for Nord's benefit. Apart from that factor, moreover, the defense cannot be accepted because a contrary ruling would place a premium on ignorance and penalize exporters who seek information and advice from the Government agencies which are charged with administering and enforcing these regulations. Impairment of the effectiveness of the General License procedure would be disastrous to the export control program for both exporters and those charged with the administration of the law. If the General License procedure were discarded, exporters would be faced with the requirement of filing numberless applications for special licenses and those administering the law would be overwhelmed with the cumulative total of such applications. Acceptance of a defense based on reliance on information obtained from unofficial and uninformed sources would go far toward impairing the effectiveness of the General License procedure.

The same reasoning and conclusion applicable to the defense offered by Limited is applicable to the explanation offered by Dualca. Although it was claimed that the detailed clearances effected with the Bureau of Customs in connection with the shipping activities of Dualca were performed on a commission basis by a firm or firms not a party to this proceeding, it is plain that a carrier may not shift its responsibility for abiding by regulations governing exportations from this country by the expedient of hiring another firm to take care of details attendant on such exportations.

The report of the Compliance Commissioner has been carefully considered, together with the record in this case, and it appears that the findings and conclusions of the Compliance Commissioner are supported by the record and that his recommendations are fair and reasonable and should be adopted.

Now, therefore, it is ordered as follows:

(1) All outstanding export licenses in which respondents Guy N. F. Nord, Ltd., Guy N. F. Nord, Dualca Steamship Company, John Bilik, Jr., and Marion Dudek, or any of them appear as a party in any capacity as licensee, consignor, forwarder, intermediate consignee, ultimate consignee, or otherwise, be revoked and be ordered to be forthwith returned to the Office of International Trade for cancellation.

(2) The respondents Guy N. F. Nord, Ltd., and Guy N. F. Nord be denied, for a period of 60 days, the privilege of obtaining or using any export license, including general licenses, as well as validated licenses, and from participating, directly or indirectly, either as licensee, consignor, forwarder, carrier, intermediate consignee, ultimate consignee, or otherwise in any capacity in any exportation of any commodity from the United States to any destination.

(3) The respondents, Guy N. F. Nord, Ltd., and Guy N. F. Nord and each of them be further declared ineligible to participate in any capacity, directly or indirectly, in any exportation from the United States for a period of 60 days, and during such period the Office of International Trade issue no export licenses, Collector of Customs authenticate no shipper's export declarations, and no exportations be made or permitted in which any of said respondents appear or participate as licensee, consignor, carrier, forwarder, intermediate consignee, ultimate consignee, or otherwise in any capacity.

(4) The respondents Dualca Steamship Company, John Bilik, Jr., and Marion Dudek, and each of them, be denied until such time and except upon such condition as the Office of International Trade may, upon application, reinstate them, each and all of the privileges described in paragraphs numbered 2 and 3 above, as well as the privileges of financing, transporting, or otherwise servicing any exports from the United

States to any destination: *Provided, however, That no such application may be filed sooner than 60 days after the date of this order.*

(5) Such revocation of export licenses and denial of export privileges extend, for the periods specified above, not only to each of the respondents specified in paragraph 1, but also for the same period, to any person, trade name, firm, corporation or other business organization with which any such respondent might be related by ownership or control or with which any such respondent may hold a position of responsibility involving the receipt, handling, financing, transporting, or other servicing of commodities exported from the United States or the supervision of any person so engaged.

(6) The order issued herein should also provide that no person shall knowingly apply for or obtain any license, shipper's export declarations, bill of lading, or other export control document relating to any exportation of commodities to or for any of the respondents named in paragraph 1 above without prior disclosure of such facts to, and specific authorization from, the Office of International Trade.

Dated: February 13, 1952.

JOHN C. BORTON,
Assistant Director for Export Supply.

[Case No. 121]

EXPRESO AERO FREIGHT TERMINAL ET AL.
ORDER DENYING LICENSE PRIVILEGES

In the matter of Expreso Aero Freight Terminal, George J. Jessel, William C. Colson, 173 West 97th Street, New York 25, New York, respondents; Case No. 121.

This proceeding was begun by the issuance of a charging letter dated September 11, 1951, wherein the Office of International Trade charged respondents with having violated the provisions of the Export Control Act of 1949 (63 Stat. 7), as amended, and the regulations promulgated thereunder. It was charged, more particularly, that respondents being freight forwarders in New York City and having accepted from a New York exporter a lot comprising six cartons of ladies' nylon hosiery having a value in excess of \$5,000 for shipment to Cuba, that for the purpose of effecting the exportation of such commodity, respondents prepared and filed or caused to be filed, for authentication, with the Collector of Customs at Miami, Florida, a Shipper's Export Declaration on which the signature of the exporter had been affixed by the respondents without the consent or authorization of said exporter, and which falsely described the contents of said six cartons of ladies' hosiery as "personal effects" having a value of \$25.

Respondent George J. Jessel having requested oral hearing, such hearing was held before the Compliance Commissioner in New York City on January 18, 1952. Only respondent Jessel appeared in person, respondent William C. Colson

¹ Officials of the Bureau of Customs have advised that Dualca has transferred its vessels and is in the process of winding up its affairs.

having been duly notified of the hearing but not appearing nor otherwise replying to the charges. The Office of International Trade was represented by counsel. Oral and documentary evidence was received, arguments were heard, and all such material having been carefully reviewed by the Compliance Commissioner, he has now duly filed his report.

It appears from the Compliance Commissioner's report that respondents George J. Jessel and William C. Colson at all times relevant to this transaction were, and still are, partners operating a freight forwarding agency in New York City under the name Expreso Aereo Freight Terminal, and that their business consists in the consolidation of less than carload lots of merchandise consigned exclusively to Cuba and the transportation by truck of such goods to the Miami, Florida, depot of a certain Cuban air line freight carrier, which plies between Miami and Havana, Cuba. At the hearing it was developed that respondent Colson had now left the company and had accepted employment with an independent organization having no relation with exports, and that the partnership is presently being dissolved.

It appears further from the Compliance Commissioner's report that on or about May 23, 1950, a New York exporter placed with them for shipment to Havana, Cuba, consigned to himself, a lot of six cartons of ladies' nylon hosiery having a value in excess of \$5,000, with instructions to prepare the air waybill of lading to show six cartons of "personal effects" of the total value of \$25, in order to get the merchandise into Cuba without payment of import duty. In compliance with such instructions, respondents prepared such bill of lading and also prepared a Shipper's Export Declaration falsely describing on each such document the nylon hosiery as "personal effects" having a value of \$25, and affixed the signature of the exporter to the Shipper's Export Declaration without his authorization.

The merchandise and the shipping documents relating thereto were delivered by respondents to the driver of the truck with instructions to deliver them to the air line carrier, and after the driver had departed for Miami but before he had arrived, respondents prepared another Shipper's Export Declaration, thereon properly representing the contents of the cartons as ladies' nylon hosiery and stating their true value, and air mailed such declaration with a covering letter to the manager of the carrier in Miami with instructions, "I leave to your option which of the two [declarations] must be used in passing the documents through Customs." Although the second declaration reached Miami in time, it was not presented to the Collector of Customs but instead the first, or improper, declaration was presented for authentication, and, in fact, was actually authenticated by the Collector. Before exportation could be effected, however, investigation by United States Customs officers disclosed that such declaration was false insofar as it described the contents of said six cartons to be "per-

sonal effects" valued at \$25 and insofar as it purported to be signed by the exporter named thereon. The Customs authorities seized and confiscated the said cartons of hosiery but ultimately released the same to the exporter upon payment of a penalty and costs.

In the investigation by the Office of International Trade that followed, respondent Jessel admitted the falsifications set forth herein, but claimed that the first Shipper's Export Declaration had been prepared in error and mistakenly given to the truck driver, and that immediately upon learning of the error, he had transmitted to the carrier the correct declaration with the intention that it supersede and replace the improper document. The Compliance Commissioner found, however, that there was no merit to this explanation.

The Compliance Commissioner has found that respondents violated the export control regulations in the respects above indicated. The Compliance Commissioner has concluded that the past good record of these respondents and their willingness to cooperate with the Office of International Trade enforcement officials, as well as the fact that they stood to gain nothing extra for their services and that the attempted exportation involved a non-strategic commodity not affecting the national security, justify leniency. He has pointed out, however, that freight forwarding agents are in a most important position to observe and maintain the integrity of exportations under the export control regulations and that they cannot properly perform their functions as forwarding agents under the existing system of export control by blind adherence to the instructions of their principals.

The Compliance Commissioner has accordingly recommended that respondents be denied and declared ineligible to exercise export license and freight forwarding privileges with respect to all commodities subject to export controls for a period of two calendar weeks. In order to avoid hardship or loss to any exporters who may have given their transactions to respondents to handle and who may desire or need to make other arrangements for handling of their transactions during the period of respondents' suspension, the Compliance Commissioner has recommended that such denial of privileges commence three weeks from the date of the issuance of this order.

The report of the Compliance Commissioner, the findings and recommendations contained therein, as well as the record in this matter, have been carefully considered, and it appears that said report and findings are supported by the evidence and that such recommendations are fair and reasonable and should be adopted.

Now, therefore, it is ordered, as follows:

(1) Respondents George J. Jessel and William C. Colson, individually and as partners trading under the name Expreso Aereo Freight Terminal be and they hereby are denied, and declared ineligible to enjoy, for the period of two calendar weeks, in so far as concerns the exportation to any destination of all commodities subject to export control

whether requiring a validated or a general license, the privilege of filing, procuring the issuance, validation or authentication of, or using, any export license, Shipper's Export Declaration, bill of lading or other export control document for or on behalf of any person, firm, corporation or other form of business organization, and the privilege of participating directly or indirectly as exporter, forwarder, or in any other capacity in such exportations.

(2) Such suspension of export privileges shall extend not only to respondents and any of them and to any persons connected in any official capacity with them, but to any person, firm, corporation or other business organization with which they or any of them may be now or hereafter related by ownership, control, position of responsibility or other connection in the conduct of export trade or the servicing of exports from the United States.

(3) During the period of denial of export privileges herein, no person or business organization shall knowingly apply for, obtain or use any license, Shipper's Export Declaration, or other export control document relating to any exportation of any commodities, or receive, finance, transport, forward or otherwise service for export any commodities on behalf of or for respondents or any of them, without prior disclosure of such facts to, and specific authorization of, the Office of International Trade.

(4) Such denial of export privileges shall become effective with the opening of business on the 10th day of March 1952, and shall terminate at the close of business on the 24th day of March 1952.

Dated: February 18, 1952.

JOHN C. BORTON,
Assistant Director for Export Supply.

**CONOWINGO POWER CO. AND PHILADELPHIA
ELECTRIC CO.**

NOTICE OF APPLICATION

FEBRUARY 15, 1952.

Take notice that on February 14, 1952, a joint application was filed with the Federal Power Commission, pursuant to Sections 203 and 204 of the Federal Power Act, by Conowingo Power Company (hereinafter called "Conowingo") and Philadelphia Electric Company (hereinafter called "Philadelphia"), seeking an order authorizing the issuance by Conowingo and the acquisition by Philadelphia of a non-interest bearing demand note in the amount of \$900,000. Conowingo is a corporation organized under the laws of the State of Maryland and doing business in said State with its principal business office at Elkton, Maryland, and Philadelphia is a corporation organized under the laws of the State of Pennsylvania and doing business in said State with its principal business office at Philadelphia, Pennsylvania. The transaction contemplated by the present application will result only in the refunding of the presently outstanding obligation presently owed to Philadelphia; all as more fully appears in the application on file with the Commission.

Any person desiring to be heard, or to make any protest with reference to said application should, on or before the 5th day of March 1952, file with the Federal Power Commission, Washington 25, D. C., a petition or protest in accordance with the Commission's rules of practice and procedure. The application is on file with the Commission for public inspection.

[Docket No. G-1791]

CENTRAL KENTUCKY NATURAL GAS CO.

**ORDER PERMITTING SUBSTITUTION OF PROPOSED
TARIFF SHEETS FOR SUSPENDED
SHEETS AND SUSPENDING PROPOSED NEW
SHEETS**

FEBRUARY 14, 1952.

The Commission pursuant to the authority contained in section 4 of the Natural Gas Act, by order issued September 12, 1951, suspended and deferred the use of Central Kentucky Natural Gas Company's (Central Kentucky) proposed FPC Gas Tariff, Second Revised Volume No. 1, until February 17, 1952, and until such further time as such tariff might be made effective in the manner prescribed by the Natural Gas Act, and ordered that a hearing concerning the lawfulness of Central Kentucky's FPC Gas Tariff, Second Revised Volume No. 1 be held upon a date to be fixed by further order of the Commission.

On February 6, 1952, Central Kentucky filed with this Commission proposed First Revised Sheet Nos. 7 and 8 to its FPC Gas Tariff, Second Revised Volume No. 1, and requested permission, pursuant to § 154.66 of the Commission's regulations under the Natural Gas Act (18 CFR 154.66), that such filing of February 6, 1952, replace and supersede Original Sheet Nos. 7 and 8 of its FPC Gas Tariff, Second Revised Volume No. 1, which was suspended by Commission order issued September 12, 1951.

The filing of February 6, 1952, would reduce the increase in the charge for natural gas service, as applied for in said suspended Central Kentucky FPC Gas Tariff, Second Revised Volume No. 1, from approximately \$1,906,000 to \$1,406,000, or by approximately \$500,000, based upon sales made during the year 1950. The reduction in the increase applied for is estimated to be approximately \$700,000, based upon the sales made during the year 1951.

Central Kentucky's suspended rate increase application averred that the rate increase therein applied for was necessitated principally by the impact upon its purchased gas costs, of the rate increase application filed with the Commission by its supplier, United Fuel Gas Company (United Fuel). By order issued February 5, 1952, in the matter of United Fuel Gas Company, Docket No. G-1781, the Commission granted United Fuel's application for permission to reduce its rate increase application under suspension in said docket by approximately \$2,200,000, based on operations for the year 1951. As a result, Central Kentucky now seeks, by means of said First Revised Sheet Nos. 7 and 8, to reduce its suspended rate increase application to reflect the changes in its purchased gas costs which it claims result from said order issued February 5, 1952, in Docket No. G-1781.

The Commission finds:

(1) Special permission should be granted for the filing of said proposed

*The rate increase application under suspension proposed an annual increase in charges of \$2,277,000 based on sales made during the twelve-month period ending June 30, 1951, and \$2,860,000 based upon the estimated sales during the twelve-month period ending June 30, 1952.

First Revised Sheet Nos. 7 and 8 to Central Kentucky's FPC Gas Tariff, Second Revised Volume No. 1, as requested.

(2) It is necessary and proper in the public interest and to aid in carrying out the provisions of the Natural Gas Act, that the hearing heretofore ordered by the Commission with respect to the lawfulness of Central Kentucky's FPC Gas Tariff, Second Revised Volume No. 1, shall concern the lawfulness of said tariff as amended by said First Revised Sheet Nos. 7 and 8, and that First Revised Sheet Nos. 7 and 8, and the rate schedule contained therein, should be suspended as hereinafter provided and the use thereof be deferred pending hearing and decision thereon.

The Commission orders:

(A) Central Kentucky be and it hereby is permitted to file First Revised Sheet Nos. 7 and 8 to its FPC Gas Tariff, Second Revised Volume No. 1, to replace Original Sheet Nos. 7 and 8 contained in Central Kentucky's FPC Gas Tariff, Second Revised Volume No. 1, which tariff was suspended by order of the Commission issued September 12, 1951.

(B) Pursuant to the authority contained in section 4 of the Natural Gas Act, the public hearing heretofore ordered to be held upon a date to be fixed by further order of the Commission concerning the lawfulness of the rates, charges, and classifications, subject to the jurisdiction of the Commission, contained in the aforesaid Central Kentucky's FPC Gas Tariff, Second Revised Volume No. 1 and suspended by order of the Commission issued September 12, 1951, shall concern the lawfulness of said tariff as amended by said First Revised Sheet Nos. 7 and 8.

(C) Pending such hearing and decision thereon, said First Revised Sheet Nos. 7 and 8, as filed on February 6, 1952, to Central Kentucky's FPC Gas Tariff, Second Revised Volume No. 1, subject to the jurisdiction of the Commission, be and they are hereby suspended and the use thereof deferred until February 17, 1952, and until such further time thereafter as said Central Kentucky's FPC Gas Tariff, Second Revised Volume No. 1, as amended by said First Revised Sheet Nos. 7 and 8, might be made effective in the manner prescribed by the Natural Gas Act.

Date of issuance: February 15, 1952.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

[Docket No. G-1891]

SOUTHEASTERN KANSAS GAS CO., INC.

NOTICE OF APPLICATION

FEBRUARY 15, 1952.

Take notice that Southeastern Kansas Gas Company, Inc. (Applicant), a Kansas corporation with its principal place of business in Fort Scott, Kansas, filed on February 7, 1952, an application for a certificate of public convenience and necessity, pursuant to section 7 of the

Natural Gas Act, authorizing Applicant to acquire and operate a portion of the transmission pipeline and natural-gas facilities of The Commercial Gas Pipeline Company.

Applicant proposes to acquire and operate approximately 30 miles of 3-inch, 4-inch and 5-inch natural-gas transmission line extending from a point of connection on an 8-inch natural-gas transmission pipeline of Cities Service Gas Company in Bourbon County, Kansas, to the communities of Bronson, Moran, and Blue Mound, Kansas.

Applicant has entered into a contract for the purchase of the described portion of the transmission facilities and of gas distribution systems in Bronson and Moran, Kansas, from The Commercial Gas Pipeline Company, and will continue to sell natural gas to the Blue Mound Gas Company for resale in Blue Mound, Kansas.

The acquisition cost of the natural-gas transmission facilities and distribution systems is \$27,500, payable in installments of \$2,000 in 1952 and minimum payments of \$4,000 yearly thereafter until paid, the unpaid balance bearing interest at 4½ percent. Funds for the operation and maintenance of the facilities will be secured by Applicant from the sale of stock to its officers and directors.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D. C., in accordance with the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 5th day of March 1952. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

INTERSTATE COMMERCE COMMISSION

[4th Section Application 26819]

BUILDING TILE FROM KANKAKEE, ILL., TO
MEMPHIS, TENN.

APPLICATION FOR RELIEF

FEBRUARY 18, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: St. Louis-San Francisco Railway Company, for itself and on behalf of carriers parties to Agent R. G. Raasch's tariff I. C. C. No. 736, pursuant to fourth-section order No. 16101.

Commodities involved: Hollow building tile, carloads.

From: Kankakee, Ill.

To: Memphis, Tenn.

Grounds for relief: Competition with rail carriers and circuitous routes.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days

from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission, Division 2.

SODIUM HYPOSULPHITE FROM NORTH
CLAYMONT, DEL., CHESTER AND MARCUS
HOOK, PA., TO BATON ROUGE, LA.

APPLICATION FOR RELIEF

FEBRUARY 18, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for the Chicago, Rock Island and Pacific Railroad Company and other carriers, pursuant to fourth-section order No. 16101.

Commodities involved: Sodium hyposulphite, carloads.

From: North Claymont, Del., Chester and Marcus Hook, Pa.
To: Baton Rouge, La.

Grounds for relief: Competition with rail carriers and circuitous routes.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

[4th Sec. Application 26821]

LIQUEFIED CHLORINE GAS FROM VELASCO,
TEX., TO ST. LOUIS AND KANSAS CITY,
MO.-KANS.

APPLICATION FOR RELIEF

FEBRUARY 18, 1952.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: F. C. Kratzmeir, Agent, for The Beaumont, Sour Lake & Western Railway Company and other carriers.

Commodities involved: Liquefied chlorine gas, tank-car loads.
From: Velasco, Tex.

To: East St. Louis, Ill., St. Louis, Mo., and Kansas City, Mo.-Kans.

Grounds for relief: Competition with rail carriers, circuitous routes, and market competition.

Schedules filed containing proposed rates: F. C. Kratzmeir's tariff I. C. C. No. 3967, Supp. 77.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. SECURITIES AND EXCHANGE COMMISSION

NATIONAL ASSN. OF SECURITIES DEALERS,
INC., AND JOHN G. LaFORGE & CO.

NOTICE OF TIME FOR FILING WRITTEN REQUEST FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Washington, D. C., on the 15th day of February 1952.

The National Association of Securities Dealers, Inc., a registered securities association (hereinafter referred to as the Association), filed with this Commission on February 6, 1952, an application pursuant to section 15A (b) (4) of the Securities Exchange Act of 1934, as amended, for approval of the admission to membership in the Association of John G. LaForge & Company.

Among other things, the application states in substance that:

1. John G. LaForge & Company (hereinafter referred to as the Company) is registered with the Commission as a broker and dealer and maintains its principal office at 135 South LaSalle Street, Chicago 3, Illinois, located in District No. 8 of the Association.

2. On June 27, 1951, the Company was expelled from membership in the Association by the District Business Conduct Committee for District No. 8 for violation of the Association's Rules of Fair Practice.

3. The Company had not answered the complaint as filed by the said District Business Conduct Committee, did not appeal the decision of the said District Business Conduct Committee to the Board of Governors of the Association, and, pursuant to the Rules of Fair Practice of the Association, is deemed to have assented to or to have acquiesced in the order of expulsion.

4. The Company has been engaged in the securities business but has not been a member of the Association since June 27, 1951.

5. On November 29, 1951, the Company filed an application with the Association for admission to membership therein.

6. The District Committee for District No. 8 and the Board of Governors of the Association have considered the said application filed on November 29, 1951, the original complaint, the surrounding circumstances, and the Company's statements with respect to such complaint, have concluded that the Company should be readmitted to membership in the Association, that such readmission would be consonant with the stated purposes and policies of section 15A of the Securities Exchange Act of 1934, as amended, and recommend that the Commission approve the admission of the Company to membership in the Association.

Under the provisions of section 15A (b) (4) of the Securities Exchange Act of 1934, as amended, and section 2 of Article I of the Association's By-Laws, because of such expulsion from the Association, the Company may not be readmitted to membership in the Association except with the approval or at the direction of the Commission based upon a finding that such approval or direction is appropriate in the public interest.

Notice is hereby given that any interested person may informally present his views or any information relating to this matter by communicating with Thomas B. Hart, Administrator of the Commission's Chicago Regional Office, Room 630, Bankers Building, 105 West Adams Street, Chicago 3, Illinois, on or before March 17, 1952, and that within the same time any person desiring that a formal hearing be held may file with the Secretary of the Commission a written request to that effect, together with a brief statement of the nature of his interest in the proceeding and the position which he proposes to take. In the absence of such a request by any person having a bona fide interest in the proceedings, the Commission will either set the matter down for hearing on its own motion after appropriate notice or, if it should appear appropriate so to do, will

grant the application on the basis of the record and without formal hearing.

This notice shall be served on the Company and the Association not less than fifteen (15) days prior to March 17, 1952, and published in the FEDERAL REGISTER in the manner prescribed by the Federal Register Act not later than fifteen (15) days prior to March 17, 1952.

By the Commission.

[SEAL]

ORVAL L. DuBOIS,
Secretary.

[File No. 70-2783]

SOUTHERN CO. AND GULF POWER CO.
ORDER PERMITTING SALE OF COMMON STOCK
BY SUBSIDIARY TO PARENT FOR CASH
CONSIDERATION

FEBRUARY 14, 1952.

The Southern Company ("Southern"), a registered holding company, and its public utility subsidiary, Gulf Power Company ("Gulf Power"), having filed a joint application-declaration, with an amendment thereto, pursuant to sections 6, 7, 9 (a), 10, and 12 (f) of the act and Rule U-43 promulgated thereunder, with respect to the following proposed transactions:

Gulf Power proposes to issue and sell 92,000 additional shares of its authorized and unissued common stock, without par value, and Southern proposes to acquire such shares for a cash consideration of \$2,000,000. The consideration per share represents the approximate book value per share at November 30, 1951, of the outstanding shares of common stock of Gulf Power.

Gulf Power proposes to use the proceeds from the sale of such shares to construct additional utility plant or to reimburse its treasury, in part, for expenditures incurred for such purposes or to provide for the payment of temporary bank loans incurred for such purposes.

The joint application-declaration, as amended, states that the proposed transactions, with respect to the issuance and sale of the additional shares of common stock by Gulf Power, have been approved by the Florida Railroad and Public Utilities Commission. It is estimated that the expenses incurred in connection with the proposed transactions will be \$6,250.

It is requested that the Commission's order herein become effective upon issuance.

Due notice of said filing having been given, and the Commission not having received a request for a hearing with respect to said joint application-declaration, as amended, within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; and

The Commission finding with respect to said joint application-declaration, as amended, that the requirements of the applicable provisions of the Act and Rules thereunder are satisfied, and deeming it appropriate in the public interest and in the interest of investors and consumers that said joint applica-

tion-declaration, as amended, be granted and permitted to become effective forthwith:

It is hereby ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that the joint application-declaration, as amended, be, and the same hereby is, granted and permitted to become effective forthwith, subject to the terms and conditions prescribed in Rule U-24.

By the Commission.

[File Nos. 31-584, 70-2769, 70-2778]

NEW ENGLAND ELECTRIC SYSTEM ET AL.

ORDER POSTPONING HEARING

FEBRUARY 15, 1952.

In the matter of New England Electric System, Beverly Gas and Electric Company, Lawrence Gas and Electric Company, Northern Berkshire Gas Company, Suburban Gas and Electric Company, File No. 70-2769; Lehman Brothers, Bear, Stearns & Co., Alleghany Corporation, The Pennroad Corporation, C. I. T. Financial Corp., Jemkap, Inc., The Lehman Corporation, Charles Stewart Mott Foundation, Dempsey & Company, Goldman, Sachs & Co., Merkin & Co., Stifel, Nicolaus & Company, Inc., Commonwealth Natural Gas System, File Nos. 31-584, 70-2778.

The Commission having by order dated February 1, 1952, postponed to February 19, 1952, the consolidated hearing in the above proceedings involving (1) an application-declaration filed by New England Electric System ("NEES"), a registered holding company, and four of its subsidiary companies, Beverly Gas and Electric Company ("Beverly"), Lawrence Gas and Electric Company ("Lawrence"), Northern Berkshire Gas Company ("Northern Berkshire") and Suburban Gas and Electric Company ("Suburban") regarding the sale by them of the system interests in all of its gas properties located in the State of Massachusetts and regarding certain other transactions incidental thereto, (2) an application filed pursuant to section 9 (a) (2) of the act by Lehman Brothers; Bear, Stearns & Co.; Alleghany Corporation; The Pennroad Corporation; C. I. T. Financial Corp.; Jemkap, Inc.; The Lehman Corporation; Charles Stewart Mott Foundation; Dempsey & Company; Goldman, Sachs & Co.; Merkin & Co.; and Stifel, Nicolaus & Company, Inc., hereinafter referred to as the Purchasing Group, to acquire all of the common shares of a common law trust which they are organizing under the laws of Massachusetts to be known as Commonwealth Natural Gas System ("Commonwealth Natural"), (3) an application on behalf of Commonwealth Natural pursuant to section 9 (a) (2) of the act with respect to the acquisition by it of NEES' investments in its Massachusetts gas subsidiaries and of all the common stocks of four corporations to

be formed to acquire the gas utility assets of Beverly, Lawrence, Northern Berkshire and Suburban, and (4) an application by the Purchasing Group pursuant to section 3 (a) (4) of the act for an exemption, for a limited period and subject to certain conditions, from all of the provisions of the act applicable to registered holding companies other than section 9 (a) (2); and NEES, Beverly, Lawrence, Northern Berkshire and Suburban having requested that the hearing be further postponed for at least one week; and the Commission deeming it appropriate under the circumstances to grant said request:

It is ordered, That the hearing in this matter previously scheduled for February 19, 1952 at 10:00 a. m., e. s. t. in the offices of the Securities and Exchange Commission, 425 Second Street NW., Washington 25, D. C., be, and hereby is, postponed to February 26, 1952, at the same hour and place.

It is further ordered, That William W. Swift be, and he hereby is, designated to preside at such hearing in the place and stead of, and with the same powers and duties as, the hearing officer heretofore designated to preside at the hearings in these proceedings.

It is further ordered, That any person desiring to be heard or otherwise wishing to participate in these proceedings shall file his request therefor as provided in Rule XVII of the Commission's rules of practice not later than 10:00 a. m., e. s. t. on February 26, 1952.

By the Commission.

UNITED STATES TARIFF COMMISSION

[Investigation 11]

SPECIFIED HOUSEHOLD CHINA TABLEWARE, KITCHENWARE, AND TABLE AND KITCHEN UTENSILS

NOTICE OF INVESTIGATION

Upon application of the Vitrified China Association, Inc., and the National Brotherhood of Operative Potters, filed February 11, 1952, the United States Tariff Commission, on the 15th day of February 1952, instituted an investigation under the authority of section 7 of the Trade Agreements Extension Act of 1951, approved June 16, 1951, and section 332 of the Tariff Act of 1930, to determine whether the household china tableware, kitchenware, and table and kitchen utensils described below are, as a result, in whole or in part, of the duty or other customs treatment reflecting the concessions granted on such products in the General Agreement on Tariffs and Trade, being imported into the United States in such increased quantities, either actual or relative, as to cause or threaten serious injury to the domestic industry producing like or directly competitive products.

No. 37—9

Tariff Act of
1930:

Par. 212— Description of products
Tableware, kitchenware, and table and kitchen utensils, however provided for in paragraph 212 of the Tariff Act of 1930 (except hotel or restaurant ware and utensils; and except the following articles not containing 25 percent or more of calcined bone: Plates, not over 6½ inches in diameter and valued not over \$2.55 per dozen, or over 6½ but not over 7½ inches in diameter and valued not over \$3.45 per dozen, or over 7½ but not over 9½ inches in diameter and valued not over \$5 per dozen, or over 9½ inches in diameter and valued not over \$6 per dozen; cups, valued not over \$4.45 per dozen; saucers, valued not over \$1.90 per dozen; and articles other than plates, cups, or saucers, valued not over \$11.50 per dozen articles).

Inspection of application. The application filed with the Commission is available for public inspection at the office of the Secretary, United States Tariff Commission, Eighth and E Streets NW., Washington, D. C., and in the New York office of the Tariff Commission, located in Room 437 of the Customhouse.

I certify that the above investigation was instituted by the Tariff Commission on the 15th day of February 1952.

Revised]

DIRECTORS OF DISTRICT OFFICES, REGION VII

REDELEGATION OF AUTHORITY TO ACT ON APPLICATIONS FOR ADJUSTED CEILING PRICES UNDER GOR 20

By virtue of the authority vested in me as Director of the Regional Office of the Office of Price Stabilization, Region VII, pursuant to Delegation of Authority No. 36, dated November 28, 1951 (16 F. R. 12025), this revision to redelegation of authority No. 16 (17 F. R. 620), is hereby issued:

1. Authority is hereby redelegated to each of the District Directors of the Office of Price Stabilization in Region VII:

(a) To request further information from an applicant or grant or deny an application for adjusted ceiling prices made pursuant to General Overriding Regulation 20;

(b) To request further information from an applicant who has requested, pursuant to section 8 of General Overriding Regulation 20, permission to use different calendar periods from those stipulated in the regulation for determining his cost ratios or to disapprove the periods suggested or to stipulate the periods which may be used;

(c) To request further information from an applicant, or approve or disapprove proposed adjusted ceiling prices to particular classes of purchasers for which application has been made pursuant to section 10 of General Overriding Regulation 20;

(d) To disapprove, revise or modify ceiling prices proposed to be used, or being used, under General Overriding Regulation 20, or to direct the applicant to continue using the ceiling prices established for him under the applicable Office of Price Stabilization Regulation until further notice.

This revised redelegation of authority is effective February 19, 1952.

By virtue of the authority vested in me as Director of the Regional Office of Price Stabilization, No. XII, pursuant to Delegation of Authority No. 35 (16 F. R.

12025), this redelegation of authority is hereby issued.

1. Authority to act under section 9, Revised Supplementary Regulation 34 to the General Ceiling Price Regulation. Authority is hereby redelegated to the Director of the Reno District Office of the Office of Price Stabilization to request further information, pursuant to section 9 of Revised Supplementary Regulation 34, with respect to any ceiling price granted, reported or proposed pursuant to Supplementary Regulation 34, issued June 12, 1951, or to Revised Supplementary Regulation 34 and at any time to disapprove or revise, pursuant to section 9 of Revised Supplementary Regulation 34, any such granted, reported or proposed ceiling price in order to bring it in line with the general level of prices prevailing under Revised Supplementary Regulation 34.

This redelegation of authority shall take effect as of February 10, 1952.

JOHN H. TOLAN, JR.

Director of Regional Office No. XII.

FEBRUARY 18, 1952.

[Region XII, Redlegation of Authority 31]

DIRECTORS OF DISTRICT OFFICES, REGION XII

REDELEGATION OF AUTHORITY UNDER CPR 98

By virtue of the authority vested in me as Director of the Regional Office of Price Stabilization, No. XII, pursuant to Delegation of Authority No. 53 (17 P. R. 1236), this redelegation of authority is hereby issued.

1. Authority is hereby redelegated to the Directors of the District Offices of the Office of Price Stabilization, Region XII, to accept applications for the establishment of ceiling prices or adjustment in extras made in accordance with the provisions of section 40 of Ceiling Price Regulation 98, to request further information in connection with such applications, to approve, disapprove or revise proposed ceiling prices or extras, to establish ceiling prices or extras, and to modify or revoke ceiling prices or extras established under that section.

This redelegation of authority shall take effect as of February 13, 1952.

JOHN H. TOLAN, JR.

Director of Regional Office No. XII.

FEBRUARY 18, 1952.

[P. R. Doc. 52-2124; Filed, Feb. 18, 1952; 4:43 p. m.]

[Ceiling Price Regulation 83, Section 2, Special Order 15]

STUDEBAKER CORP.

BASIC PRICES AND CHARGES FOR NEW PASSENGER AUTOMOBILES

Statement of considerations. Special Order 3 established a schedule of prices and charges pursuant to section 2 of Ceiling Price Regulation 83 for sellers

of new passenger automobiles and factory installed extra equipment manufactured by The Studebaker Corporation. Subsequent to the issuance of Special Order 3 the manufacturer's prices to dealers were increased following an increase in wholesale ceiling prices pursuant to Ceiling Price Regulation 1, Revision 1, Supplementary Regulation 1. This order is accordingly issued to establish sellers' prices and charges which will reflect increased costs to dealers and mark-ups thereon, and is applicable to 1952 models of the passenger automobiles manufactured by The Studebaker Corporation. The provisions of Special Order 3 remain in effect as to 1951 models.

For the purpose of clarifying the meaning of the standard equipment which is included in the basic price of the automobile, an appendix has been added to this Order showing the items of equipment which are standard on automobiles manufactured by The Studebaker Corporation.

Special provisions. For the reasons set forth in the Statement of Considerations and pursuant to section 2 of Ceiling Price Regulation 83 this Special Order 15 is hereby issued.

1. The basic prices, as defined in Ceiling Price Regulation 83, section 2, which retail and wholesale sellers will use in determining the ceiling prices of 1952 model automobiles manufactured by The Studebaker Corporation and which were delivered to such sellers at prices reflecting the adjustment provided for in Letter Order No. 4, for the several body styles in each line or series are as follows:

Champion Custom:	
4-door Sedan	\$1,605.59
2-door Sedan	1,574.44
5-passenger Coupe	1,600.40
Champion Deluxe:	
4-door Sedan	1,692.26
2-door Sedan	1,661.11
5-passenger Coupe	1,687.08
Champion Regal:	
4-door Sedan	1,770.15
2-door Sedan	1,739.00
5-passenger Coupe	1,764.97
Soft top Convertible	2,071.31
Hard top Convertible	2,038.02
Commander Regal:	
4-door Sedan	1,926.83
2-door Sedan	1,894.35
5-passenger Coupe	1,921.42
Commander State:	
4-door Sedan	2,006.45
2-door Sedan	1,973.96
5-passenger Coupe	2,001.03
Soft top Convertible	2,320.47
Hard top Convertible	2,231.51
Commander Land Cruiser:	
4-door Sedan	2,151.10

2. The charges for factory installed extra, special or optional equipment which wholesalers and retail sellers will use in determining the ceiling price of automobiles manufactured by The Studebaker Corporation and which were delivered to such sellers at prices reflecting the adjustment provided for in Letter Order No. 4, for the several body styles in each line or series, are as follows:

3. Appendix A to this order lists the items which are included as standard equipment on the 1952 model automobiles manufactured by The Studebaker Corporation.

4. The prices and charges established by this Special Order do not include any Federal excise tax and handling charges. Sellers covered by this order will apply such charges to their prices and charges in accordance with section 2 of Ceiling Price Regulation 83.

5. All provisions of Ceiling Price Regulation 83 not inconsistent with this order, including the posting, invoicing, and record-keeping requirements of that regulation, remain in effect as to sales covered by this order.

6. This Special Order or any provision thereof may be revoked, suspended or amended by the Director of Price Stabilization at any time.

Effective date. This Special Order shall become effective February 15, 1952.

MICHAEL V. DISALLE,
Director of Price Stabilization.

FEBRUARY 15, 1952.

APPENDIX A—ITEMS OF STANDARD EQUIPMENT ON 1952 MODEL AUTOMOBILES MANUFACTURED BY THE STUDEBAKER CORPORATION

Description	CHAMPION	
	Body styles on which included	
Arm rests, front and rear.....	All DeLuxe and Regal.
